PART I.

Progress of Village Improvement Work.

No. R. 3948-59—L. R. 12-16-34, DATED 1ST NOVEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. C. Per. 32-1, dated the 28th August 1916, from the Revenue Commissioner in Mysore, forwarding the reports of progress of village improvement work in the several districts during the quarter ending 30th June 1916, together with a copy of his review thereon.

Order No. R. 3948-59—L. R. 12-16-34, dated 1st November 1916.

A consolidated statement showing the progress of Village Improvement Work in all the districts during the quarter ended 30th June 1916, is appended.

2. *Village Committees.*—The number of committees reported to be working in the several districts during the quarter was 8,171 against 8,023, in the previous quarter, the difference being due to the rise in the number of committees in all the districts, except Hassan, Shimoga and Kadur, where the number remained stationary.

The number of villages served by the committees rose to 14,557, which raises the percentage of populated villages in the State which have adopted the scheme from 84 to 86.

The number of villages for which committees have yet to be appointed in the Kadur District has not been furnished by the Deputy Commissioner, Kadur District, and the number of such villages for Bangalore, Hoskote, Dodballapur, Nelamangala, Channapatna and Kankanhalli Taluks has not been also furnished by the Deputy Commissioner, Bangalore District. Such omissions should be avoided in future.

3. *Essential duties under the scheme.*—Government are pleased to note the steady increase in the number of Village Committees which engaged themselves in performing the essential duties under the scheme, *viz.*, (1) half a day a week labour for carrying on work of communal benefit, (2) weekly meetings for instruction and recreation, (3) subscribing for one or more newspapers, the numbers under which rose from 3,629, 2,731 and 3,543 respectively in the previous quarter to 3,825, 2,830 and 3,670 during the quarter under review. All the districts contributed to the increase except Mysore, where the number of villages that devoted half a day a week for works of communal benefit fell from 426 to 367. This requires explanation.

4. *Special village improvement works.*—The number of Village Committees that carried out special works of village improvement with the aid of Government grants increased from 870 in the previous quarter to 981 in the quarter under review, the increase occurring in all the districts, except Tumkur, Mysore and Shimoga. The villagers' contribution for such works amounted to Rs. 37,830 against Rs. 26,375 in the previous quarter, while the Government grant-in-aid also increased, being Rs. 34,830 during the quarter against Rs. 26,561 in the previous one. The sum actually spent on works during the quarter was Rs. 31,590 against Rs. 10,642 in the previous one. The disproportion between the amount available for expenditure and that actually spent is striking and requires explanation. Being the last quarter of the year every effort should have been made to spend the total amount.

Nearly 747 miles of cart-tracks are reported to have been newly opened or improved under the scheme, the Bangalore District heading the list with 206 miles.

No. R. 3948-59—L. R. 12-16-34, DATED 1ST NOVEMBER 1916.

5. *Amildars who have done good work under the scheme.*—The Amildars of Hoskote, Dodballapur, Channapatna, Magadi, Tumkur (Mr. S. Dharma Rao), Kunigal (Mr. B. M. Venkatesiah), Channarayapatna (Mr. Hyder Ali Khan), Arsikere (Mr. A. J. Donne), Shikarpur (Mr. T. Swaminatha Sastri), Sagar (Mr. Mohyuddin Sheriff), Hiriyur and Challakere Taluks are reported to have done good work under the scheme.

L. KRISHNA RAO,
Offg. Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore with the request that the names of the 12 Amildars selected for special mention as directed in letter No. R. 11212—L. R. 15-15, dated 1st June 1916, may kindly be reported to Government forthwith.

The Deputy Commissioners of Districts.

The Comptroller, Mysore Government.

The Secretary, Economic Conference.

The Registrar of Co-operative Societies in Mysore.

PRESS TABLE.

Exd.—C. R.

* This figure includes only 73 for the Bangalore Taluk. It is since reported that the correct figure for this taluk was 178 and not 73.

† Excluding Bangalore, Hoskote, Dodballapur, Nelamangala, Channapatna and Kankanhalli Taluks for which figures not furnished.

Inam Department.

No. R. 3947—L. R. 99-16-3, DATED 1ST NOVEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 22, dated 4th August 1916, from the Superintendent of Inam Settlements in Mysore, submitting a *Report on the working of the Inam Department during the year 1915-16.

*(Printed as an accompaniment)

Order No. R. 3947—L. R. 99-16-3, dated 1st November 1916.

Recorded.

2. The strength of the establishment was reduced during the year under review from 15 to 8 hands; and the department has been ordered to be continued on a temporary basis for the next four years for eventual amalgamation with the Survey Department. It is hoped that the work yet remaining to be done will be completed within that time. It would be well if a regular programme were drawn up; and progress made from time to time scrutinized with reference to it, so as to facilitate the observance of the time limit prescribed above.

3. The main features of the year's work were the revision of Inams of seven whole inam villages, besides several minor inams, consequent correction of the registers, issue of 7 final title-deeds for whole inam villages and 7 others for minor inams in Government villages; comparison of quit-rent register with the jodidar patrika of 9 re-surveyed taluks and a portion of the tenth; overhauling and bringing up-to-date the final quit-rent register of the Maddagiri Taluk at the time of re-survey and settlement which was introduced recently; verification of the quit-rent registers of Muzrai Institutions of 6 out of 14 taluks said to have been sent by the Muzrai Superintendent; besides miscellaneous work in the shape of searching old references, etc., for other departments. The comparison of the remaining quit-rent registers should be taken up and completed soon.

4. The cost of the department during the year was Rs. 3,690-12-2 which represents a percentage of ·014 per cent to the total annual revenue which amounts to Rs. 2,72,873-0-7.

L. KRISHNA RAO,
Offg. Secy. to Govt., Rev. Dept.

To—The Superintendent, Inam Settlements in Mysore.
PRESS TABLE.

No. R. 3947—L. R. 99-16-3, dated 1st November 1916.

Letter No. 22, dated 4th August 1916, from D. K. Darashah, Esq., B.A., Superintendent of Inam Settlements in Mysore, Bangalore, to L. Krishna Rao, Esq., Officiating Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

I have the honor to submit herewith the Annual Administration Report of the Inam Department for the year 1915-16.

2. The staff of the Department continued the same as in the previous year, up to the 19th November 1915, when a reduction was made in the number of officials as per Government Order No. R. 4890-2—L. R. 570 14-4, dated 19th November 1915. The services of five clerks and two menials were dispensed with, and the number on the staff was reduced from 15 to 8 as particularised below. The designation of the Head Clerk was changed to that of Manager.

		One Manager.
		Three Clerks.
		One Dafterband.
		One Dafedar.
		Two peons.
Total	...	Eight

In addition to the above, one temporary clerk on Rs. 25 per month was sanctioned for a period of four years from the 19th November 1915, for the purpose of the rectification and the bringing up-to-date of the final quit-rent registers of the taluks into which the Revision Survey Settlement has already been introduced, since these quit-rent registers do not accurately represent the existing disposition of several of the inams.

3. During the year under report, four village service land inams comprising an extent of 6 acres and 3 guntas assessed at Rs. 15-12-0 were newly confirmed.

One ready money inam of the value of Rs. 72 per annum was also newly confirmed on the basis of orders received from Government.

Sixteen land inams were resumed to Government and struck off the Inam registers during the year under report, on account of which, the Inam revenue was reduced by a sum of Rs. 101-11-0 while there was a corresponding increase of Rs. 274-8-9 under Land Revenue in the shape of the assessment on resumed inams.

4. Seven whole inam villages were revised on survey valuation during the year under report. Sixteen other land inams were also revised. The net result of the revision was that the combined quit-rent was increased by Rs. 316-6-0.

One ready money inam of the value of Rs. 1,200 per annum was raised to Rs. 1,800 on the basis of Government Order No. 2184-7—Muz. 189-12-12, dated 15th April 1916.

5. The number of quit-rent registers prepared was 28 for revised whole inam villages and 64 registers for "resumed" and "struck off" cases. Besides these, 1,050 Supplemental final quit-rent registers and correction statements were prepared and issued during the year on the basis of Purvani Tarai Patriks, Government Orders, etc.

Two cash certificates have also been issued.

6. During the year under report, seven final title-deeds for whole inam villages and seven others for minor inams in Government villages were issued.

7. Out of the twenty-two taluks into which the Revision Survey Settlement had been introduced up to the end of 1914-15, quit-rent registers of nine taluks and of a portion of the Bangalore Taluk were compared with the Jodidar patriks (village accounts) and all the necessary alterations were effected in them, and the Revenue Officers have been advised regarding the rectification of all cases in which a departure from the terms of the Inam Settlement or of any Government Order whichever may have been the later, was detected.

The final quit-rent register of the Maddagiri Taluk was overhauled and brought up-to-date at the time of the Revision Survey Settlement of the taluk which took place recently.

8. The Muzrai Superintendent sent in manuscript copies of quit-rent registers of Muzrai institutions of fourteen taluks for comparison and verification with the original records so as to allow of their being sent to print by him. Those of six taluks were verified during the year and returned to him. This has been an additional work thrown on the small establishment of three clerks.

9. The amount of correspondence both English and Vernacular was 2,228 as against 2,105 in the year previous. Searching for old records required for reference in various departments takes up much time and labour.

10. There was an increase in the year of Rs. 214-11-0 in inam revenue as shown below :—

			Rs. a. p.
Quit-rent on account of revision	...	...	316 6 0
Do on newly confirmed inams	...	...	.....
Deduct on account of resumed inam	...	...	101 11 0
	Net increase	...	214 11 0

11. The cost of the department for the year was Rs. 3,690-12-2 as against Rs. 3,927-12-2 in the year previous.

12. The total cost of the department from 1868 up to the end of the year under report was Rs. 11,96,982-6-9 and the total annual recurring revenue is Rs. 2,72,873-0-7.

13. A statement of landed property held by the staff of the department is appended as required by Rule 4 of the rules for the guidance of all salaried servants of Government issued with Government Order No. G. 765-816—G. M. 392-14-2, dated 19th July 1915.

14. In conclusion, I am glad to say that the Manager and the clerks of the establishment have worked willingly and well during the year under report.

No. R. 3947—L. R. 99-16-3, DATED 1st NOVEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The following correspondence on the subject of the revision of Bandh pahani rules and the adoption of measures for the proper inspection and maintenance of the boundary marks in the State.

1. Letter No. 3539, dated 18th September 1914, from the Revenue Commissioner in Mysore.

2. Letter No. 106, dated 16th February 1915, from the Superintendent of Revenue Survey and Settlements in Mysore.

3. Letter No. 11286, dated 12th March 1915, from the Revenue Commissioner in Mysore.

4. Letter No. 12367, dated 5th April 1915, from the same officer and

5. Letter No. 96, dated 30th November 1915, from the Superintendent of Revenue Survey and Settlements in Mysore.

Order No. R. 3971-81—L. R. 399-14-8, dated 2nd November 1916.

Under Rule 85 of the Land Revenue Rules, Bandh Pahani consists of the following stages:—

(I) A preliminary inspection by the Village Officers at the time of field Pahani.

(II) A second inspection by the same officers, to see if the defaulting landholders have attended to the repairs of bandhs, after notices have been issued to them.

(III) A test inspection by the shekdar and taluk officials.

(IV) Inspection by higher officers.

2. The inspection and maintenance of the boundary marks under the rules referred to above, not being satisfactory, the Revenue Commissioner was requested to submit proposals for improving the condition of the boundary marks and the system of inspection by revising the existing rules, if necessary.

3. That officer, in consultation with the Deputy Commissioners of Districts, has proposed—

(*a*) the discontinuance of the system of deputing taluk officials for bandh pahani work, on the ground that no useful purpose is served by their deputation as they do not possess the requisite technical training and that their legitimate work is very seriously interfered with by such inspections.

(*b*) appointment of special measurers, one for each taluk, to help the shekdars in the work.

(*c*) the training of village officers in elementary survey work.

4. The Survey Superintendent, while agreeing that it is necessary to train the village officers in survey work, considers it undesirable to relieve the taluk officials of the inspection work and to appoint a measurer for each taluk, on the ground that the responsibility of taluk officers will become less under the scheme. He, however, suggests that the taluk establishments may, if necessary, be strengthened for attending to the inspection work, that the primary responsibility of the village officers in the matter may be well impressed on them and that a system of granting an extra allowance to the said officers for attending to bandh pahani may be introduced as tending to secure better results.

No. R. 3971-81—L. R. 399-14-8, DATED 2ND NOVEMBER 1916.

5. After a careful consideration of the above proposals, Government agree with the Revenue Commissioner and direct that the test inspection of boundary marks by the taluk gumastas, under Rule 85 (*d*) of the Land Revenue Rules, be discontinued.

6. The Deputy Commissioners of Districts should take steps for clearly bringing home to the village officers their responsibility in the matter. The work of test inspection now devolving on the taluk gumastas should be performed entirely by the shekdar who should arrange his inspections according to a well defined programme. The Amildar is expected to over check a certain per cent of boundary marks every year and embody the results in a special report to the Deputy Commissioner through his Sub-Divisional Officer. This system should be tried for one year and the result reported by the Revenue Commissioner, for the orders of Government.

7. The Superintendent of Revenue Survey and Settlements in Mysore is requested to make the necessary arrangements for the gradual training of the village officers by opening survey training classes in suitable centres. Proposals for opening such classes in 1916-17 may be submitted at an early date.

8. Government are not in favour of granting any extra allowance or rewards to the village officers, for the proper performance of their legitimate work in this respect.

9. To expedite work and save correspondence, Government are pleased to tentatively empower shekdars under Rule 85 (*b*) of the Revenue Rules to issue notices under Section 130 of the Land Revenue Code, to defaulting Khatedars, the boundary marks of whose lands are in disrepair. The notice forms may also be got printed, to economise time and clerical labour.

10. In the case of taluks in which the arrears of work are very heavy, the Revenue Commissioner is requested to consult the Survey Superintendent, and submit proposals for the entertainment of a special establishment, consisting of an extra shekdar for each taluk, temporarily for a period of six months to push on the work.

11. The following reports and returns are prescribed:—

(1) Annual Report on the condition of boundary marks, etc., now submitted by the Superintendent of Revenue Survey and Settlements in Mysore.

(2) A quarterly review by the Deputy Commissioners of the inspection of boundary marks in their districts to be submitted through the Revenue Commissioner.

12. These two reports will be in addition to the information to be furnished in the Annual District Administration Reports, as required by Rule 85 (I) of the Land Revenue Rules.

GENERAL AND REVENUE DEPARTMENTS.

Order No. R. 4021-9—L. R. 216-16-4, dated 3rd November 1916.

As the monthly Demand, Collection and Balance Statements of Land Revenue, etc., required to be submitted to Government under Government Order No. R. 1832-40—L. R. 10-12-31, dated 28th September 1912, are not punctually and regularly received from the districts, the Deputy Commissioners are requested to give their personal attention to this important matter and see that the returns are submitted so as to reach the Secretariat on or before the 15th of the month following that for which they are due. Any delay in the submission of the returns will be viewed with displeasure by Government.

The Revenue Commissioner is requested to submit his review on the monthly returns received by him from the districts before the end of the month following that to which the review relates.

READ—

Summary of representation in Subject No. 89 of the Representative Assembly Proceedings of 1915 that Amildars may be empowered to dispose of building sites for upset prices.

2. Correspondence ending with letter No. A. C. 464, dated 18th August 1916, from the Revenue Commissioner furnishing the opinions of the Deputy Commissioners together with his own on the subject.

Order No. R. 4078-86—L. R. 394-15-4, dated 3rd November 1916.

Under Government Proceedings No. 2808-15—R. 1018, dated 10th September 1896, the Amildars have the power to confirm sales of building sites by public auction up to a limit of Rs. 10 but have to obtain the orders of the Deputy Commissioner for the grant of sites for upset price.

In concurring with the Deputy Commissioners of Bangalore, Tumkur, Mysore, Hassan and Chitaldrug Districts, the Revenue Commissioner is of opinion that Amildars need not be empowered to grant building sites for upset price, and that as there is great demand for sites everywhere, they should be sold by public auction under the existing orders.

2. Government agree with him and direct that in exceptional cases the orders of the Deputy Commissioner may be obtained under Rule 45 of the Revenue Rules for the grant of building sites for upset price.

Revision of the Form of the Khaneshumari Account (Village Form No. 12).

No. R. 4437-484—L. R. 643-14-5, DATED 13TH NOVEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. R. 4437-484—L. R. 643-14-5, dated 13th November 1916.

With a view to facilitate the collection of the data required for the compilation of the essential statistics prescribed under the Village Improvement Scheme in paragraph 2 of the Government Order No. R. 6058-6107—L. R. 430-13-1, dated the 6th February 1914 as modified by Government Order No. R. 8738-47—L. R. 10-14-127, dated the 6th April 1915, and also to make the annual Khaneshumari Account more complete and useful, Government are pleased to direct that the form prescribed for the said account in the Village Accounts Manual (Form 12) be amended as indicated below:—

2. (i) The headings "Males, females, boys and girls" in columns 8,9,10 and 11 will be replaced by males above sixteen years of age, females above sixteen years of age, boys below sixteen years of age, girls below sixteen years of age, respectively, to correspond to Question 1 of the Statistical Form prescribed under the Village Improvement Scheme.

(ii) Additional columns will be opened to show the state of literacy in the village as required to be detailed under Questions 3 and 4 (*b*) of the Statistical Form.

(iii) "Profession" in column 5 will be retained as a major heading and sub-headings will be opened for each of the important professions. Each of these sub-heads will have 3 columns to show the number of male and female workers in each class and dependents.

(iv) Additional columns with suitable headings will be opened for the collection of the information required under Questions 9 and 10.

(v) There will be a column for the collection of Vaccination Statistics.

(vi) Vacant sites for which no columns have been provided in the existing form will have two additional columns.

(vii) To make room for the new columns proposed to be opened some old columns which appear unnecessary will be deleted or modified.

(viii) The position of the several columns will be slightly changed.

The form as thus revised and amplified is printed as an accompaniment to this order.

3. In order to make the above information available to the Village Committees in time, the Village Officers should be directed to commence taking the Khaneshumari towards the end of May or beginning of June every year.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter dated the 14th January 1912, from the Honorary Secretary to the South Mysore Planters' Association submitting for the consideration and orders of Government certain representations in connection with the revision of the settlement of coffee lands held on temporary tenure and suggesting the terms on which the temporary tenure may be converted into permanent.

2. Extract from the address presented to the Dewan by Mr. W. L. Crawford, President of the said Association, at the Representative Assembly meeting held in 1912 concerning the same subject.

3. Letter dated the 17th October 1914, from the same gentleman requesting the grant of fresh title-deeds for coffee lands in holding for conversion into permanent tenure without additional payment.

Order No. R. 4693-703—L. R. 330-11-4, dated 18th November 1916.

The acreage settlement of coffee lands effected under Government Order No. 3662-70, dated the 2nd August 1881, offered to the planters the option of paying either a fixed permanent acreage assessment of Rs. 1-8-0 on their estates, or holding them under a temporary tenure for the usual term of 30 years on an assessment of 1 rupee an acre subject to revision at the end of that period.

2. Subsequently in Government Order No. (Camp) 1125-8, dated the 22nd September 1885, the holders of lands settled on temporary tenure were permitted to have the same converted into permanent tenure on payment of the difference between the two rates of assessment, *viz.*, 8 annas an acre, from the date of the original settlement (1881-82), to the date of their application. Partial remission of the difference in specially hard cases was also provided for.

3. The term of the original settlement of holdings on the temporary tenure, having expired, the South Mysore Planters' Association have requested that the terms on which the tenure of these lands would be renewed may be announced, and the levy of the arrears of assessment of previous years under the Government Order of 22nd September 1885, waived in the case of those holders who wish to have the tenure of their lands converted from temporary into permanent.

4. On a careful consideration of the subject in consultation with the Heads of the Survey and the Revenue Departments, the Government have arrived at the conclusion that it is inexpedient to grant fresh lands on permanent tenure hereafter, and that the conversion of the existing temporary tenures into permanent, should be subject strictly to the terms of the Government Order of the 22nd September 1885 referred to in paragraph 2 above. The existing concessions attached to permanent tenures will hold good in all respects.

READ—

Government Order No. R. 8040-51—L. R. 15-15-107, dated 17th February 1916, observing that it is not desirable to sanction grants from the Village Improvement allotments for the construction of buildings for reading rooms as a general rule in every case but that in special cases grants may be sanctioned up to a limit of one-third of the total cost of the building subject to a maximum of Rs. 500 in any single case provided that the Village Improvement Committee will undertake to maintain the building in proper repair at their own cost.

2. Letter No. 205, dated 29th April 1916, from the Deputy Commissioner and President, District Committee, Economic Conference, Chitaldrug District, forwarding for favourable consideration the resolution of the District Committee asking for a re-consideration of the order and the grant of half the cost for the construction of reading rooms.

Order No. R. 4877-87—L. R. 15-15-251, dated 22nd November 1916.

In modification of the Government Order of 17th February 1916 read above, Government are pleased to direct that the Government grant for the construction of village reading rooms under the Village Improvement Scheme admissible thereunder be raised for the present from one-third to one-half of the total cost of the building according to the circumstances of each individual case, provided the total budget allotment for the purpose is not exceeded.

Paragraph 4 of Government Order No. R. 2238-40—L. R. 357-11-3, dated 22nd October 1912, directing that lands likely to become irrigable after the completion of the second stage of the Cauvery Reservoir, be disposed of under the Darkhast Rules, subject however to the payment of acreage contribution like lands already in occupancy when the project is definitely taken in hand for execution, etc.

2. Correspondence ending with letter No C. 1214 of 16-17, dated the 9th October 1916, from the Revenue Commissioner in Mysore, stating that in modification of paragraph 4 of the Government Order read above, all such unoccupied lands may be reserved and disposed of after the second stage of the reservoir is completed.

Order No. R. 4073-5—L. R. 25-16-11, dated 3rd November 1916.

Government accept the opinion of the Revenue Commissioner and direct that all such lands as have not yet been disposed of under the high level canal of the second stage of the reservoir, be reserved and disposed of for permanent cultivation under the Darkhast Rules after the second stage of the reservoir is completed.

2. There is, however, no objection to such lands being given out for temporary cultivation on Eksal tenure from year to year in accordance with the directions contained in paragraph 3 of the said Government Order for the disposal of the lands benefited by the first stage of the project.

Exd.—R. K.

Recorded.

2. The following statement shows the extent of cattle mortality in the several districts during 1915-16, as compared with the previous year. The total mortality was 70,288 as against 101,401 in the previous year, having decreased by 31,113. The number of deaths due to sickness was greater than in the previous year by 6,612. Infectious diseases prevailed in almost all the districts and the mortality due to sickness was somewhat heavy in the Shimoga and Chitaldrug Districts. But the losses due to this cause was more than counter-balanced by a marked decrease in the deaths due to 'accidents and other causes.'

Statement showing the losses in cattle of various kinds in the Mysore State for the year ending the 30th June 1916.

Scale of Fees for treatment of Horses, etc.

No. R. 4760-807—Agri. 7-16-4, dated 20th November 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. R. 5411-52—Agri. 77-11-2, dated 30th March 1912, sanctioning a scale of fees to be levied on certain classes of animals treated at the Veterinary Hospitals at Bangalore and Mysore.

2. Government Order No. R. 1986-2033—Agri. 7-16-2, dated 14th August 1916, sanctioning the levy in advance of a fixed fee for the treatment of the several kinds of diseases at the two hospitals referred to above and requesting the Revenue Commissioner to suggest the fees for each class of animals treated.

3. Letter No. A. C. 274, dated 21st October 1916, from the Revenue Commissioner in Mysore, stating that a fixed fee of four annas for a horse and one anna for a dog per day may be levied.

Order No. R. 4760-807—Agri. 7-16-4, dated 20th November 1916.

The scale of fees proposed by the Revenue Commissioner is approved and should be levied in advance as directed in the order of the 14th August 1916, read above.

2. The levy of the special charges for the castration of horses, ponies, etc., and the arrangements for feeding, grooming, attendance, etc., of sick animals referred to in clauses (5) and (6) of paragraph 2 of Government Order No. R. 5411-52—Agri. 77-11-2, dated 30th March 1912, will however continue to be in force.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Correspondence ending with letter No. 1550, dated 9th August 1916, from the Conservator of Forests in Mysore, in the matter of encouragement to sportsmen licensed to shoot proscribed wild male elephants.

Order No. R. 4196-204—Ft. 76-16-3, dated 9th November 1916.

The Conservator thinks that the present rule, under which a person shooting a proscribed elephant can keep only a single tusk as a trophy on payment of 75 per cent of the value of ivory in it, does not afford sufficient incentive. He therefore recommends that the person licensed should be allowed to keep as a reward, the shorter of the two tusks, free of all charge.

2. Government agree with the Conservator and direct that the following be added as a proviso to Rule 3 of rules relating to elephant tusks issued under Government Notification No. 174, dated 15th September 1886 :—

> Provided, however, that the person shooting a proscribed rogue elephant under a license granted under Government Order No. R. 15310-18—G. F. 286-92, dated 20th March 1893, will be entitled to the shorter of the two tusks of the elephant shot. If the elephant has but a single tusk, the same will be granted to him free.

3. The rules as modified will be notified in the Gazette.

NOTIFICATION.

No. R. 1205—Ft. 76-16-4, dated 9th November 1916.

In modification of Government Notification No. General 174, dated 15th September 1886, the following rules in regard to elephant tusks are published for general information :—

1. Elephant tusks form an item of royalty and therefore the tusks of all wild elephants which may be destroyed whether on private or Government property, belong to Government, and should accordingly be handed over to the Deputy Commissioner.

2. Licenses granted by Government under Section 7 of the Madras Act 1 of 1873 for the destruction of wild male elephants shall be subject to the condition that the person to whom such license is granted shall surrender to Government the tusks of the elephants destroyed.

3. If the person who shoots an elephant wishes to keep a tusk as a trophy, he will be allowed to buy the shorter of the two tusks at 75 per cent of the market selling price of ivory. If the elephant shot has but a single tusk and the person shooting it desires to keep it, the same will be sold to him at the full market price.

Provided however that the person shooting a proscribed rogue elephant under a license granted under Government Order No. R. 15310-18--G. F. 286-92, dated 20th March 1893, will be entitled to retain as a reward free of all charge the shorter of the two tusks of the elephant shot. If the elephant has but a single tusk, the same will be given to him free of charge.

The Conservator of Forests in Mysore.
The Superintendent of Revenue Survey.
The Deputy Commissioner, Shimoga District, with statement and map.

Bxd.—C. R.

No. R. 5057-60—Ft. 117-15-6, dated 25th November 1916.

No. R. 5061—Ft. 117-15-7, dated Bangalore, the 25th November 1916.

NOTIFICATION.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from 1st January 1917, the area, the boundaries of which are set forth in the schedule annexed to this notification shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof:—

SCHEDULE.

District	Taluk	Hobli	Village	Approximate area	Name of block
Shimoga	Nagar	Kerehalli	1. Heremaita.	8-78 square miles	Haridravati
			2. Bilaki.		
			3. Karki.		
			4. Chikjenni.		
			5. Tariga.		
			6. Yelagalli.		
			7. Kusgundi.		
			8. Herejenni.		
			9. Chikkunnur.		
		Humcha	10. Karigarsi.		
			11. Dodkunnur.		
			12. Malalikoppa.		
			13 Mallur.		
			14. Humcha.		

BOUNDARIES.

North.—Starting from a point on the left bank of the Haridravati river about 20 chains north-east from the south-west corner of Survey No. 1 of Heremaita, the line runs along the said left bank of the Haridravati river to a point about 22 chains north-west from the north-east corner of Survey No. 2 of Bilaki.

East.—Thence south-west through Survey No. 1 of the said village for about 47 chains to its south side at a point about 20 chains west from the north-west corner of Survey No. 3 of the said Bilaki village, then south-east through Survey No. 11 of the same village for about 47 chains to the south-east corner of Survey No. 13, then south-east along the west side of Survey No. 11 for about 23 chains to the north-west corner of Survey No. 33 of Tariga, then south-west along the north side of Survey No. 28 of the same village for about 23 chains to the south-east corner of Survey No. 15 of Bilaki, then along its south side to its south-west corner, then south through Survey No. 19 for 10 chains, and south-east for 12 chains to its south side at a point about 5 chains west from the south-west corner of Survey No. 29 (cultivated land) of Tariga, then south-east along the north side of Survey No. 23 to its north-west corner, then south-east along the west side of Survey No. 17 to its south-west corner, then south-west through Survey No. 41 for about 35 chains to its south-west corner, then south-east along its south side to its south-east corner, then south-west along the north side of Survey No. 24 of Karigarsi to its north-west, then east through the said Survey No. 24 for about 19 chains to the north-west corner of Survey No. 30, then south-east along its west side to its south-west corner, then east and south-east along the south side of Survey Nos. 30, 29 and 28 to the south-east corner of the last named survey number, then north-east along its east side to its north-east corner, then south-east through Survey No. 24 for about 34 chains to its south-east corner.

South.—Thence south-west along the south side of the said Survey No. 24 of Karigarsi to its south-west corner, then south along the west side of Survey No. 35 of Malalikoppa for about 19 chains, then south-west through Survey No. 28 for about 53 chains to the junction of two hallas at a point about 22 chains south-west from the north-west corner of Survey No. 29, then south through the said Survey No. 28 for about 28 chains to its south side at a point about 36 chains south-east from its south-west corner, then south-east along the said south side for about 10 chains to a point about 9 chains west from the north-west corner of Survey No. 27, then south-west through Survey No. 239 of Humcha and Survey No. 6 of Dodkunnur for about 46 chains to a point on the west side of the latter survey number about 25 chains north-west from its southernmost corner, then north-west through Survey No. 30 of Mallur for about 25 chains to a point about 15 chains north-east from the north-east corner of Survey No. 31 of the said village, then in the same direction through the said

No. R. 5057-60—Ft. 117-15-6, dated 25th November 1916.

Survey No. 30 for about 47 chains to a point about 17 chains north from the north-east corner of Survey 9, then south-west through the said Survey No. 30 for about 32 chains to the south-east corner of Survey No. 95 of Mallur, then north along its east side for about 13 chains to a point about 8 chains east from the south-east corner of Survey No. 58.

West.—Thence north-east through Survey No. 17 of Chikkunnur for about 40 chains to a point on its east side about 15 chains south-west from the southernmost corner of Survey No. 15, then south-east for 20 chains through Survey No. 5 of Dodkunnur to a point about 10 chains south from the south-east corner of Survey No. 3, then north-east through the said Survey No. 5 for about 48 chains to a point about 10 chains east from the south-east corner of Survey No. 1 of the said village, then north through Survey No. 5 for about 35 chains till it meets its north side at a point about 15 chains south-east from the south-east corner of Survey No. 12, then north-east through Survey No. 11 for about 31 chains meeting its east side at a point about 15 chains south-east from the south-west corner of Survey No. 20 of Karigarsi, then north-west along its east side for about 15 chains to the south-west corner of the said Survey No. 20 of the said village, then north along the said east side of Survey No. 11 of Dodkunnur to its north-east corner, then south-west through the said Survey No. 11 for about 55 chains to a point on a bend in its western boundary about 5 chains south-east from the south-east corner of Survey No. 15 of Yelagalli, then north-west along the west side of the said Survey No. 11 of Dodkunnur for about 18 chains to its north-west corner, then north-west along the east side of Survey No. 1 of Yelagalli for about 25 chains, then west through the said Survey No. 1 for about 36 chains to a point on its west side about 5 chains north-east from the northernmost corner of Survey No. 17, then north-west through Survey No. 24 of Kusgundi for about 5 chains till it meets a halla, then north-west along the said halla for about 35 chains, then west along the north side of the said Survey No. 24 to its north-west corner, then south-west along its west side for about 15 chains, then west through Survey No. 12 for about 47 chains to the northernmost corner of Survey No. 15, then south-west through Survey No. 12 for 23 chains to a point about 5 chains north from the north-west corner of Survey No. 19, then south-west through the said Survey No. 12 for about 15 chains to the north-west corner of Survey No. 15, then north-west along the west side of Survey No. 12 for about 40 chains to its westernmost corner, then north-west along the west side of Survey No. 13 to its north-west corner, then north-east along its north side to its north-east corner, then south-east along its east side to its south-east corner, then south-east and east along the north side of Survey No. 12 to its north-east corner, then north-east along the east side of Survey No. 11 of Karki for about 48 chains, then north-west through the said Survey No. 11 for about 36 chains to a point on the south side of Survey No. 10 about 13 chains south-east from its south-west corner, then north-east through Survey Nos. 10 and 35 of Karki for about 47 chains to meet the east side of the latter survey number at a point about 20 chains south-east from the north-east corner of Survey No. 7 of Karki, then north-west along the said east side for about 49 chains to the north-east corner of Survey No. 35, north for 24 chains along the eastern boundary of Mathla village, then east for 10 chains through Survey No. 7 Heremaita, then north-west through Survey Nos. 7 and 1 of the said village for about 45 chains to the starting point.

Remarks.

A. The following rights of way are admitted in the block throughout the year :—

1. *Foot-path.*—From Biliki to Hiremaita, 6 feet wide and about 90 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 17 chains west from the south-west corner of Survey No. 3 of Bilaki, runs south-west through Survey Nos. 11 and 19 of Bilaki and Survey Nos. 25 and 8 of Hiremaita and reaches the enclosure.

2. *Foot-path.*—From Biliki to Chikjenni, 6 feet wide and about 115 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 17 chains south-west from the south-west corner of Survey No. 3 of Bilaki, runs south-west through Survey Nos. 11 and 19 of the said village and joins the Kallurkatte-Shimoga high road.

3. *Foot-path.*—From Chikjenni to Hiremaita, 6 feet wide and about 30 chains long, open for men and cattle. It begins in the enclosure at a point about 15 chains north from the north-east corner of Survey No. 28 of Chikjenni, runs north-east through Survey Nos. 7 and 8 and reaches the enclosure in the Hiremaita village.

4. *Foot-path.*—From Karki to Chikjenni, 6 feet wide and about 52 chains long, open for men and cattle. It enters the forest in its western boundary at a point about 16 chains south-east from the north-west corner of Survey No. 10 of Karki runs south-east through the said Survey No. 10 and Survey No. 17 of Chikjenni and reaches the enclosure.

5. *Foot-path.*—From Kusgundi to Kalguddikoppa, 6 feet wide and about 36 chains long, open for men and cattle. It begins in the enclosure in the Kusgundi village at a point about 12 chains south from the north-east corner of Survey No. 12 of Kusgundi, runs north-east

through Survey Nos. 12 and 22 of the said village and reaches the Kalguddikoppa enclosure, then again it begins in the said enclosure at a point about 10 chains south-east from the northernmost corner of Survey No. 21, runs north-east through Survey No. 17 of Chikjenni and reaches Survey No. 16 (enclosure), and again it begins in the said enclosure at a point about 5 chains north-west from the north-east corner of Survey No. 16, runs north-east through the said Survey No. 17 and reaches the enclosure in the Chikjenni village.

6. *Foot-path.*—From Karki to Kusgundi, 6 feet wide and about a chain long, open for men and cattle. It enters the forest in its western boundary at a point about 6 chains west from the north-east corner of Survey No. 12 of Kusgundi, runs south to the Siddagiri enclosure crossing the demarcation line.

7. *Foot-path.*—From Kusgundi to Thevalgal, 6 feet wide and about 37 chains long, open for men and cattle. It begins in the Siddagiri enclosure at a point about 18 chains north-west from the north-west corner of Survey No. 8 of Kusgundi, runs north-west through Survey No. 19 and quits the forest in its western boundary at a point about 18 chains south-west from the north-east corner of the said Survey No. 13.

8. *Cart-track.*—From Ammengudda to Siddagiri, 15 feet wide and about 52 chains long, open for men, cattle and carts. It enters the forest in its western boundary at the north-west corner of Survey No. 13 of Kusgundi, runs east and south-east through the said Survey No. 13 and reaches the Siddagiri enclosure.

9. *Foot-path.*—From Siddagiri to Malgode, 6 feet wide and about a chain long, open for men and cattle. It begins in the Siddagiri enclosure at a point about 12 chains south from the south-east corner of Survey No. 3 of Kusgundi, runs south crossing the demarcation line to Malgode.

10. *High road.*—From Kallurkatte to Shimoga, 31 chains long, open for the public as usual. It enters the forest in its western boundary at a point about 13 chains north-east from the northernmost corner of Survey No. 29 of Kusgundi, runs north-east and south-east through Survey No. 24 of the said village and reaches the enclosure in the Chikjenni village, and quits the forest in its eastern boundary at the north-west corner of Survey No. 23 of Tariga, crossing the demarcation line.

11. *Cart-track.*—From Kodur to Chikjenni, 15 feet wide and about 30 chains long, open for men, cattle and carts. It enters the forest in its western boundary at a point about 5 chains north-east from the northernmost corner of Survey No. 17 of Yelagalli, runs north-east through Survey No. 24 and joins the high road No. 10 *supra*.

12. *Cart-track.*—From Yelagalli to Herejenni, 15 feet wide and 7 chains long, open for men, cattle and carts. It enters the forest in its western boundary at a point about 16 chains west from the south-west corner of Survey No. 39 of Herejenni, runs north-east through Survey No. 36, and reaches the enclosure in the said village.

13. *Foot-path.*—From Herejenni to Yelagalli, 6 feet wide and about 12 chains long, open for men and cattle. It begins in the Herejenni enclosure at a point about 10 chains south from the south-east corner of Survey No. 39 of Herejenni, runs south-west through Survey No. 36 of the same village and Survey No. 11 of Dodkunnur and quits the forest in its western boundary at a point about 2 chains east from the south-east corner of Survey No. 15 of Yelagalli.

14. *Foot-path.*—From Herejenni to Karigarsi, 6 feet wide and about 23 chains long, open for men and cattle. It begins in the Herejenni enclosure at a point about 10 chains south from the south-east corner of Survey No. 2 of the same village, runs south-east through Survey No. 1 and reaches the Karigarsi enclosure.

15. *Foot-path.*—From Karigarsi to Tariga, 6 feet wide and about 18 chains long, open for men and cattle. It begins in the Karigarsi enclosure at a point about 15 chains south-east from the north-east corner of Survey No. 23, runs north-east through Survey No. 20 of Karigarsi and quits the forest in its eastern boundary at a point about 9 chains south-west from the southernmost corner of Survey No. 36 of Tariga.

16. *Foot-path.*—From Karigarsi to Jamballi, 6 feet wide and about a chain long, open for men and cattle. It enters the forest in its eastern boundary at the north-west corner of Survey No. 24 of Karigarsi and runs north-east crossing the demarcation line.

17. *Foot-path.*—From Karigarsi to Halandur, 6 feet wide and about 20 chains long, open for men and cattle. It begins in the Karigarsi enclosure at a point about 8 chains south-east from the north-east corner of Survey No. 32 of the said village, runs south-east and east through Survey No. 24 and quits the forest in its eastern boundary at a point about 15 chains south from the north-east corner of Survey No. 28.

No. R. 5057-60—Ft. 117-15-6, dated 25th November 1916.

18. *Foot-path.*—From Karigarsi to Malalikoppa, 6 feet wide and about 20 chains long, open for men and cattle. It begins in the Karigarsi enclosure at a point about 13 chains south-east from the south-east corner of Survey No. 38 of the said village, runs south through Survey No 37 and quits the forest in its southern boundary at the north-west corner of Survey No. 35 of Malalikoppa.

19. *Foot-path.*—From Malalikoppa to Nagarhalli, 6 feet wide and about 15 chains long, open for men and cattle. It enters the forest in its southern boundary at a point about 15 chains north-west from the north-west corner of Survey No. 27 of Malalikoppa, runs south-west through Survey No 239 of Humcha and quits the forest in its southern boundary at a point about 25 chains west from the north-west corner of the said Survey No. 27.

20 *Foot-path.*—From Dodkunnur to Humcha, 6 feet wide and about 80 chains long, open for men and cattle. It enters the forest in its western boundary at a point about 6 chains south-east from the southernmost corner of Survey No. 3 of Dodkunnur, runs south-east through Survey Nos. 5 and 6 of the same village, and Survey No. 239 of Humcha and joins the foot-path No. 19 *supra*.

21. *Foot-path.*—From Mallur to Dodkunnur, 6 feet wide and about 40 chains long, open for men and cattle. It enters the forest in its southern boundary at a point about 25 chains north-east from the northernmost corner of Survey No. 38 of Mallur, runs north and north-east through Survey No 30 of the said village and Survey No. 6 of Dodkunnur and quits the forest in its western boundary at a point about 11 chains west from the south-west corner of Survey No 3 of Dodkunnur.

22. *Foot-path.*—From Karigarsi to Yelagalli, 6 feet wide and about a chain long, open for men and cattle It begins in the Karigarsi enclosure at a point about 15 chains south-east from the north-west corner of Survey No. 37 of the said village and runs west crossing the demarcation line.

B. The undermentioned concessions are admitted in the block :—

(i) Survey No 13 of Bilaki is treated as an enclosure with a margin of 5 chains on three sides.

(ii) Survey Nos. 11, 12, 13, 14, 15 and 16 of Hiremaita are clubbed together and treated as an enclosure with a margin of 5 chains all round.

(iii) Survey No. 16 of Chikjenni is treated as an enclosure with a margin of 5 chains all round.

(iv) The occupied survey numbers of Chikjenni and Hirejenni are clubbed together and treated as an enclosure with the following boundary :—

Starting from a point on a halla about 15 chains north-east from the south-west corner of Survey No. 22 of Chikjenni, the line runs north-east through the said Survey No. 22 for about 58 chains till it meets its north side, then along the said side to its north-east corner, then south-east along the demarcation line for about 80 chains, then south along the eastern boundary of the Hirejenni village to the trijunction of Hirejenni, Tauga and Karigarsi villages, then west and south-west through Survey Nos. 1 and 41 for 32 chains to a point about 10 chains south from the southernmost corner of Survey No. 40 of Hirejenni, then west through Survey Nos. 41 and 36 to a point on a halla about 10 chains south-east from the southernmost corner of Survey No. 39, then south-west for about 18 chains through Survey No. 36 to meet another halla at a point about 10 chains south from the south-west corner of Survey No. 39, then north-west for 15 chains to a point about 10 chains west from the south-west corner of Survey No. 39, then north for about 23 chains through Survey No. 36 to a point about 10 chains west from the north-west corner of Survey No. 37, then north-east for about 23 chains to a point on the northern boundary of the village about 5 chains west from the north-west corner of Survey No. 35, then west for 15 chains along the said northern boundary to the north-west corner of Survey No. 36, then north along the west side of Survey No. 15 of Chikjenni to its north-west corner, then north-east along its north side for about 30 chains up to a halla, then north-west along the said halla to the starting point.

(v) The hamlet of Siddagiri in the Kusgundi village with its cultivated lands will be treated as an enclosure having the following boundary :—

Starting from the northernmost corner of Survey No. 12 of Kusgundi, the line runs south-east along its north side to its north-east corner, then south through Survey No 12 for about 39 chains to meet a halla at a point about 19 chains west from the easternmost corner of Survey No. 12, then south-east for 17 chains to meet the demarcation line, then along the said line to a point about 5 chains north from the northernmost corner of Survey No. 19,

No. R. 5057-60—Ft. 117-15-6, dated 25th November 1916.

then north-west through Survey No. 12 for about 43 chains to meet the south side of Survey No. 13 at a point about 10 chains north-east from its south-west corner, then north-east along its south side to its south-east corner.

(vi) The hamlet of Kalguddikoppa with its cultivated lands in the Kusgundi village is treated as an enclosure with the following boundary:—

Starting from the northernmost corner of Survey No. 22 of Kusgundi, the line runs south-east along its north side to meet a big halla, then along the left bank of the said halla for 53 chains, then north-west for 13 chains to meet a smaller halla, then north-west through Survey No. 22 for 37 chains to meet its north side at a point about 17 chains north-east from its north-west corner, and then north-east along its north side to the starting point.

(vii) The cultivated survey numbers in the Karigarsi village will be clubbed together and treated as an enclosure having the following boundary:—

Starting from the south-east corner of Survey No. 28 of Karigarsi, the line runs south-west along the right bank of a big halla for about 36 chains to a point about 5 chains south from the southernmost corner of Survey No. 32, then north-west through Survey Nos. 24 and 37 for 20 chains to a point about 10 chains south-east from the south-east corner of Survey No. 35, then south-west through Survey No. 37 for about 30 chains to a point about 10 chains south from the south-west corner of Survey No. 38, then south-west through Survey No. 37 for about 46 chains to its south-west corner, then north along its west side to its north-west corner, then north along the west side of Survey No. 20 to its westernmost corner, then north-east along the west side of Survey No. 20 for about 80 chains to a point about 10 chains south-west from its north-west corner, then south-east through Survey No. 20 for 20 chains to a point about 10 chains north-east from the northernmost corner of Survey No. 23, then south-east for 40 chains to a point about 18 chains east from the easternmost corner of Survey No. 22 and then south-west for about 28 chains to meet the demarcation line at a point about 16 chains north from, the north-west corner of Survey No. 30.

(viii) The raiyats of the undermentioned villages are entitled to graze their cattle free in the Reserve, during the prescribed season.

1.	Kusgundi	Cattle 121
2.	Karigarsi	„ 171
3.	Dodkunnur	„ 97
4.	Malalikoppa	„ 154
5.	Bilaki	„ 62
6.	Chikjenni	„ 155
7.	Hirejenni	„ 158

(ix) The raiyats of the following villages are entitled to graze their cattle in the Reserve, on an annual payment of a lump sum fee noted against them, during the prescribed season.

			Rs. a. p.
1.	Mutla	Cattle 222 ...	5 8 0
2.	Mallur	„ 344 ...	5 0 0
3.	Chikkunnur	„ 99 ...	2 0 0
4.	Karki	„ 244 ...	4 8 0

By Order,
L. KRISHNA RAO,
Offg. Secy. to Govt., Rev. Dept.

No. 7905, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department, dated 18th December 1915.

Submitting for the orders of Government papers relating to the settlement of the Haridravati Block in the Nagar Taluk.

No. R. 5057-60—Ft. 117-15-6, dated 25th November 1916.

Letter No. 7905, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department, dated 14th December 1915.

I have the honor to forward herewith for the orders of Government the marginally noted papers relating to the settlement of the Haridravati Block in the Nagar Taluk, received with letter No. 717, dated the 22nd March 1915, from the Deputy Commissioner, Shimoga District.

1. Copy of docket No. 717, dated 22nd March 1915, from the Deputy Commissioner, Shimoga.
2. Letter No. 108, from the Forest Settlement Officer.
3. "B" Register of claims.
4. "C" Register of lands taken up.
5. Boundary notification.
6. Sketch.
7. Topo tracing.

2. The block in question is situated to the south of the Haridravati river and comprises an area of 4,624 acres and 29 guntas consisting of assessed waste, gomal and kharab lands belonging to 14 villages in the Nagar Taluk of which Hiremaita is bechirak.

3. It is reported that all the twenty-six claims which were advanced before the Settlement Officer were admitted. No appeals were preferred before the Deputy Commissioner against the decisions of the Settlement Officer.

4. The houses and occupied lands of the villages concerned especially of Chikjenni and Hirejenni are in the heart of the block in question. The Settlement Officer reports that he has made due provision for the expansion of cultivation and for meeting the requirements of the raiyats that would be affected by the proposed block. The Deputy Commissioner is agreeable to the proposed reservation and the final notification may therefore be issued.

No. 108, from C. Venkata Rao, Esq., B.A., the Forest Settlement Officer, to the Revenue Commissioner in Mysore, through the Deputy Commissioner, Shimoga District, dated 26th February 1915.

I have the honor to report on the conclusion of the settlement of the Haridravati block in the Nagar Taluk of the Shimoga District.

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest appeared on pages 55, 56 and 57 of the English issue of the *Mysore Gazette*, Part I, dated the 9th February 1911, and the proclamation under Section 5 of the said Regulation was published on pages 118 to 122 of the Kannada issue of the *Mysore Gazette*, Part II, dated the 2nd March 1911.

The proclamatory notices were got served on the villagers concerned through the Amildar of the Nagar Taluk.

3. The locality was inspected and perambulated by me in company with the Range Officer of the Nagar Range on the 4th, 5th, and 6th March 1914. In view of the measures proposed to be adopted by Government in connection with the Malnad Improvement Scheme, it was found necessary to locate the State Forest boundary far away from inhabited areas, to make ample provision for expansion of cultivation and to provide greater facilities for grazing of the malnad cattle. This accounts for the exclusion of a large extent of land out of the area proposed for the Reserve in question.

4. The following twenty-six claims were preferred to me during the enquiry:—

(i) One claim to right of grazing.
(ii) One claim to patta-right.
(iii) One claim to right to worship.
(iv) Eleven claims to right of way.
and (v) Twelve claims to miscellaneous rights.

All the claims were admitted.

5. The Deputy Commissioner has intimated in his letter No. 1663, dated the 28th August 1914, that no appeals have been preferred to him against my settlement decision.

6. The undermentioned records are herewith submitted:—

1. "B" Register.
2. "C" Register.
3. Sketch map.
4. Boundary notification.
and 5. Topo tracing.

7. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Haridravati State Forest.

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
1	Nepoji, patel of Kusgundi	5th March 1914.	States that the raiyats of Siddagiri hamlet get supply of soppu, fuel, etc., from Survey Nos. 6 and 12, those of Malagode from survey Nos. 15 and 24, while those of Kallugudde Koppa from Survey No. 22, and begs therefore that these survey numbers may be excluded from the reserve.	.....	.....	The preliminary demarcation line in the Kusgundi village runs close to dwelling houses and some of the occupied lands in the hamlet of Malagode and therefore requires to be shifted to such a distance as to provide adequate jungle for soppu, etc., for the use of the raiyats. As the hamlets of Siddagiri and Kalgudde-Koppa lie within the Reserve, they have to be treated as enclosures leaving sufficient margin around them. I accordingly direct that the said demarcation line be deviated at a point on the east side of Survey No. 24 about 9 chains east from the easternmost corner of Survey No 29 and taken north west through Survey No. 24 for 5 chains to meet a big halla, then along the right bank of the said halla for 35 chains to meet the north side of Survey No. 24, then west along its north side to its north-west corner, then south-west along its west side for 15 chains, then west through Survey No. 12 for about 18 chains to meet the northernmost corner of Survey No. 15, then almost west for 22 chains through Survey No. 12 to a point about 5 chains north from the northernmost corner of Survey No. 19, and then south-west through the said Survey No 12 for about 17 chains to its south-west corner. The hamlet of Siddagiri will be treated as an enclosure in the block having the following boundary. Starting from the northernmost corner of Survey No. 12, the line runs south-east along its north side to its north-east corner, then south through Survey No. 12 for about 39 chains to meet a halla at a point about 19 chains west from the easternmost corner of Survey No. 12, then south-east for 17 chains to meet the demarcation line, then along the said demarcation line to a point about 5 chains north from the northernmost corner of Survey No. 19, then north-west through Survey No. 12 for 43 chains to meet the south side of Survey No. 13 at a point about 10	.....

Almost the whole of the Karigarsi village has to be treated as an enclosure providing sufficient extent of lands for communal purposes around the hamlets of Balagara, and Holeyenkoppa and the Agll village, as also the hamlet of Hulemaladu The boundary line of the enclosure will be as follows :— Starting from the south-east corner of Survey No. 28, the line runs south-west along the right bank of a big halla for about 36 chains to a point about 5 chains south from the southernmost corner of Survey No. 32, then north-west through Survey No. 24 and 37 for 20 chains to a point about 10 chains south-east from the south-east corner of Survey No 35, then south-west through Survey No. 37 for about 30 chains to a point about 10 chains south from the south-west corner of Survey No. 38, then south-west through Survey No. 37 for about 46 chains to its south-west corner, then north along its west side to its north-west corner, then north along the west side of Survey No. 20 to its westernmost corner, then north-east along the west side of the said survey number for about 60 chains to a point about 10 chains south-west from its north-west corner, then south-east for 20 chains through Survey No 20 to a point about 10 chains north-west from the northernmost corner of Survey No. 23, then south east for 40 chains to a point about 18 chains east from the easternmost corner of Survey No. 22 and south-west for about 28 chains to meet the demarcation line at a point about 16 chains north from the north-west corner of Survey No. 30. C. VENKATA RAO, Forest Settlement Officer. 5th March 1914.	.....	

No. R. 5057-60—Ft. 117-15-6, dated 25th November 1916.

8	Sannappa patel of Karigarsi.	5th March 1914	Requests that right of way to the following path ways may be admitted (1) Foot-path from Karigarsi to Yelagalli. (2) Foot-path from Karigarsi to Kannur. (3) Foot-path from Karigarsi to Malalikoppa. (4) Foot-path from Karigarsi to Halundur *via* Survey No. 24. (5) Foot-path from Karigarsi to Jambalh and Survey No. 21. (6) Foot-path from Karigarsi to Tarigs.	...	...	Right of way to the following path ways will be admitted throughout the year. Width to be 6 feet. (1) Foot path from Karigarsi to Yelagalli. (2) Do Kannur. (3) Do Malalikoppa. (4) Do Halundur. (5) Do Jamballi. (6) Do Tarigs. C. VENKATA RAO, Forest Settlement Officer.	...
						5th March 1914.	
9	Basavalingappa, patel of Dodkunnur.	Do ...	States that the hue may be shifted to the Jeunigadi on the north, to the Karigarsigadi on the east and to the Mulalikoppagadi on the south-west, so that adequate extent of lands may be left for the raiyats of the hamlet of Yelagal and the Asli village	.....	...	In the Dodkunnur village also the preliminary demarcation line almost surrounds the hamlet of Yelagal and the Asli village. Besides, in one place it runs between two occupied survey numbers while in another place it deprives the owner of an arecanut garden of the adjoining Soppunchita. I would therefore shift it as far away as possible, providing sufficient jungle for meeting the requirements of the villagers, I accordingly direct that it be deviated on the west side of Survey No. 5 at a point about 17 chains west from the south-west corner of Survey No. 3 and taken south-east through Survey No. 5 for about 21 chains to a point about 10 chains south from the south west corner of Survey No 2, then north-east for 18 chains to a point about 10 chains east from the easternmost corner of Survey No 1, then north through the said Survey No. 5 for about 36 chains to meet its north side at a point about 20 chains west from its north-east corner, then north-east through Survey No. 11 for 38 chains to meet its east side at a point about 16 chains south-east from the south-east corner of Survey No. 10, then north along the east side of Survey No. 11 for 15 chains to its north-east corner, then in the same direction along the east side of Survey No. 15 for 26 chains to its north-east corner, and then west through Survey No. 15 for about 55 chains to meet its west side at a point about 18 chains south from its north-west corner. As there is no objection, I confirm the southern boundary line of the Reserve as now laid out in the village. C. VENKATA RAO, Forest Settlement Officer. 5th March 1914.	...

10	Basavalingiah, patel of Dodkunnur.	5th March 1914	Requests that right of way to the foot-paths leading to Humcha, Karigarsi and Sunkal may be admitted.	.....	.....	Right of way to the foot-paths leading to Humcha, Karigarsi and Sunkal will be admitted for men, and cattle throughout the year. Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 5th March 1914.	.....	
11	Basavalingiah, patel of Malalikoppa.	5th March 1914	Requests that the preliminary demarcation line may be shifted to the Karigarsigadi so as to provide sufficient jungle for Yedagadde hamlet, and to the line shown by him on the west so as to exclude the Soppinbetta on which Survey Nos. 29 and 27 depend for leaf manure, and that right of free grazing may be conceded to the raiyats of the village.	.....	.....	The preliminary demarcation line touches the edge of some of the arecanut gardens in the Malalikoppa village and deprives the raiyats of the Soppinbetta which supply soppu for them. I would throw the forest boundary farther to the west so as to exclude 157 acres of the adjoining jungle for the benefit of the village. I accordingly direct that the said preliminary demarcation line be deviated at the north-east corner of Survey No. 35 and taken west along its north side to its north-west corner, then south along its west side for about 20 chains to a point about 19 chains west from the westernmost corner of Survey No. 48, then south-west through Survey No. 28 for about 52 chains to a point (where two hallas meet) about 24 chains west from the north-west corner of Survey No. 29, then south through Survey No. 28 for about 29 chains to meet its south side at a point about 18 chains west from the north-west corner of Survey No. 27, and then south-east along the south side of Survey No. 28 for about 11 chains to a point about 10 chains west from the north-west corner of Survey No. 27. C. VENKATA RAO, Forest Settlement Officer. 5th March 1914.	.....	

12	Basavalingiah, patel of Mallikoppa	5th March 1914	Requests that right of way to the foot-paths leading to Karigarsi and Nagarballi may be admitted.	.....	.....	Right of way to the foot-paths leading to Karigarsi and Nagarballi will be admitted for men and cattle throughout the year Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 5th March 1914.
.....	.....	.....	.....	.....	.....	*Humcha*.—As the preliminary demarcation line runs at a remote corner of the village, the same will be confirmed. C. VENKATA RAO, Forest Settlement Officer. 5th March 1914.
13	Lingappa, patel of Mallur.	5th March 1914	Requests that the hamlet of Kelembi, depends for soppu on Survey Nos. 29, 53 and 30 and that the Asli, village on Survey No. 30 and therefore prays that these survey numbers may be excluded from the reserve.	.....	.....	13 and 14. In the Mallur village the boundary requires to be shifted as it runs close to some of the occupied lands. It includes within the proposed Reserve an occupied kan bearing Survey No. 53 in the holding of one Kolarsetti who has set up a claim thereto and which will be admitted. If this survey number be excluded from the Reserve, there will then remain only Survey No. 30 which according to the proposal of the Forest Department has to form portion of the proposed State Forest. But as this land is the main source from which the rayats get soppu, fuel, etc., a major portion of this has to be excluded. In these circumstances, I direct that the line be shifted from the southernmost corner of Survey No. 58 to a point on the east side of Survey No. 95 about 8 chains east from the aforesaid corner of Survey No. 58 and taken south for 12 chains along the east side of Survey No. 95 to its south-east corner, then south-east through Survey No. 30 for about 33 chains to a point about 15 chains north-east from the easternmost corner of Survey No. 53, then east for 15 chains to a point about 15 chains south from the north-east corner of Survey No. 30, then south-east for 32 chains to a point about 15 chains north from the north-east corner of Survey No. 31, then south-east for 24 chains to meet the northern boundary of Survey No. 30 at a point about 13 chains north-east from the north-east corner of Survey No. 36. C. VENKATA RAO, Forest Settlement Officer. 5th March 1914.
14	Kolarsetti, Khatedar of Survey No. 53 of Mallur.	Do ...	Prays that his Survey No. 53 (Kan.) included in the the Reserve may be left for his use.	.....	.....	.....

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
15	Lingappa, patel of Mallur.	5th Mar. 1914	Requests that right of way to the foot-paths leading to Kelambi, Madavalli, Mallur, Kunnur may be admitted.	.....	.....	Right of way to the foot-paths leading to Kelambi, Madavalli, Mallur and Kunnur may be admitted. But those leading to Kelambi and Madavalli fall outside the settled line. C. VENKATA RAO, Forest Settlement Officer. 5th March 1914.	.....	
16	Veerabhadrappa, patel of Hiremaita.	Do ...	States that the village is bechirak, and that there is only one Survey No. *viz.*, 14 which is in his holding, and begs that his patta right may be recognized.	.....	The whole of this village may be included as it is bechirakh A reasonable compensation may be awarded for the acquisition of Survey No 14.	The Hiremaita village is bechirakh. Only one Survey No. 14 is occupied. The whole of the village is proposed to be included in the Reserve. The Range Officer suggests that the occupied land may be acquired on payment of compensation to the Khatedar and included in the proposed Reserve. As there is every likhhood of more lands in the village being taken up for cultivation, I would exclude four more survey numbers in the vicinity of the occupied land and treat them as enclosures in the Reserve. I accordingly direct that Survey Nos. 12, 13, 14, 15 and 16 be clubbed together and formed into an enclosure with a margin of 5 chains all round. As the western boundary of the Reserve abuts on some of the occupied lands of the adjoining Mutla village, I would leave a margin from it. I therefore direct that it be deviated at a point about 23 chains north from the south west corner of Survey No. 7 and taken east for about 10 chains through it and then north through Survey Nos. 7 and 1 for about 18 chains so as to meet the left bank of the Haridravati river at a point about 22 chains north-east from the south-west corner of Survey No. 1. C. VENKATA RAO, Forest Settlement Officer. 12th March 1914.	.....	

17	Veerabhadriah, patel of Mutla.	6th Mar. 1914	States that as there is no gomal in his village, his raiyats have been grazing their cattle in the Hiremaita lands on payment of Rs. 5-8-0 hulbanni, and begs that this right may be recognized.	Supported by the patel of Heremaita.	.....	The patel of Mutla has advanced a claim to right to graze in the Hiremaita lands on payment of a lumpsum hulbanni of Rs 5-8-0 per annum. It is represented that there is no gomal for the former village. I therefore decide that the raiyats of Mutla be entitled to graze their cattle (229) in the Reserve during the prescribed season, on payment of a lump sum fee of Rs. 5-8-0 per annum. C. VENKATA RAO, Forest Settlement Officer. 5th March 1914.	.....
18	Veerabhadriah, patel of Bilaki	5th March 1914	Requests that there are 8 houses in the village, that sufficient extent of land for soppu, fuel, etc., may be left towards the hamlet of Kakkimakkal and free grazing given to the raiyats.	.....	Sufficient extent of land is left for the use of the villagers.	In the Bilaki village the preliminary demarcation line runs at the edge of some of the occupied lands. The villagers pray that some more jungle to the west of the occupied lands may be excluded from the Reserve. The village is a small one containing 8 houses. An extent of 182 acres more appears to be more than adequate for meeting their requirements. I accordingly decide that the preliminary demarcation line be diverted at a point about 25 chains north-west to the north-east corner of Survey No 2 and taken south-west through Survey No. 1 for 47 chains to meet its south side at a point about 20 chains west from the north-west corner of Survey No. 3, then south-east through Survey No 11 for about 44 chains to the north-east corner of Survey No. 18 and then south along west side of Survey No 11 to its south-west corner.	.....
.....	.....	.....	.....	.....	Grazing fee may be reduced a little	Survey No. 18 has been proposed to be treated as an enclosure. It will be demarcated out free from reservation and treated as an enclosure within the Reserve. Access to it will be along a foot-path leading to Chikkajenni the right of way to which will be admitted throughout the year. C VENKATA RAO, Forest Settlement Officer. 5th March 1914.	.....
19	Do	Do	Requests that right of way to the foot-path leading to Hiremaita may be admitted.	.....	.....	Right of way to the foot-path leading to Hiremaith will be admitted for men and cattle throughout the year. Width to be 6 feet C. VENKATA RAO. Forest Settlement Officer. 5th March 1914.	.....

1	2	3	4	5	6	7	8	9
20	Baremachari, patel of Chikmani.	5th March 1914	States that the raiyats obtain soppu, etc., from Survey No. 15 as far as Tariga limits and from Survey No. 6 and requests that these survey numbers may be excluded from the Reserve, and right of free grazing given.	.....	.....	The statement appended to the boundary notification issued under Section 4 of the Forest Regulation contains all the occupied and assessed waste survey numbers to be treated as enclosures in addition to gomal Survey No 15 (old Survey No. 8). There is no alternative but to treat them as enclosures in addition to gomal Survey No. 15 (old Survey No 8). I accordingly direct that all the above survey numbers except Re-Survey No. 16 (old Survey No 11) be clubbed and formed into an enclosure having the following boundary starting from the south-east corner of survey No. 17, the line runs north-west along the east side of Survey No 17 to its north-east corner, then north-west along the north side of Survey No. 17 to the north-east corner of Survey No. 33, then along its north side to its north-west corner, then along the north side of Survey No. 22 for about 51 chains, then through Survey No 22 in a south-westerly direction for about 59 chains to meet a big halla at a point about 15 chains north-west from the north-west corner of Survey No. 21, then south-east along the said halla for about 63 chains to meet the north side of Survey No. 15 at a point about 6 chains north-west from the north-west corner of survey No. 9, then south-west along the north side of Survey No 15 to its north-west corner, then along its west side to its south-west corner, and then south-east along the said side of survey No. 14 for about 15 chains to a point about 5 chains west from the north-west corner of Survey No. 35 of Hirejenna Re-Survey No. 16 will also be treated as an enclosure with a margin of 5 chains all round. 	Requests that right of way to the foot-paths leading to Guddekoppa, Karki, Lingadakoppa and Hiremaitu may be admitted.	.....	.....	.....	.....	Right of way to the foot-paths leading to Guddekoppa, Karki, Lingadakoppa and Hiremaitu will be admitted. C. VENKATA RAO, Forest Settlement Officer.	.....
8	Baremachari, patel of Chikjenai.	7th March 1914	States that the raiyats of the hamlet of Bogiga resort to Survey Nos. 1 and 17 for obtaining soppu, fuel, etc., and begs that these survey numbers may be excluded and right of free grazing given.	.....	.....	7th March 1914. The whole of Hirejenai village lies within the Reserve. In the notification issued by Government under Section 3 of the Forest Regulation, no less than 33 survey numbers have been ordered to be treated as enclosures. The raiyats state that they require Survey Nos. 1 and 17 for meeting their requirements. I have permanulated these areas and find that their representation is reasonable. I accordingly direct that an enclosure be formed having the following boundary:— Starting from the south-east corner of Survey No. 17, the line runs south-east and north-west along the eastern boundary of the village to the injunction of Hiremaitu, Kaigatti and Tariga, then west through Survey No. 1 for 43 chains to meet a halla at a point about 11 chains south-west from the southernmost corner of Survey No. 2, then south-west through Survey Nos. 1 and 41 for 32 chains to a point about 10 chains south from the southernmost corner of Survey No. 40, then west through Survey Nos. 41 and 36 for 20 chains to meet a halla at a point about 10 chains south-east from the southernmost corner of Survey No. 39, then south-west for about 18 chains through Survey No. 36 to meet another halla at a point about 10 chains south from the south-west corner of Survey No. 39, then north-west for 15 chains to point about 10 chains west from the south-west corner of Survey No 39, then north for about 23 chains to a point about 7 chains west from the north-east corner of Survey No. 37 and then north-east for about 28 chains to a point on the northern boundary of the village about 8 chains west from the north-west corner of Survey No 25. C. VENKATA RAO, Forest Settlement Officer. 5th March 1914.	.....

Right of way to the foot-paths leading to Chikjenni and Kusgundi will be admitted for men and cattle. Width to be 6 feet C. VENKATA RAO, Forest Settlement Officer. 5th March 1914.	.....

N. B.—In consideration of the fact that some of the undermentioned villages have contributed a large extent of either kharab or gomal lands, while some of them have to be treated as enclosures in the Reserve, I decide that the raiyats thereof be entitled to graze free their cattle as shown against each of them in the Reserve, during the prescribed season :—

1.	Kusgundi	...	...	Cattle	121	3.	Dodkunnur	..	..	Cattle	97
2.	Karigarai	...	...	,,	171	4.	Maladikoppa	...	..	,,	154
5.	Bilaki	...	...	Cattle	62						
6.	Chikjenni	...	...	,,	155						
7.	Hirejenni	..	..	,,	158						

The villagers of Mallur and Chikunnur pray that owing to the growth of grass in the malnad being scanty, they may be allowed to graze their cattle in the Reserve on a nominal lump sum fee to be paid by them annually. Their representation is reasonable I accordingly direct that they be entitled to graze their cattle, *viz.* 341 in the case of Mallur, and 99 in the case of Chikunnur in the Reserve during the prescribed season on an annual payment of Rs. 5 and Rs. 2 respectively in a lump sum. Similarly the raiyats of Karki which is also affected by the proposed Reserve will be entitled to graze their cattle (244) therein on payment of a lump sum fee of Rs. 4-8-0 per annum.

C.—Statement of lands taken up for the Haridravati proposed State Forest.

No. R. 5062-5—Ft. 71-16-4, dated 25th November 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Notification No. R. 950—Ft. 18-08-2, dated 10th August 1908, declaring under Section 4 of the Forest Regulation, that it is proposed to constitute certain lands in the Nagar Taluk as a State Forest under the name of Devagange block.

2. Letter No. A. C 823, dated 19th September 1916, from the Revenue Commissioner in Mysore, forwarding letter No. 240, dated 24th January 1914, with its enclosures the B and C registers, from the Forest Settlement Officer reporting on the conclusion of the settlement of the block (Printed as accompaniments with the B and C registers).

3. Correspondence ending with letter No. 4096, dated 30th October 1916, from the Conservator of Forests in Mysore, stating that he is agreeable to the settlement effected and requesting that the block may be notified as a State Forest.

Order No. R. 5062-5—Ft. 71-16-4, dated 25th November 1916.

Government approve of the settlement effected by the Forest Settlement Officer. The notification under Section 17 of the Forest Regulation declaring the block a State Forest with effect from 1st January 1917, will be published in the Gazette.

2. The Deputy Commissioner, Shimoga District, is requested to promulgate the boundaries of the forest in the villages in which the forest is situated.

L. KRISHNA RAO,
Offg. Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Deputy Commissioner, Shimoga District, with the map and registers.
The Superintendent, Revenue Survey and Settlement in Mysore.

NOTIFICATION.

No. R. 5066—Ft. 71-16—5, dated 25th November 1916.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from 1st January 1917, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof:—

Schedule.

District	Taluk, Hobli	Villages	Approximate area	Name of block
Shimoga ...	Nagar ...	Brahmantorve, Kodasi Basavanbyana and Bisi.	1·45 sq. miles ...	Devagange

No. R. 5062-5—Ft. 71-16-4, dated 25th November 1916.

North.—Starting from the southernmost corner of Survey No. 89 of Brahmantorve, the line runs east along its south side for about 13 chains to its south-east corner, then south-east in a straight line for about 17 chains through Survey Nos. 36 and 9 of the same village to the junction of 2 hallas at a point about 23 chains south from the southernmost corner of Survey No. 34, then in the same direction through Survey No. 9 for about 21 chains to the junction of another set of 2 hallas at a point about 24 chains south-west from the south-west corner of Survey No. 10, then north-east through Survey Nos. 9 and 51 for about 32 chains in a straight line till it meets the junction of a third set of 2 hallas at a point about 17 chains south from the south-east corner of Survey No. 8: then north-east through Survey No. 54 for about 54 chains in a straight line, to a point on its east side, about 34 chains north from its south-east corner, then north-west along its east side for about 33 chains to its north-east corner, then south-east along the south side of Survey No. 63 to its south-east corner.

East.—Thence south and south-west along the left bank of the Kodasi river for about 116 chains to the south-east corner of Survey No. 55 of Brahmantorve; then south-east along the left bank of the said Kodasi river for about 8 chains to the south-east corner of Survey No. 91 of Kodasi, then south-west in a straight line through Survey Nos. 92 and 90 for about 29 chains to a point on the south side of the latter survey number about 5 chains west from the westernmost corner of Survey No. 55 of the same village, then in the same direction for about 26 chains in a straight line through Survey Nos. 89 and 52 to the northernmost corner of Survey No. 87 of the same village.

South.—Thence west in a straight line for about 36 chains through Survey No. 5 of Basavanbyana to a point on a halla about 26 chains north-west from the north-west corner of Survey No. 6 of the same village; then south-west through Survey No. 5 for about 15 chains to the junction of 2 hallas at a point about 18 chains north from the north-east corner of Survey No. 4 of the same village; then west for about 11 chains through Survey No. 5 to the junction of another set of 2 hallas at a point about 16 chains north-west from the north-west corner of Survey No. 4 of the same village: then north-west for about 16 chains through Survey No. 5 to a point on its west side about 24 chains south-east from its north-west corner, then south-west in a straight line for about 21 chains through Survey No. 81 of the Bisi village to a point on a halla about 9 chains from the north-east corner of Survey No. 82 of the same village, then north-west through Survey No. 81 for about 30 chains in a straight line to a point about 13 chains north from the north-west corner of Survey No. 77; then south-west in a straight line through the said Survey No. 81 for about 17 chains to a point about 10 chains north from the north-west corner of Survey No. 80.

West.—Thence north in a straight line through Survey No. 81 for about 30 chains to a point on its north side, about 11 chains east from the north-west corner of Survey No. 81; then north-east in a straight line through Survey No. 183 of Brahmantorve for about 39 chains to the starting point.

Remarks.

A.—The undermentioned rights of way are allowed within the block, throughout the year:—

(1) *Cart-track.*—From Brahmantorve to Yeraga, 15 feet wide and about 28 chains long, open for men, cattle and carts. It enters the forest in its northern boundary at a point about 31 chains east from the north-east corner of Survey No. 1 of the Brahmantorve village, goes east through Survey No. 55 of the said Brahmantorve village and quits the forest in its eastern boundary at a point on the left bank of the Kodasi river about 22 chains south from the south-east corner of Survey No. 63 of Brahmantorve.

(2) *Foot-path.*—From Brahmantorve to Nagar, 6 feet wide and about 31 chains long, open for men and cattle. It enters the forest in its northern boundary at a point about 7 chains south-east from the south-east corner of Survey No. 89 of Brahmantorve, runs south-west and west through Survey Nos. 36 and 183 of the same village and quits the forest in its western boundary at a point about 10 chains south-west from the southernmost corner of Survey No. 89 of the same village.

(3) *Foot-path,*—From Basavanbyana to Brahmantorve, 6 feet wide and about 48 chains long, open for men and cattle. It enters the forest in its southern boundary at a point about 20 chains west from the northernmost corner of Survey No. 87 of Kodasi, goes north and north-west through Survey No. 5 of Basavanbyana, Survey Nos. 52, 89, 90, 92 and 91 of Kodasi and Survey Nos. 54 and 9 of Brahmantorve and quits the forest in its northern boundary at a point about 19 chains south-west from the south-east corner of Survey No. 10 of the last mentioned village.

By Order,
L. KRISHNA RAO,
Offg. Secy. to Govt., Rev. Dept.

No. R. 5062-5—Ft. 71-16-4, dated 25th November 1916.

Letter No. A.C. 823—Gl., dated Bangalore, 23rd September 1916, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

I have the honor to forward herewith the marginally noted papers relating to the conclusion of the settlement of the Devagange Block in the Nagar Taluk received with correspondence ending with the Deputy Commissioner's letter No. H. C. 471, dated 13th September 1916.

1. Forest Settlement Officer's letter No. 240, dated 21th January 1914.
2. 'B' Register.
3. 'C' do
4. Boundary notification.
5. Sketch map and topo tracing.

2. The block is situated about two miles to the north of the Nagar town and forms a hilly tract extending from Bisi block in the west up to Kodasi stream in the east. It measures 933 acres, 34 guntas or 1·45 square miles consisting of gomal and kharab lands taken from the villages of Brahmantorve, Kodasi, and Basavanbyana and Bisi.

3. Seven claims were preferred by the villagers concerned and all of them were admitted by the Settlement Officer. No appeal was preferred against the decision of the Settlement Officer and the Deputy Commissioner has no objection to the issue of the final notification. The settlement may be approved.

Letter No. 240, dated Bangalore, 21th January 1914, from C. Venkata Rao, Esq., B.A., Forest Settlement Officer in Mysore, to K. S. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, through the Deputy Commissioner, Shimoga District.

I have the honor to report on the conclusion of the settlement of the Devagange Block in the Nagar Taluk of the Shimoga District.

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest was published on pages 505 and 506 of the English issue of the *Mysore Gazette*, Part I, dated the 13th August 1908; and the proclamation under Section 5 of the said Regulation was issued by my predecessor in office Mr. M. Shama Rao, and the same appeared on pages 627-28 and 29 of the Kannada issue of the *Mysore Gazette*, Part II, dated the 15th October 1908. The proclamatory notices were got served on the villagers concerned through the Amildar of the Nagar Taluk.

3. The locality was inspected and perambulated by me in company with the Range Officer of the Tirthahalli Range on the 25th and 27th January 1913. The lands left for the raiyats after reservation are apparently more than adequate for meeting their requirements in the matter of pasturage, soppu, fuel, etc; but, as these are inconveniently situated in the case of certain hamlets, they cannot be easily resorted to, by the residents thereof. It is therefore necessary to assign sufficient kharab and gomal lands situated close to them, for the above purpose. The reservation of the tract in question in its entirety being therefore incompatible with the exercise of the rights and privileges of the agricultural population in its neighbourhood, I had no alternative but to exclude a portion of the proposed area in the case of each village.

4. The undermentioned seven claims were preferred to me during the enquiry.

(i) Two claims to right of way.

(ii) Five claims to miscellaneous rights.

All the claims in (i) and (ii) were admitted.

5. The Deputy Commissioner has intimated in his docket No. 1445, dated 10th September 1913, that no appeals have been preferred to him against my decision relating to the settlement of the block in question.

6. The following records are herewith submitted.

(i) 'B' Register.

(ii) 'C' Do

(iii) Sketch map.

(iv) Boundary notification.

(v) Topo tracing.

7. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

No. R. 5062-5—Ft. 71-16-4, dated 25th November 1916.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Devagange State Forest.

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
1	Subraya, patel of Brahmantorve.	25th Jan. 1913.	Represents that the lands proposed for reservation are those upon which the ryots depend for leaf manure for their garden and wet lands, and prays that they may be excluded from the Reserve	....	*Out of 595 acres of kharab and 1,999 acres of gomal lands of this village, only a small extent, viz.* 387 acres of kharab and 605 acres of gomal are taken to the Reserve. The proposal may be confirmed after leaving a small margin of lands near cultivated fields.	In the Brahmantorve village the hagayet land (Survey No. 192) depends for leaf-manure on the adjoining hillock known as Suvarnitatagavedda. It may be contended that the jungle situated to its north-west and south-west is quite enough for supplying leaf-manure to it. But as the malnad raiyat has found it by experience that he should rigidly conserve the forest situated to the west of his arecanut garden for the purpose of giving shade to the arecanut trees, I would exclude the jungle around Suvarnitatagavedda for meeting his requirements; and accordingly direct that the demarcation line be shifted at a point about 11 chains east from the irrigation bandhs of Brahmantorve, Bisi and Brahmantorve and taken in a north-easterly direction through Survey No. 183 for about 39 chains to the southernmost corner of survey No. 89 and then along its south side to its south-east corner. As portions of Survey Nos. 96 and 9, the latter of which is a soppabetta, are pukka pasture lands having a few trees standing thereon, no useful purpose will be served by including them within the Reserve, while it deprives the ryots concerned, of the best pasturage available in their neighbourhood. I would therefore exclude these lands from the Reserve and accordingly direct that the forest boundary line be continued from the south-east corner of Survey No 89 through Survey Nos. 96 and 9 in a south-easterly direction for about 31 chains so as to meet the junction of the first two small bellas at a point about 23 chains south from the south-easternmost corner of Survey No. 34 and the junction of the second set of bellas at a point about 24 chains south-west from the south-east corner of Survey No. 10 and then north east through Survey Nos. 9 and 54 for a distance of 32 chains so as to	....	....

B.—Register of claims to lands, rights to forest produce or easements in the proposed Devagange State Forest, etc —*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
						meet the junction of the third set of hallas at a point about 17 chains south-east from the south-east corner of Survey No 8. As the preliminary demarcation and line touches bagayet lands Survey Nos. 8, 28, 1 and 38, it has to be shifted farther away from them. The lands to the south and east being partly pasture lands and partly jungle on which the holders thereof, have to depend for soppu, have therefore to be excluded from the Reserve. I accordingly direct that the forest boundary line be made to run from the last mentioned point in a north-easterly direction for about 54 chains through Survey No. 54 to a point on the east side of the said survey number about 34 chains north from the south-east corner of the said survey number and then along the said east side to meet its north-east corner. C. VENKATA RAO, Forest Settlement Officer. 29th January 1913.		
2	Subraya, patel of Brahmantorve.	25th Jan. 1913	Requests that right of way to the foot-path to Nagar and to the cart-track to Yarage may be admitted.	.....	May be admitted ...	Right of way to the foot-path (6 feet wide) leading to Nagar and to the cart-track (15 feet wide) to Yarage will be admitted in the block throughout the year. C. VENKATA RAO, Forest Settlement Officer. 29th January 1914.	.....	
3	Vamana Rao, Zamindar in Kodasi village.	25th Jan. 1913	States that he is the khatedar of Survey Nos. 43 to 50 and 54 which are all wet lands that he depends for soppu and other privileges conferred on the malnad raiyats of Survey Nos. 52, 89, 90, 92 and 91 now proposed for the Reserve, that the Kodasi river separates the hamlet of Indravadi near Survey No. 54 and prays that the above mentioned survey numbers, may be excluded from the Reserve.	.....	There remains 1,348 acres of karab and gomal for 421 head of horned cattle. The portion that is proposed is in a corner of the village and can conveniently be included in the Reserve.	*3 and 4.* In the Kodasi village the preliminary demarcation line runs at the edge of cultivated lands bearing Survey Nos. 51, 53 and 55 and has therefore to be shifted from its present position. Portions of Survey Nos. 52 and 89 being well studded with bamboos almost may be conveniently excluded out of the Reserve. As owing to the existence of a big halla known as the Kodasi river which becomes unfordable for some months in the rainy season, the raiyats of the hamlets of Indrawadi do	.....	

						require a portion of jungle nearest their village for meeting their requirements. I would therefore exclude the portions of Survey Nos. 90, 91 and 92. In these circumstances, I direct that the said line be deviated at the south-east corner of Survey No. 91 and taken south so as to meet the south side of Survey No. 90 at a point about 5 chains west from the north-west corner of Survey No. 55 and then south-west for about 26 chains through Survey Nos. 89 and 52 to the northernmost corner of Survey No. 88. The villagers have made a representation through the Taluk Amildar that in the matter of obtaining timber, etc., they depend upon Survey Nos. 91 and 92 as they are not allowed to exercise this *right under the Malnad raiyats' special* privilege rules in Survey No. 6, owing to its being a forest coupe and that Survey Nos. 91 and 92 may therefore be excluded from the proposed State forest. Survey No. 6 referred to above being a district jungle. I do not see why these raiyats should be prevented from obtaining therefrom timber, etc., under the aforesaid rules. It is a question for disposal by the Revenue authorities. C. VENKATA RAO, Forest Settlement Officer. 28th Jan. 1912. *See Claim 3.*	
4	Dyavanna, patel of Kodasi.	26th Jan. 1913	States that he has nothing to add to the representation made by Vamana Rao.	.....			
5	Subbabhatta, patel of Basavanabyana.	25th Jan. 1913	Represents that the Reserve includes the Dodkere of Basavanabyana, which is a standard tank, that the preliminary demarcation line runs close to occupied Survey No. 6, that Survey No. 5 is the only gomal of the village on which the cattle depend for pasturage and that the said Survey No. 5 may be excluded from the Reserve.	.....	After excluding the proposed gomal survey number there remains four more survey numbers measuring 134 acres for the pasturage of 99 head of cattle; and hence no land need be excluded from the Reserve.	In the Basvanbyana village Survey No. 5 alone consists of jungle from which the raiyats obtain soppu, fuel, etc., and the other kharab lands can only serve as pasture lands. It is therefore indispensable to exclude a portion of this jungle for their use. Besides, the preliminary demarcation line should be shifted farther away from Survey Nos. 6 and 4 which it now touches, as they are occupied lands under cultivation. According to the boundary notification issued by Government under section 4 of the Forest Regulation, the proposed demarcation line includes within the Reserve Devagange Dodkere which is a standard tank; but in the sketch received therewith, it excludes the said tank. Considering the fact that it is a standard tank and it is used by the villagers for irrigation also it would be best to exclude it altogether. I accordingly	.....

B.—Register of claims to lands, rights to forest produce or easements in the proposed Devagange State Forest, etc.—*concld.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
						direct that the said preliminary demarcation line be deviated at the easternmost corner of Survey No. 5 and taken in a straight line in a westerly direction for about 36 chains to a point on a small halla about 25 chains north-west from the north-west corner of Survey No. 6, then south-west for about 15 chains to a point at the junction of two small hallas about 18 chains north from the north-east corner of Survey No. 4, then west for about 11 chains to meet the junction of another set of two hallas at a point about 16 chains north-west from the north-west corner of Survey No. 4 and then almost in the same direction for about 16 chains to meet the west side of Survey No. 5 at a point about 24 chains south-east from the north-west corner of the said survey number. Owing to the above mentioned alteration of the Forest boundary in this village, 100 acres will be excluded out of the proposed extent. C VENKATA RAO, Forest Settlement Officer. 28th January 1913.		
6	Subbabhatta, patel of Basavanbyana.	25th Jan. 1913	Requests that a right of way to the foot-path leading to Brahmantorve may be admitted.	.....	May be admitted.	Right of way to the foot-path leading from Basavanbyana to Brahmantorve will be admitted for men and cattle throughout the year. Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 28th January 1913.	.....	...

No. R. 5062-5—FT. 71-16-4, DATED 25TH NOVEMBER 1916.

7	Timmapgá, patel of Bisi.	Do ..	States that the portion of Survey No. 81 which is included in the Reserve, may be altogether excluded there from, as they can ill-afford to give to the forest any portion of his village lands, that the small tank known as Subbannanakere which will irrigate Survey No. 77 if repaired, may be excluded and that the preliminary demarcation line shifted further wherever it touches cultivated lands.	.....	As there remains 2,995 acres of gomal for the pasturage of 440 head of cattle the patel's prayer seems to be unreasonable.	In the Bisi village the preliminary demarcation line requires shifting in three places where it touches the edge of cultivation, that is, Survey Nos. 88, 77 and 80. It now includes in the Reserve a tank known as Subbannanakere which, if repaired, will irrigate the lands situated below it. While shifting the line in the aforesaid places I would so run it as to exclude some pasture lands not of much use to the Forest Department. I therefore direct that the said demarcation line be shifted from the easternmost corner of Survey No. 81 to a point about 21 chains north-west on the east side thereof, and taken south-west through Survey No. 81 for 21 chains to meet a halla at a point about 9 chains north-west from the north-east corner of Survey No. 82, then north-west through Survey No. 81 for about 30 chains to a point about 13 chains north-west from the south-east corner of Survey No 77 and then west for about 17 chains meeting the demarcation line at a point about 30 chains north from the north-east corner of Survey No. 80. C. VENKATA RAO, Forest Settlement Officer. 28th January 1913.

28th January 1913

C. VENKATA RAO,
Forest Settlement Officer.

Mettikai Block.

No. R. 5230-3—Ft. 67-16-4, dated 29th November 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Notification No. R. 4401—Ft. 57-09-2, dated 30th December 1909, declaring under Section 4 of the Forest Regulation that it is proposed to constitute certain lands in the Nagar Taluk, as a State Forest under the name of Mettikai block.

2. Letter No. A. C. 813, dated 18th September 1916, from the Revenue Commissioner in Mysore, forwarding letter No. 77, dated 20th December 1914, from the Forest Settlement Officer in Mysore, reporting on the conclusion of the settlement of the block.

(Printed as accompaniments with the B and C Registers.)

3. Correspondence ending with letter No. 4372, dated 4th November 1916, from the Conservator of Forests in Mysore, stating that he is agreeable to the settlement effected by the Forest Settlement Officer, and requesting that the final notification under Section 17 may be caused to be issued.

Order No. R. 5230-3—Ft. 67-16-4, dated 29th November 1916.

Government approve of the settlement effected by the Forest Settlement Officer. The notification under Section 17 of the Forest Regulation declaring the block a State Forest, with effect from 1st January 1917, will be published in the Gazette.

2. The Deputy Commissioner, Shimoga District, is requested to promulgate the boundaries of the forest in the villages in which the forest is situated.

L. KRISHNA RAO,
Offg. Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.

The Conservator of Forests in Mysore.

The Deputy Commissioner, Shimoga District, with the remark that the delay of two years in his office in dealing with the Forest Settlement Officer's report is highly unsatisfactory (returning the map and registers.)

The Superintendent, Revenue Survey and Settlement in Mysore.

Exd.—C. R.

No. R. 5230-3 –Ft. 67-16-4, dated 29th November 1916.

NOTIFICATION.

No. R. 5234—Ft. 67-16-5, dated 29th November 1916.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900), that, from 1st January 1917, the area, the boundaries of which are set forth in the Schedule annexed to this Notification, shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof:—

SCHEDULE.

District	Taluk, hobli and village	Approximate area	Name of block	Situation and boundaries
Shimoga	Nagar Taluk, Lakshmipur hobli, 1. Mettikai, 2. Hosur, Nagar hobli, Brahmanwada.	2·95 square miles.	Mettikai.	BOUNDARIES.

North.—Starting from a point on the north side of Survey No. 13 of Hosur, about 11 chains east from its north-west corner, the line runs south-east for about 22 chains through the said Survey No. 13 of Hosur to a point about 14 chains north-west from the north-east corner of Survey No. 12, then north-east through the said Survey No. 13 for about 36 chains to a point about 5 chains north-west from the northernmost corner of Survey No. 11, then north-east through the said Survey No. 13 for about 10 chains to a point about 10 chains south-west from the south-west corner of Survey No. 130 of Hebburli, then south-east along the south side of Survey No. 125 of the said village to its south-east corner, then along the south side of Survey No. 92 to its south-east corner then south-east along the south side of Survey No. 109 for about 13 chains to a point about 6 chains south-west from the south-west corner of Survey No. 115.

East.—Thence south-west along the western boundary of the said Hebburli village for about 29 chains to a point about 13 chains west from the northernmost corner of Survey No. 79, then west for 5 chains, south for 15 chains through Survey No. 13 of Hosur to a point about 5 chains west from the south-west corner of Survey No. 79 of Hebburli, then south-east for 12 chains and north for 5 chains through Survey No 8 of Hosur to a point on the south side of Survey No. 77 of Hebburli about 4 chains east from the south-east corner of Survey No. 79, then south-east along the south side of the said Survey No. 77 to its south-east corner, then south-east along the western boundary of the Aremanekoppa village to its south-west corner, (south-east corner of Survey No. 8 of Hosur), then south-east along the western boundary of the Kabbinamakki village to its south-west corner, then in the same direction along the western boundary of the Mattimane village to its south-west corner, (eastern bend of Survey No. 115 of Mettikai), then south along the west side of Survey No. 48 of Brahmanwada for about 50 chains to the south-east corner of Survey No. 157 of Mettikai.

South.—Thence south-west in a straight line through Survey Nos. 48 and 49 of Brahmanwada for about 80 chains to a point on the south side of the latter survey number about 24 chains north-west from its south-west corner, then north-west along the south side of Survey No. 49 to the south-east corner of Survey No. 134 of Mettikai.

West.—Thence north-west along the east side of the said Survey No. 134 for about 40 chains to a point about 20 chains south-east from the south-east corner of Survey No. 117, then north-west through Survey No. 116 for about 61 chains to a point on its north side about 10 chains east from the south-east corner of Survey No. 119, then north-east through Survey No. 129 for about 37 chains to a point on its north side about 10 chains south-east from the south-east corner of Survey No. 2, then north-west through Survey No. 8 of Hosur for about 22 chains to a point about 10 chains east from the north-east corner of the said Survey No. 2, then north-west through the said Survey No. 8 for about 20 chains to a point on its north side about 18 chains west from the southernmost corner of Survey No. 9, then west along the north side of Survey No. 8 to its north-west corner, then west along the north side of Survey No. 7 for about 17 chains to a point about 18 chains north-west from the north-west corner of Survey No. 1, then south-west through the said Survey No. 7 for about 24 chains to a point on a bend on its west side about 16 chains north-west from the south-west corner of Survey No. 6, then west and north along the east side of Survey No. 138 of Mettikai for about 59 chains to a point about 13 chains south from the south-east corner of Survey No. 153 of the said village, then east through Survey No. 16 for about 28 chains to a point about 5 chains south from the south-east corner of Survey No. 17 of Hosur, then north-east in a straight line through Survey Nos. 16 and 13 of the said village for about 46 chains to the starting point.

Remarks.

A. The following rights of way are admitted in the block throughout the year:—

1. *Cart-track* from Alagode (South Canara) to Kalsosi, 15 feet wide and about 2 chains long, open for men, cattle and carts. It enters the forest in its northern boundary at a point about 11 chains east from the north-west corner of Survey No. 13 of Hosur, runs south-east through the Saralay enclosure and quits the forest in its western boundary at the north-east corner of Survey No. 7 of the said village.

No. R. 5230-3—Ft. 67-16-4, dated 29th November 1916.

2. *Foot-path* from Hunagana to Kalsosi, 6 feet wide and about 30 chains long, open for men and cattle. It enters the forest in its western boundary at a point about 5 chains north-east from the south-east corner of Survey No. 17 of Hosur, goes south-east through Survey No. 16 of the said village and quits the forest in its western boundary at the north-east corner of Survey No. 7.

3. *Cart-track* from Kalsosi to Nagar, *via*, Mettikai and Umbalabadike enclosure, 15 feet wide and about 101 chains long, open for men, cattle and carts. It enters the forest in its western boundary at a point about 12 chains south-east from the north-east corner of Survey No. 2 of Hosur, runs south-east and north-east through Survey No. 8 of the same village and east through Survey No. 115 of Mettikai and reaches the Umbalabadike enclosure, and again it begins in the said enclosure at a point about 16 chains north-east from the northernmost corner of Survey No. 166, runs south-east through the said Survey No. 115 and quits the forest in its eastern boundary at a point about 8 chains south-east from the south-west corner of the Kabbinmakki village.

4. *Foot-path* branching from the above and leading to Kabbinmakki, 6 feet wide and about 17 chains long, open for men and cattle. It branches at a point about 22 chains north-east from the northernmost corner of Survey No 166, runs north through Survey No. 115 and quits the forest in its eastern boundary at a point about 7 chains north from the south-west corner of the Kabbinmakki village.

5. *Foot-path* branching from cart track No. 3 *supra* and leading to Muganad, *via*, Umbalabadike and Brahmanwada, 6 feet wide and about 40 chains long, open for men and cattle. It branches at the north-west corner of Survey No. 116 of Mettikai, runs south-east through Survey No. 115 and reaches the Umbalabadiki enclosure, then again it begins in the said enclosure at a point about 22 chains west from the south-east corner of Survey No. 157 of Mettikai, runs south-east through Survey No. 115 of the said village and Survey No. 48 of Brahmanwada and quits the forest in its southern boundary at a point about 20 chains south-west from the south-east corner of Survey No. 157 of Mettikai.

6. *Foot-path* from Umbalabbadike to Nagar, 6 feet wide and 12 chains long, open for men and cattle. It begins in the Umbalabadike enclosure at a point about 15 chains south-east from the south-east corner of Survey No. 166 of Mettikai, runs east through Survey No. 115 and quits the forest in its eastern boundary at a point about 8 chains north from the south-west corner of the Mattimane village.

7. *Foot-path* from Umbalabadike to Gensinkuni, *via* Tarijeddu, 6 feet wide and about 62 chains long, open for men and cattle. It begins in the Umbalabadike enclosure at a point about 3 chains south from the north-west corner of Survey No 157 of Mettikai, runs west through Survey No. 115 for 5 chains and reaches the Tarijeddu enclosure, then again it begins in the said enclosure at a point about 12 chains south-west from the northernmost corner of Survey No 165, runs north-west through Survey Nos. 116 and 129 of Mettikai and quits the forest in its western boundary at a point about 11 chains north-east from the south-east corner of Survey No. 119

B. The undermentioned concessions are admitted in the block:—

(i) The hamlet of Tarijeddu in the Mettikai village and Survey Nos. 164 and 165 are clubbed together and treated as an enclosure with a margin of 10 chains all round.

(ii) The hamlet of Umbalabadike in the said village and Survey Nos. 166, 114, 112, 113, 111 and a portion of Survey No. 157 are clubbed together and treated as an enclosure with a margin of 15 chains all round.

(iii) The hamlet of Saralay and Survey Nos. 9, 10, 11, 12, 14 and 15 of Hosur are clubbed together and treated as an enclosure having the following boundary:—

Starting from a point on the north side of Survey No. 13 of Hosur, about 11 chains east from its north-west corner, the line runs along the settled boundary of the reserve for about 59 chains, then south-east through the said Survey No. 13 for about 51 chains to meet its east side at a point about 6 chains south-west from its easternmost corner, then along the settled boundary line to a point about 3 chains south-east from the south-east corner of Survey No. 13 then west through Survey No. 8 for about 36 chains to a point about 5 chains south from the southernmost corner of Survey No. 9, then north-west through Survey No. 8 for about 18 chains to meet its north side, then west along the demarcation line for 20 chains to its north-west corner and then north-west along the cart-track leading to Alagode to the starting point.

(iv) Beerappa's temple in Survey No. 16 of Hosur is treated as an enclosure. Access to it will be along a foot-path branching from the cart-track No. 1 *supra*.

(v) The raiyats of Mettikai (364) and Hosur (456) are entitled to graze their cattle, free in the reserve, during the prescribed season.

By Order,
L. KRISHNA RAO,
Offg. Secy. to Govt., Rev. Dept.

To—The Compiler, *Mysore Gazette*.

No. R. 5230-3—Ft. 67-16-4, dated 29th November 1916.

Letter No. A. C. 813, dated Bangalore, 18th September 1916, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

I have the honor to forward herewith the marginally noted papers relating to the conclusion of the settlement of the Mettikai Block in the Nagar Taluk retransmitted by the Deputy Commissioner, Shimoga District, with his letter No. H. C. 34, dated 6th July 1916.

1. Letter No. 77, dated 20th December 1914, from the Settlement Officer.
2. 'B' Register.
3. 'C' Register.
4. Sketch map.
5. Topo extract.
6. Boundary notification.

2. The block in question is situated to the west of Sharavati river and to the north-east of the Kilandur jungle whose settlement records have been submitted to Government with this office letter No. A. C. 806, dated the instant. It covers an area of 1,891 acres, 32 guntas or 2·95 square miles consisting of gomal and kharab lands taken from the villages of Hosur, Mettikai and Brahmanavade.

3. Two claims to right of free grazing, 2 to right of way and 6 of a miscellaneous character were preferred at the time of the settlement and all of them were admitted by the Settlement Officer. There were no appeals against his decision. The Deputy Commissioner has no objection to the issue of the final notification and I agree with him.

From C. Venkata Rao, Esq., B.A., Forest Settlement Officer, now Vice-President, dated Bangalore 20th December 1914, to K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, Bangalore, through the Deputy Commissioner, Shimoga District.

I have the honor to report on the conclusion of the settlement of the Mettikai Block in the Nagar Taluk of the Shimoga District.

2. The initial notification under Section 4 of the Mysore Forest Regulation, proposing to constitute the area into a State Forest appeared on pages 11 and 12 of the English issue of the *Mysore Gazette*, Part I, dated the 6th January 1910, and the proclamation under Section 5 of the said Regulation was published on pages 120 to 122 of the Kannada issue of the *Mysore Gazette*, Part II, dated the 24th February 1910.

The proclamatory notices were got served on the villagers concerned, through the Amildar of the Nagar Taluk.

3. The locality was inspected and perambulated by me in company with the Range Officer of the Nagar Range, on the 21st, 23rd and 26th February 1914.

4. The following ten claims were preferred to me during the enquiry :—

(i) Two claims to right of free-grazing.
(ii) Two claims to right of way.
(iii) Six claims to miscellaneous rights.

All the claims in (i), (ii) and (iii) were admitted.

5. The Deputy Commissioner has intimated in his letter No, 1663, dated the 28th August 1914, that no appeals were preferred to him against my settlement decision.

6. The undermentioned records are herewith submitted :—

1. 'B' Register.
2. 'C' Register.
3. Sketch map.
4. Boundary notification.

and 5. Topo tracing.

7. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Mettikai State Forest—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
1	Venkatappa, patel of Brahmanwad..	19th Feb. 1914	States that the southern boundary of Mettikai and the northern boundary of Bisi Reserves entirely surround on all sides of the hamlets of Nerlamane and Hundagal, depriving of their grazing lands as well as the jungle from which raiyats obtain soppu, etc., and begs therefore that the *line* may be shifted farther away.	.....	The line may be shifted as marked by me in the village map.	Brahmanwad has to contribute 530 acres of gomal to the Mettikai Reserve, the southern boundary of which runs close to the hamlets of Kundagal, Nerlamane, Moorneerhalla and Samagode, depriving them of all the jungle situated to the north of the said hamlets. The northern boundary of Bisi Reserve likewise trenches upon the jungle situated to the south of these hamlets. Thus, they are hemmed in on both the sides. As it was not possible to throw this boundary to a distance, as it then would come in close proximity to the other boundary line of the Bisi Reserve, I had to order its being shifted farther away to a distance of 5 chains from some of these hamlets It is therefore equitable to leave them a large margin to the north by shifting the preliminary demarcation line as described below :— It will be shifted from the northernmost corner of Survey No. 14 to the northernmost corner of Survey No. 48, and taken south along the west side of the latter survey number for about 49 chains to meet the bondhs located at the easternmost corner of Survey No. 157 of Mettikai and then south-west in a straight line through Survey Nos. 48 and 49 of Brahmanwada for 87 chains to meet the west side of the latter survey number at a point about 28 chains north-west from its south-west corner. By this modification of the line 411 acres will be excluded from the Reserve, out of the proposed extent. C. VENKATA RAO, Forest Settlement Officer. 22nd Feb. 1914.	.....	

2	Subraya, patel of Mettikai.	26th Feb. 1914	States that the preliminary demarcation line runs close to the hamlets of Kadakodu and Gensinkuli, that the raiyats of Umbalabadike depend for soppu, fuel, etc., on the jungle in survey No. 115, and prays therefore that it may be excluded from the Reserve and the line shifted beyond the Chakra river on the south and half-way between Gensinkuli and Tarijeddu on the east.	.....	May be shifted as marked by me in the sketch map.	The preliminary demarcation line deprives the raiyats of the hamlets of Kadakodur, Gensmkuli, Tarijeddu, Umbalabadike and Hosakerimatti of a portion of jungle in their neighbourhood, quite indispensable for meeting their requirements in the matter of soppu and fuel. It is not possible to divert the forest boundary line in the case of hamlets 3 and 4. They will therefore be treated as enclosures with sufficient margin around them. The former being bigger of the two will have a margin of 15 chains all round and the latter 10 chains. The boundary of the Reserve in case of the 1st, 2nd and 5th hamlets will be modified. Accordingly the preliminary demarcation line will be deviated at a point on the west side of survey No. 116 about 20 chains south-east from the south-east corner of survey No. 117, and taken through the former survey number in a north-westerly direction to meet its north side at a point about 10 chains east from the south-east corner of survey No. 119 and then north-east through survey No. 129 for 38 chains so as to meet its north side at a point about 10 chains south-east corner of survey No. 2 of the Hosur village. C. VENKATA RAO, Forest Settlement Officer. 28th February 1914.	.....
3	Subraya, patel of Mettikai	26th Feb. 1914	Requests that right of free grazing may be admitted, as almost all the grazing lands have been included in the Mettikai and Kilandur Reserves.	.....	The line may be shifted to a distance of 10 chains from the edge of cultivation.	Considering the fact that a very large area of the village gomal lands will be included in the Reserve in question and that under the leafy canopy of the ever green forests, the growth of grass in wretchedly poor, I decide that the raiyats of Mattikai will be entitled to graze their cattle (364) free in the Reserve, during the prescribed season. C. VENKATA RAO, Forest Settlement Officer. 28th February 1914.	.....
4	Subraya, patel of Mettikai.	26th Feb. 1914	Requests that right of way to the foot-paths leading :— (1) from Umbalabadike to Muganad *via* Brahmanwad. (2) from Umbalabadike to Nagar *via* Mattimane. (3) from Umbalabadike to Kabbinamakki. (4) from Umbalabadike to Tarijeddu, may be admitted.	.....	.....	Right of way to the following pathways will be admitted for men and cattle throughout the year. Width to be 6 feet. (1) Foot-path from Kaisosi to Mooganad, *via*, Umbalabadike and Brahmanwad. (2) Foot-path from Umbalabadike to Kabbinamakki. (3) Foot-path from Umbalabadike to Nagar, *via* Mattimane.	.....

B.—Register of claims to lands, rights to forest produce or easements in the proposed Mettikai State Forest, etc.—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
						(4) Foot-path from Umbalabadike to Tarijeddu and on to Gensinkuli. (5) High road from Kalsosi to Nagar, *via*, Mettikai for the public, as usual. C. VENKATA RAO, Forest Settlement Officer. 28th February 1914.		
5	Subraya, shanbhog of Hosur, on behalf of the raiyats.	26th Feb. 1914	States that the preliminary demarcation line runs on three sides of the hamlets of Kalsosi, that the line touches survey No. 17 which is under occupancy, that the raiyats of the hamlets of Sarali *obtain soppu for* their bagayet and wet lands from the jungle to the east and west of survey No. 118 and from the northern portion of survey No. 8, and begs therefore that these portions of the jungles may be excluded for the use of the raiyats.	.....	The line may be shifted to a distance of 5 chains at the edge of cultivation.	In the Hosur village, the preliminary demarcation line runs close to the hamlets of Kalsosi, Hunaganale and Yebbagakoppa, while it includes within the reserve the hamlet of Saralay. By shifting it farther away *adequate provision* can be made for meeting the requirements of the raiyats concerned. I accordingly direct that the preliminary demarcation line from the last mentioned point in the Mettikai village be continued through survey No. 8 of Hosur for 24 chains in a north-westerly direction to a point about 10 chains east from the north-east corner of survey No. 2 of the same village, then in the same direction for 19 chains through survey No. 8 to a point on its north side about 20 chains east from its north-west corner, then west along the said north side for about 20 chains to the north-west corner of the said survey No. 8, then west along the north side of survey No. 7 for about 17 chains, then south-west through the said survey No. 7 for 24 chains to meet the bandhs on the bend of its southern boundary situated at a distance of 20 chains north-west from the south-east corner of the said survey No. 7, then west and north-west along its south and west sides to its north-west corner, then north-east along the west side of survey No 16 for 22 chains, then east through the same survey number for about 28 chains to a point about 5 chains south from the southernmost corner of survey No. 17, then north-east through the said survey No. 16 for about 47 chains to a point on the north side of survey No. 13 about 11	.....	

No. R. 5230-3—Ft. 67-16-4, dated 29th November 1916.

chains east from its north-west corner, then south-east through the same survey number for 22 chains to a point about 13 chains south-east from the southernmost corner of survey No. 20, then east through the aforesaid survey No. 13 for about 37 chains to a point about 5 chains north from the northernmost corner of survey No. 11, then north-east for 10 chains through survey No. 13 so as to meet its east side at the bandhs located at a point about 18 chains south-east from its north-east corner, then along its east side to its easternmost corner, then south-west along its east side for about 30 chains, then west for 5 chains, then south-west for 15 chains to meet its south side at a point about 5 chains west from the north-west corner of survey No. 79 of Hebbarli, then south-east for 18 chains through survey No. 8, then north-east for 5 chains to meet its north side at a point about 4 chains east from the south-west corner of the said survey No. 79 and then south-east along the north side of survey No. 6 for 36 chains to its north-east corner.

C. VENKATA RAO,
Forest Settlement Officer.

28th February 1914.

The hamlet of Sarelay with its assessed lands will be clubbed together and formed into an enclosure having the following boundary:—

Starting from a point on the north side of survey No. 18 of Hosur, about 11 chains east from its north-west corner, the line runs along the settled boundary line of the Reserve for about 59 chains, then south-east through the said survey No. 13 for 51 chains, to meet its east side at a point 6 chains south-west from its east-ernmost corner, then along the settled boundary line of the Reserve to a point about 3 chains south-east from the south-east corner of the said survey No. 18, thence west through survey No. 6 for 36 chains to a point about 5 chains south from the southernmost corner of survey No. 9, thence north-west through survey No. 8 for 18 chains to meet its north side, thence west along the demarcation line for 20 chains to its north-west corner, and then north-west along the cart track through survey No. 18 leading to Adagode to the starting point.

C. VENKATA RAO,
Forest Settlement Officer.

28th February 1914.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Mettikai State Forest, etc.—*contd.*

No	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1		3	4	5	6	7	8	9
6	Subraya, shanbhog of Hosur, on behalf of villagers	26th Feb. 14	Requests that right of free grazing may be admitted as much of his village grazing lands are included in the Reserve.	.....	.....	For reasons stated in the decision of claim 3, I grant the raivats of Hosur, the right of free grazing for 456 head of cattle, during the prescribed season. C. VENKATA RAO, Forest Settlement Officer. 28th February 1914.	.....	
7	Do ...	Do ...	States that in Survey No. 7, 60 acres of Kan is in the holding of Chennabasamma who enjoys that portion on payment of Rs. 3-12-0, kandayam, and requests that the same may be excluded from the Reserve.	.....	.....	As it is ascertained that 60 acres in Survey No. 70 is private Kan and as it has not been separately defined and demarcated, it is not found possible to treat the same as enclosure. But the portion said to be in private occupation will be excluded by the modification ordered above in the boundary line. C. VENKATA RAO, Forest Settlement Officer. 28th February 1914.	.....	
8	Do ...	Do ...	States that there is the Beerappa's temple in Survey No. 16 and requests that it may be excluded from the Reserve, with a right of way to it.	.....	May be admitted	Right to worship in the Beerappa's temple in Survey No. 16, which will be treated as an enclosure is hereby granted. Access to the same will be along a foot-path branching from the cart-track leading to Mettikai. C. VENKATA RAO, Forest Settlement Officer. 28th February 1914.	.....	
9	Do ...	Do ...	Requests that right of way to the foot-path leading from Hunagale to Kalsosi, and to the cart-track from Adagod to Kalsosi may be admitted.	.....	.....	Right of way to the foot-path leading to Hungale to Kalsosi (six feet wide), and to the cart-track leading from Adagod to Kalsosi will be admitted for men, cattle and carts throughout the year. Width to be fifteen feet. C. VENKATA RAO, Forest Settlement Officer. 28th February 1914.	.....	

No. R. 5230-3—Ft. 67-16-4, dated 29th November 1916.

19	Subraya, patel of Hebburli.	28th Feb. 1914	Represents that Survey No. 109 left for the village does not contain any jungle, that it is a "byana" or grazing ground, that his raiyats and those of Kavalukai get soppu and fuel from the adjoining Survey No. 77 which is now proposed for the Reserve, and prays that the said Survey No. 77 may be excluded therefrom.	...	As only a small bit is proposed, the same may be excluded.	The raiyats of Hebburli represent that Survey No. 77 is the jungle which supplies soppu, etc., for them. The preliminary demarcation line runs close to some of the hamlets and cannot be altered without involving very many alterations in the boundary line settled in the remaining villages. Besides, the representation of the raiyats that they cannot meet their requirements in the matter of soppu and fuel from Survey No. 109 close to their village, as it is only a pasture land, is entitled to favourable consideration. In these circumstances, I decide that the preliminary demarcation line as now laid out in this village be cancelled. C. VENKATA RAO, Forest Settlement Officer. 29th February 1914.	...

BANGALORE,
19th December 1914.

C. VENKATA RAO,
Forest Settlement Officer.

No. Fl. 2684-93—G. F. 124-16-1, dated 30th November 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

GENERAL AND REVENUE DEPARTMENTS.

READ AGAIN—

Government Order No. Fl. 473—G. F. 15-09-2, dated 15th July 1909, issuing revised rules in regard to the acceptance of deposits on favourable rates of interest for charitable purposes.

2. Read—Subject No. 124 of the Dasara Representative Assembly of 1914, representing that the minimum of Rs. 3,000 fixed for deposits for charitable purposes is above the reach of the poorer classes and that it may be reduced to Rs. 1,000.

Order No. Fl. 2684-93—G. F. 124-16-1, dated 30th November 1916.

The Government are pleased to direct that the minimum of Rs. 3,000 fixed for charitable deposits be reduced to Rs. 1,000, temporarily for a period of three years in the first instance.

2. The Comptroller and the Muzrai Superintendent will report to Government by August 1919, the effects of the above reduction and the desirability of making it permanent.

J. S. CHAKRAVARTI,
Financial Secy. to Govt.

To—The Comptroller, Mysore Government.
The Superintendent, Muzrai Department.
The Deputy Commissioners of Districts.

Exd.—C. R.

Claim to Excise Revenue from Toddy.

No. Fl. 2615-6—S. R. 26-09-2, dated 23rd November 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 734, dated the 21st July 1909, from the Excise Commissioner in Mysore, submitting the record of enquiry relating to the Excise revenue from toddy of Kithur village, Heggaddevankote Taluk.

Order No. Fl. 2615-6—S. R. 26-09-2, dated 23rd November 1916.

The sannad alienates "Eachalapairu" and the inam settlement concedes the item "sendi" to the Inamdar and this is included in the items enjoyed by the Inamdar. Evidence of the enjoyment of revenue in question from the year of alienation to the year 1882 has been adduced. Although no evidence of enjoyment during the period 1883-1890 has been adduced, this case does not fall under Rule 19 of the rules issued with Government Proceedings dated 2nd August 1901, No. 2074-83—R. F, 166-92. Government agreeing with the opinions of the Deputy Commissioner and the Excise Commissioner hold that the Inamdar is to be regarded as privileged and as entitled to the excise revenue from toddy.

L. KRISHNA RAO,
Offg. Secy. to Govt., Rev. Dept.

To—The Excise Commissioner in Mysore with records.
The Comptroller to Government.

Typd.—R. K.

Claim to Excise revenue from Toddy.

No. Fl. 2617-8—S. R. 69-09-2, dated 23rd November 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 2735, dated the 21st September 1909, from the Excise Commissioner in Mysore, submitting the record of the enquiry relating to the claim of the Inamdar to the excise revenue from toddy of Thumbunerale village, Nanjangud Taluk.

Order No. Fl. 2617-8—S. R. 69-09-2, dated 23rd November 1916.

The sannad alienating the village concedes "Eachalpairu" and the item of "Sendi" is included in the beriz of the village. The Inam Settlement recognizes the right of the Inamdar to this item of revenue. Evidence of enjoyment has been adduced by the Inamdar. Concurring therefore with the opinions of the Investigating Officer, the Deputy Commissioner and the Excise Commissioner, Government recognise the Inamdar as privileged and as entitled to the excise revenue from toddy.

L. KRISHNA RAO,
Offg. Secy. to Govt., Rev. Dept.

To—The Excise Commissioner in Mysore, returning the records.
The Comptroller to Government of Mysore.

Exd.—E K.

No. Fl. 2646-7—S. R. 22-08-6, DATED 24TH NOVEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Correspondence ending with letter No. 959, dated the 24th July 1909, from the Excise Commissioner in Mysore, regarding the claim to the excise revenue from toddy of the marginally noted villages in the Chamrajnagar Taluk, Mysore District

1. Umattur.
2. Navalur.
3. Aldur.
4. Yelkuru.
5. Sappyanapura.
6. Haudrakanahalli.
7. Hanahalli.
8. Bendravadi.
9. Kattepura.
10. Heggotara.
11. Sitapura.
12. Bedarapura.
13. Muthige.

Order No. Fl. 2646-7—S. R. 22-08-6, dated 24th November 1916.

Though no express mention of toddy revenue is made in the Sannad alienating the villages, it is included in the beriz patti. The Inam Settlement has conceded this item of revenue in all the villages and enjoyment thereof for years has been conclusively proved. Taking into account the circumstances of endowment of all these villages and the facts mentioned above, Government hold that the right of the Chamarajeswara temple to the excise revenue from toddy is established.

L. KRISHNA RAO,
Offg. Secy. to Govt., Rev. Dept.

To—The Excise Commissioner in Mysore, with records.
The Comptroller, Mysore Government.

Exd.—R. K.

No. Fl. 2679-80—S. R. 151-05-8, dated 28th November 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Correspondence ending with letter No. 623, dated the 17th July 1909, from the Excise Commissioner in Mysore, regarding the claim to the Excise revenue from toddy of Sarvamanya Gangadahosahalli village, Heggaddevankote Taluk.

Order No. Fl. 2679-80—S. R. 151-05-8, dated 28th November 1916.

The Sannad concedes "Eachalapairu" to the Inamdar, and the Inam Settlement recognises the claim of the Inamdar to revenue from toddy. The Inamdar has produced evidence of long enjoyment of this revenue. As the claim in question is supported by the Sannad, the Inam Settlement and long enjoyment, Government hold that the Inamdar is to be regarded as a 'Privileged Inamdar' and entitled to the Excise revenue from toddy.

L. KRISHNA RAO,
Offg. Secy. to Govt., Rev. Dept.

To—The Excise Commissioner in Mysore with records.
The Comptroller, Mysore Government.

No. Fl. 2270-79—S. R. 175-13-4, dated 2nd November 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Rules for the control, manufacture, custody, supply and sale of general and court fee stamps, etc., contained in Appendix Z of the Mysore Treasury Manual.

2. Government Order No. Fl. 6799-801—S. R. 121-11-8, dated 19th May 1913, directing that the custody of blank-water marked papers intended for being stamped, including the three-pie papers, be transferred to the Superintendent of Stamps from the Stamp Manufactory.

3. Correspondence ending with letter No. 659, dated 10th June 1916, from the Commissioner of Stamps in Mysore, submitting for approval two copies of the final proof containing the revised rules regarding the control, manufacture, custody, supply and sale of stamps, embodying therein the necessary changes consequent on the transfer of the stock of plain paper including the 'three-pie' paper and the 'copy stamp' paper to the Stamp Superintendent's Office.

Order No. Fl 2270-79—S. R. 175-13-4, dated 2nd November 1916.

Government are pleased to approve of the revised rules on the subject framed by the Stamp Commissioner. They will be printed as an annexure to this order.

L. KRISHNA RAO,
Off. Secy. to Govt., Rev. Dept.

To—The Commissioner of Stamps.
The Comptroller, Mysore Government.
The Deputy Commissioners of Districts.

Exd.—C. R.

No. Fl. 2270-79—S. R. 175-13-4, dated 2nd November 1916.

Rules for the Control, Manufacture, Custody, Supply and Sale of Stamps of every description, namely (1) General Stamps used to denote the duties payable under the Stamp Regulation, II of 1900, (2) Court-fees Stamps used to denote the fee payable under the Court Fees Regulation, III of 1900, (3) Copy Stamps, (4) Three-pie Petition Paper and (5) Postage Stamps.

Administration and Control.

The powers of the Chief Controlling Revenue Authority under the Mysore Stamp and Court-fees Regulations are vested in Government.

2. The Inspector-General of Registration in Mysore will, as *ex-officio* Commissioner of Stamps, administer the stamp revenue, subject to the control of Government and see that the Stamp Laws and Rules are not evaded.

3. The Commissioner of Stamps is entrusted with the supervision of the Stamp Manufactory also.

4. The control over the central, branch and local depôts is vested in the Commissioner of Stamps as the authority responsible for the Provincial administration of the stamp revenue. The Superintendent of Stamps will be subordinate to the Commissioner of Stamps, and it will be one of the duties of the former officer to bring to the notice of the latter the fall in the stock of stamps in any local depôt below the prescribed amount. The District Stamp Officers, on the other hand, should report to the Commissioner of Stamps the failure on the part of the Superintendent of Stamps to speedily comply with their indents. The Commissioner of Stamps will be competent to direct, in any particular case, that the supply of stamps to be kept in any particular branch depôt shall be equal to the probable demand for three months.

5. The duties connected with the indenting for and the custody and supply of stamps will be performed by the respective District Treasury Officers as *ex-officio* District Stamp Officers.

6. The District Excise Officers and such other officers as Government may determine from time to time will be appointed Inspectors of Stamps under the Commissioner of Stamps. The District Excise Officers are appointed accordingly *ex-officio* Inspectors of Stamps.

7. The Commissioner of Stamps (as also each Inspector of Stamps within his jurisdiction) will inspect the record rooms of Civil, Criminal and Revenue Courts, with a view to ascertain whether the Stamp Laws and Rules are strictly carried out, and whether any frauds are committed by the omission to deface stamps once used. He will also see that the standing orders respecting the indent, supply, store, safe custody and vend of stamps in each district are not violated; and that periodical returns are promptly and punctually submitted, and tabulated and compiled in his own office for submission to higher authority, whose attention he will invite to any administrative points worthy of notice.

Manufacture of Stamps.

8. The Superintendent, Government Press, shall, as *ex-officio* Superintendent of the Stamp Manufactory, have the custody of the dies, and shall be responsible for every detail connected with the manufacture of stamps, which shall be carried on under his direct supervision by the Supervisor of the Manufactory.

9. The Supervisor of the Manufactory shall furnish security to the extent of Rs. 2,500. (*G. O. No. 8321-2—G. F. 3-96, dated 19th December 1900.*)

10. The Stamps manufactured are of four descriptions :—

General Stamps,
Court Fee Stamps,
Receipt Stamps, and
Copying Stamps.

11. The manufacture of stamps shall be carried on in the presence of the Supervisor of the Manufactory in the room and place set apart for the purpose, to and from which there shall be no ingress or egress without the knowledge or permission of the Superintendent, Stamp Manufactory.

12. The Supervisor shall receive daily from the Superintendent, Stamp Manufactory, the dies required for the day's work, and return them to him the same evening.

13. The Superintendent of the Stamp Manufactory shall take prompt steps to supply to the central depot such stamps as may, from time to time, be indented for by the Superintendent of Stamps. He shall see that the stamping machinery, plates and dies, and other tools are kept in working order and properly secured. All the plain water-marked papers required by the Supervisor of the Manufactory for daily work shall, once a week or oftener, be carefully counted and issued by the Superintendent of Stamps immediately upon receipt of indent from the Supervisor of the Manufactory countersigned by his Superintendent. All stamp papers and labels shall be handed over once a week or oftener, together with all such as are damaged to the Superintendent of Stamps, due acknowledgments being obtained for every delivery. Not more than 2,500 rupees worth of manufactured stamps shall be kept as balance in the hands of the Supervisor, all excess not delivered at the central depot being

secured in the manufactory under the joint lock of the Superintendent, Stamp Manufactory, and the Supervisor. (*Fl. 3720-3—S. R. 157-07-2, dated 29th January 1908.*)

14. One uniform colour shall be used when stamping cheque books with One Anna Stamp.

15. The stamps manufactured shall be carefully counted by the Supervisor and assorted in packets of uniform size containing the number prescribed for different values and for different kinds; and the packets shall, before transmission to the central depot, be duly sealed and signed by the Superintendent, Stamp Manufactory, and the Supervisor.

16. Documents presented to be stamped on the application of parties shall be accompanied by a receipt from the Superintendent of Stamps for the full value of the stamps to be impressed. The stamping of these documents shall be attended to at once and in priority to all other work.

17. The following registers shall be maintained by the Supervisor of the Manufactory:—

I. Register of water-marked papers received from the stores of the stock branch.

II. Register of indents for manufactured stamps received from the Superintendent of Stamps.

III. Progress register of manufacture.

IV. Invoice book.

V. Register of damaged stamps.

VI. Register of damaged paper.

VII. Register of private documents and cheque books impressed.

18. The Assistant Comptroller in charge of the State Huzur Treasury shall, as *ex-officio* Superintendent of Stamps, have the custody, and be in charge of the counterstamping and issue of stamped papers of every description. He shall also have custody of plain water-marked paper of all descriptions including the three-pie petition paper.

19. The cases containing water-marked paper of different descriptions shall, as soon as possible after their receipt, be opened, one by one, by the Store-keeper, and the contents thereof examined and counted in the presence of the Superintendent of Stamps, and classified and assorted into packets of 500 sheets each in the case of paper for general and copying stamps, and of 100 sheets each in the case of paper for Court-fee Labels and Receipt Stamps. The petition paper shall be in packets of 480 sheets. After such classification and assortment, the papers shall be brought to account, duly sealed in the presence of the Superintendent of Stamps, and placed in proper almirahs secured in a strong room under the joint lock and key of himself and the Store-keeper.

20. No fresh cases of paper shall be opened until the contents of those already opened have been counted, brought to account and placed in stock as aforesaid, and no papers shall be issued for the manufacture of stamps except such as have been counted, brought to account and placed in stock.

21. Issues of water-marked paper for the manufacture of stamps shall be in packets of 500 sheets each for general and copying stamps and of 100 sheets each for Court-fee Stamps and Receipt Stamps.

22. The Store-keeper shall furnish security to the extent of Rs. 1,000 and shall maintain the following registers connected with the stock branch:—

I. Invoice registers* for water-marked paper.

II. Stock registers* of water-marked paper.

III. Registers* of papers issued for manufacture of stamps.

IV. Registers* of papers found damaged on examination of invoice (I).

Custody and supply of Stamps.

23. In connection with the custody and supply of manufactured stamps there shall be—

(1) A central depôt at Bangalore.

(2) District and Taluk Depôts at the various headquarters of districts and taluks.

24. The Superintendent of Stamps shall be in charge of the central depôt for stamps of all descriptions.

25. There shall be maintained in the central depôt at all times a stock of stamps under each head sufficient for two years' consumption.

26. The Deputy Commissioners, Treasury Department, and the Amildars in charge of taluk treasuries, shall be in charge of the District and Taluk Depôts, respectively. The district and taluk officials employed therein, as well as all persons licensed to sell stamps, shall be under the control of the Deputy Commissioners, who are responsible for the safe custody of all stamps received in the District and Taluk Depôts, and shall duly account for all such stamps and for the revenue realised therefrom.

27. The Deputy Commissioners of Districts, Treasury Department, shall prepare and transmit to the Superintendent of Stamps, not later than the 31st December in each year, indents for the supply of the various descriptions of stamps needed for the following official year, commencing from

* Five of each kind:—
One for general stamps,
" Court-fee labels,
" Receipt stamps.
Copying paper and
Three-pie petition paper.

the 1st of July. The Superintendent shall thereupon prepare a general consolidated indent and forward a copy of the same to the Superintendent, Stamp Manufactory, for his information so as to reach him not later than the 1st June following.

28. It shall be the duty of the Superintendent to keep the District Depôts regularly supplied with stamps on indents* received, and to take charge of the stamps brought from the Stamp Manufactory.

29. Immediately after the receipt of stamps from the Stamp Manufactory, they shall be counted and made up into sealed packets of prescribed sizes containing the prescribed number of sheets, and they shall be placed in proper receptacles in the treasury strong room, free from contact with any of the walls. The receptacles shall be secured by Chubbs' locks, the keys of which shall be in the sole custody of the Superintendent of Stamps.

30. The Superintendent of Stamps shall be responsible that all precautions are taken to prevent damage being caused to the stamps under his care by white ants or other vermin.

31. Stamps shall not be taken out or counted over for counterstamping except in the presence of both the Superintendent and the Supervisor. The number and value of the stamps taken out of the double lock store for counterstamping shall be entered at the time of issue in the proper store register by the Supervisor of the central depôt in whose presence all counterstamping shall be effected.

32. Such of the stamps as have been counterstamped during the day, but not despatched to the districts, and also the stamps, if any, remaining to be counterstamped, shall be deposited the same evening in the treasury for safe custody till the ensuing morning in a box properly sealed, of which the key shall be with the Supervisor.

33. At the end of each day's work, the counterstamping dies, etc., shall also be sealed and deposited in the treasury for safe custody, to be re-issued the next morning for work.

34. The Supervisor of the central depôt shall furnish security to the extent of Rs. 3,000 and shall, under the immediate orders of the Superintendent, attend to the counterstamping, counting, and despatch, duly sealed, of all stamps as well as petition paper intended for the District and Taluk Depôts, and shall be *ex-officio* vendor of Court-fee stamps of the value of Rs. 50 and above and Transfer Stamps and Foreign Bill labels.

N.B.—Notarial stamps are supplied, on indent, to the Hon'ble the Resident's Treasury, Bangalore, for sale in the Civil and Military Station.

35. The following registers shall be maintained by the Supervisor of the central depôt :—

I. Stock register of stamp papers.

II. Register of damaged stamp papers.

III. Progress register of issues.

IV. Register of private documents and cheque books impressed.

36. Each District Depôt shall obtain from the Superintendent of Stamps and maintain, at all times, a supply sufficient for the requirements of the whole district for at least six months, and shall supply stamps on indents to the Taluk Depôts. Each Taluk Depôt shall maintain at least a three months' supply. The officers in charge of the District and Taluk Depots shall see that the licensed vendors are regularly supplied with stamps on indents prepared in the prescribed form, and shall periodically examine the accounts, registers, etc., which have to be maintained by these vendors.

District or Local Depots.

37. As soon as the number of stamps in the local depôt falls below the number issued from the depôt in the preceding six months, the officer in charge of the depôt shall prepare an indent in the prescribed form for a supply equal to the probable consumption of three months. The indent shall show in separate columns for each denomination of stamps of which a supply is required the total of the balance in the local depôt and any branch depôts† subordinate to it, the quantity sold in the preceding six months, and the quantity indented for, which should be approximately one-half of the quantity sold in the preceding six months. Separate forms shall be used for each kind of stamps.

38. In the case of adhesive stamps, the indents should be for full sheets and not for spare labels. In the case of stamped papers they should be for whole packets and bundles unless smaller quantities will suffice. The adhesive labels are 18 in a sheet, excepting receipt stamps which are 64 in a sheet. General stamp papers of low value from one anna to one rupee are in packets of 1,500 each. Those of higher values are in packets of 500 papers containing bundles of 50 each. Court-fees stamp papers are kept in the same way. Copy Stamps are kept in bundles of 500 each while petition papers are kept in bundles of 480 each.

39. As soon as possible after the arrival of a supply of stamps from the central depôt, the officer in charge of the local depôt shall personally examine the outward appearance of the boxes or packets and satisfy himself that they bear no marks of having been tampered with. He shall then

---

* Note.—These indents should be forwarded once a quarter so as to reach the Stamp Superintendent's Office not later than the dates specified below :—

Mysore and Chitaldrug	1st January,	1st April,	1st July, and 1st October
Bangalore and Shimoga	1st February,	1st May,	1st August and 1st November
Kadur, Tumkur, Kolar and Hassan	1st March,	1st June,	1st September and 1st December

Small indents for stamps exhausted by an abnormal and unforeseen demand will however be complied with when occasions arise. (Stamp Superintendent's Circular No. 3, dated 1st July 1906).

† Note.—For branch depôts, the figures of the latest periodical return received at the local depôt showing details of stamp balances may be used for the purpose of calculating the total required for entry in each column.

No. Fl. 2270-79—S. R. 175-13-4, dated 2nd November 1916.

have the boxes or packets opened in his presence, and the contents of each box or packet counted either by himself, or in his presence, immediately on its being opened and checked with the invoice for partial indent placed in it. At the headquarters of a district, where the treasury is the local depôt, the boxes or packets should invariably be placed, immediately on arrival, in the strong room of the treasury and there opened, one at a time, in the presence of the Treasury Officer, who must be present all the time the boxes or packets are being opened, and their contents examined and counted. In no case must a second box or packet be opened until the contents of the first have been completely examined and verified and placed in the proper receptacles, as required by Rule 42. The Treasury Officer shall compare the entries in these partial invoices with the entries in the final invoice which shall be forwarded to him as soon as the full supply is despatched from the central depôt and return the latter to the Superintendent of Stamps not later than seven days after its receipt by him, after duly completing the acknowledgment form printed thereunder (Stamp Superintendent's Cir. No. I, dated 1st July 1892).

40. The detailed counting of stamps received in a local depôt, should be made by the officer in charge with his own hands. The officer in charge is responsible for observing these instructions, and for satisfying himself as to the number of stamps received before signing the receipt.

41. If any of the stamps received are found to be unfit for issue, they should be at once returned to the Superintendent of Stamps. Stamps which are, through any accident, rendered unfit for issue at any time after receipt should be similarly returned as soon as their unfitness is discovered. The necessary entries on account of stamps so returned should be made in the monthly statement (Rule 59), and in the *plus* and *minus* memoranda (Rule 62).

42. Immediately after the stamps received have been counted, they shall be placed in proper receptacles in the store under double lock in the presence of the officer in charge, arranged in parcels and packets containing known quantities, the amount and value of each denomination being entered at the same time in a register maintained to show the receipts and issues to and from the store under double lock. These entries shall be checked by the officer in charge at the time the stamps are deposited, and the correctness of the arithmetical calculations of additions to balance, as well as of the values compared with quantities,* shall be verified and initialled by him at the time. The register shall then be placed with the stamps in the double lock receptacles and shall not be removed therefrom, nor shall any entries be allowed to be made therein except in the presence of the officer in charge.

43. The treasurer shall be the *ex-officio* vendor of all descriptions of stamps in each local depôt. Sales to the public or to licensed vendors shall not be made direct from the stores under double lock. Such sales will be made by the *ex-officio* vendor from the supply entrusted to him for this purpose, to be kept by him under single lock, as prescribed in the following rules.

44. The stock to be made over to the *ex-officio* vendor to be kept by him under single lock should ordinarily be sufficient for the probable demand of one month. The *ex-officio* vendor will maintain a register of receipts and issues from single lock in the same form as the double lock register and on a fixed date near the beginning of each month he will prepare an indent for the quantity required for the month in a form showing the balances in his hands, an average month's consumption and the quantity required. When this indent is presented to the officer in charge, he will examine the single lock register, check the correctness of the arithmetical calculations made therein, and compare the balance shown with the actual balance in the *ex-officio* vendor's hands. If he approves the indent, he shall then give out the quantity required from the store under double lock, check the correctness of the entries made in the double lock register, see that they correspond with those made in the single lock register, initial both registers and return the double lock register into the double lock store. The same procedure shall be followed if any stamps should be required at any intermediate date. The Government may reduce the period of one month mentioned in this rule to one week, or any other period less than a month, if they consider this desirable, with reference to the amount of the treasurer's security or for any other reason.

45. From the stock so made over to his charge and kept by him under single lock, the *ex officio* vendor shall sell stamps to the public and to licensed vendors for cash. He shall maintain the single lock register in the form mentioned in the preceding paragraph in English or Kanarese entering therein both in quantities and values the receipts from double lock, the daily sales and balance in his hands of each denomination at the end of each day. He shall pay daily into the treasury the cash received by him for stamps sold, the amount realised on account of each description of stamps—namely, General, Court-fees, Receipt and Copy stamps being paid in separately. The account of the daily sales should be inspected and the correctness of the calculations shown therein checked every day by the officer in charge of the depôt.

46. The sales to the public of General and Court-fee stamps by *ex-officio* vendors shall be limited to stamps of a value higher than Rs. 50. On such sales no discount is allowed.

N.B.—In all cases where stamp registers have to be checked, the actual check of quantities against values is a very important one, the correctness of the calculations of value must be tested in detail either by actual multiplication or by use of correctly prepared tables, and this check should never be omitted. This remark applies also to such of the following rules as prescribe a check of this kind. It is not necessary that the complete checking should be done by the officer himself. It will be sufficient if the officer personally checks 10 per cent of the entries in each class of stamps, leaving the remaining entries in each class to be checked by a subordinate under his supervision.

No. Fl. 2270-79—S. R. 175-13-4, dated 2nd November 1916.

47. General and Court-fee stamps of a value of Rs. 50 and of a lower value shall be sold to the licensed vendors for sale to the public provided that the value sold to any such vendor at one time shall not be less than Rs. 25, which, in special cases, may be reduced to Rs. 10, under the orders of the Deputy Commissioner who should record his reasons for such reduction.* To the licensed vendors, a discount is allowed at the following rates: —

General stamps ...	3 per cent.	At District and Taluk headquarters.
	5 per cent.	At other places.
Court-fee stamps...	2 per cent.	Except at the Kolar Gold Fields where the licensed vendor will be allowed 5 per cent.

48. Treasury Officers shall see that stamp papers issued from the District Treasuries to Taluk Treasuries or to vendors for sale to the public are stamped at the top on the back with a stamp containing the name of the District Treasury and the date of issue. In the issue of stamps from the District as well as Taluk Treasuries, care should be taken to ensure the issue of the stamps in the order of the date of receipt so that the earliest received might be first disposed of. (*Vide* Stamp Superintendent's Circular No. 114-21, dated 15th October 1889.)

Taluk or Branch Depots.

49. Every Taluk Treasury shall be a branch depôt for the sale of stamps of all descriptions. But in any case where the sale of stamps from such a branch depôt is insignificant, and equal facilities exist for the supply of stamps from a depot in the same station as the branch depôt, the Government may direct the closing of the branch depôt.

50. The Taluk Treasurer, *i.e.*, the Sheristadar shall be the *ex-officio* vendor of stamps at a branch depôt.

51. The officer in charge of the branch depot shall obtain his supplies from the local depôt to which the branch depôt is subordinate, in the same manner as the *ex-officio* vendor at the local depôt obtains his supplies. As a rule and invariably when the value is large, stamps and special three-pie papers should be sent to branch depôts with specie remittances. When this is not possible and when the value is not large, insurance for the minimum amount allowable is sufficient (G. O. No. Fl. 4717-26—S. R. 105-10, dated 5th March 1911). The examination of the balance in hand and the comparison of the amounts shown with those shown in the indent shall be done by the officer in charge of the branch depôt.

The receipt and examination of stamps on arrival from a local, central or other depôt should be conducted in the manner laid down in Rule 39.

The *ex-officio* vendor shall obtain his supplies from the officer in charge of the branch depôt in the same manner as the *ex-officio* vendor at the local depôt obtains his supplies from the officer in charge.

52. The supply to be kept in a branch depôt should be equal to the probable demand for three months. The stock should be kept up to this amount by indenting and obtaining supplies from the local depôt from time to time as may be necessary.

53. A supply sufficient for a fortnight shall be kept under single lock by the *ex-officio* vendor, and the remainder of the stamps in the branch depôt shall be kept under double lock of the officer in charge of the branch depôt and of the *ex-officio* vendor, and given out to single lock as required.

54. Sales from branch depots will be made subject to the same rules as those from local depôts.

Returns to and by the Commissioner of Stamps, the Superintendents of Stamps and Manufactory, and the Deputy Commissioners of Districts and the Comptroller.

55. The Superintendent of Stamps shall, within a week after the close of every month, forward to the Stamp Commissioner, extracts from the invoice, stock and damaged paper registers, showing the opening balances, receipts and issues and closing balances for that month, the units being cases or bales of paper in the case of invoice registers, packets or reams of paper in the case of stock registers, and sheets of paper in the case of damaged paper registers.

56. The Superintendent of Stamps shall forward to the Commissioner of Stamps within a week after the close of every month, a statement of stamps showing the opening balance, receipts from the Stamp Manufactory and the local depôts, issues to local depôts, and the closing balance, together with a statement of damaged stamps showing the opening balance, receipts during the month and the closing balance. He shall also forward a statement showing the realizations under stamp duty and sale of stamps every month.

57. The following statements shall be prepared by the Superintendent, Stamp Manufactory, and forwarded to the Stamp Commissioner within a week after the close of every month, *viz.*, (*a*) a statement showing the opening balance of water-marked paper on hand, the receipts during the month, the stamps manufactured, the stamps damaged, the water-marked paper damaged and the closing balance of water-marked paper; (*b*) a statement showing the opening balance of stamps on hand, the stamps manufactured during the month, the stamps delivered over to the central depôt, and the closing balance; (*c*) a statement showing the opening balance of damaged water-marked paper, receipts during the month, and closing balance; and (*d*) a statement similar to the one preceding for damaged stamps.

---

* The value of copying sheets sold to a vendor at any one time shall not be less than Rs. 10.

58. On the last day of each month, the officer in charge of each local depôt will count, or have counted in his presence, stamps of all descriptions in his depôt, both those under double lock and those under single lock, and will require the officers in charge of the branch depôts subordinate to him similarly to count the stamps in the branch depôt. He will attach to the statements which should be rendered to the Commissioner of Stamps, *vide* Rule 59 *infra*, a certificate in the following form :—

I do hereby certify that I have personally examined and counted, or had counted in my presence, all the stamps in store in this local depôt on the 191 , and found by actual calculation of numbers and values not less than 10 per cent of the entries having been checked by me personally, that the value of each description is as stated in the margin.* Also, that I have received similar certificates from the officers in charge of the subordinate branch depôts that they have similarly counted the stamps in their branch depôts on the last day of the month of 191 , of which the accounts are incorporated in the District Treasury accounts, and that they have made a similar calculation of numbers and values and that these certificates show the value of each description of stamps in all the branch depôts to be as stated in the margin.†

	Rs.
*1 General ...	...
2 Court-fees ...	...
3 Receipt stamps	
4 Copy stamp	...
5 Three-pie petition paper.	

	Rs.
†1 General ...	...
2 Court-fees ...	...
3 Receipt stamps	...
4 Copy stamp	...
5 Three-pie petition paper.	

The total values of stamps in this depôt and the branch depôts, as found by the above certified examination, are therefore—

	Rs.
1 General	
2 Court-fees	
3 Receipt stamp	
4 Copy stamp	
5 Three-pie petition paper	

59. Monthly statements showing the receipts and issues of each local depôt, including the transactions of the subordinate branch depots, shall be prepared by the officer in charge of the local depot, and forwarded in the first week of the succeeding month to the Commissioner of Stamps Separate statements being prepared for General stamps, Court-fee stamps, Copy stamps, Receipt stamps and Three-pie paper.

60. These statements shall show for each denomination of stamps the values of the balance in hand at the beginning of each month, of the quantities received from the Superintendent of Stamps or other officer during the month, of the quantity sold and issued during the month and of the balance in hand at the end of the month.

61. The statements shall be checked by the Commissioner of Stamps, by comparison with previous statements and the accounts of the central depôt. If the monthly statements of transactions show that the balance of any kind of stamp in any local depôt is falling too low, the attention of the officer in charge should be called to the fact.

62. Treasury Officers and other officers in charge of local depôts shall forward to the Comptroller such returns of the receipts and sales of stamps as the Comptroller may direct, in the form of plus and minus memoranda or otherwise.

63. The Comptroller shall examine, once a year, all the registers, accounts, etc., kept in the central depôt, verify the balances under good and damaged stamps, and have the damaged stamps destroyed or otherwise made unfit for further use for purposes of Stamp Revenue, and report the results of such examination, etc., *through the Stamp Commissioner*, to Government.

Postage Stamps.

64. The Honourable the Resident's Treasury at Bangalore shall be taken to be the central depôt for the supply of postage stamps to the treasuries in Mysore.

65. Service postage stamps shall be sold for cash from local depôts to Government officials and to persons specially authorized to purchase and use service stamps on a written application. On such sale no discount is allowed.

66. Ordinary postage stamps shall be sold for cash from local depôts, to officers in charge of Post Offices, receiving offices, to persons licensed to sell general stamps under the rules framed under the Stamp Regulation, 1900, and to the public provided that the value sold to any person at one time shall not be less than Rs. 5, and shall not include any fraction of a rupee, and that embossed envelopes and post cards shall be sold in complete packets only. No discount is allowed on such sales. Soldiers' envelopes are sold from certain selected local depôts only to Commanding Officers in complete packets, no discount being allowed.

67. Telegraph Masters are required to obtain supplies of postage stamps from the local depôts subject to the same conditions in regard to the quantity supplied at one time as those of the preceding rule. No discount is allowed to Telegraph Masters for the sale of stamps.

68. The rules prescribed in Appendix K to the Civil Account Code shall be strictly followed in the case of these stamps and the periodical returns and certificates forwarded to the Honourable the Resident's Treasury, Bangalore.

Rules for vend of Stamps.

69. Licensed vendors shall sell only such stamps as are indicated in their licenses. Such persons as may be licensed by the Deputy Commissioners of Districts or other officers empowered by Government in that behalf, shall be licensed vendors and shall sell to the public such stamps as are indicated in their licenses.

No. Fl. 2270-79—S. R. 175-13-4, dated 2nd November 1916.

Deputy Commissioners shall license as many such vendors as they may consider necessary for the convenient and prompt supply of stamps to the public in any locality.

70. Every license shall be revocable at any time by the Government or by the authority who granted it generally the Deputy Commissioner of a District.

Every license shall specify the name of the licensee, the description of stamps which he may sold under the license, the place of vend and such other matters as may be necessary and shall be signed by the authority granting it. Every license shall be in the form noted hereunder and shall be revocable at any time by the Government or the authority by which it was granted.

LICENSE TO VEND STAMPS.

No.

License is hereby granted to.....son of.....
residing at.....to sell at.....stamps of the descriptions and values mentioned below from 191 , subject to the rules made on that behalf under the Mysore Stamp Regulation, and the Mysore Court-fees Regulation, Nos. II and III respectively of 1900. The infringement of any of these rules will render the holder liable to the penalties prescribed in Sections 69 and 41, respectively, of those Regulations, *viz.*, imprisonment for a term which may extend to six months, or fine which may extend to five hundred rupees or both.

(Here enter description of Stamps to be sold.)

Note.—This license is revocable at any time by the Government of His Highness the Maharaja of Mysore or by the Deputy Commissioner of the.....District.

District.....

Dated..... .....

Deputy Commissioner.

71. Every licensed stamp vendor shall, at all times, display in a conspicuous position outside the place of vend, a signboard bearing the name of the vendor with the words "Licensed Vendor of Stamps" in English and Kanarese. He shall also have, in the place of vend, Acts of the Legislature and their schedules referring to the stamps sold by him together with these rules in English and Kanarese placed so that they can readily be seen and read by purchasers.

72. Every *ex-officio* vendor selling stamps to any person not a licensed vendor and every licensed vendor shall write on the back of every stamp paper which he sells, a serial number, the date of sale, the name and residence of the purchaser and if the stamp is purchased for the use of any person other than the person who tenders the money for it, the name and residence of that other person also; and the value of the stamp in full in words, and his own ordinary signature; at the same time he shall make corresponding entries in a register to be kept by him in the form prescribed in Rule 75 *infra*. Any such vendor who shall knowingly make a false endorsement on the stamp sold or a false entry in his register renders himself liable to prosecution under the Indian Penal Code.

73. Every licensed vendor shall, without delay, deliver any stamp which he has in his possession for sale, on demand by any person tendering the value in any currency which would be accepted on behalf of Government by the Deputy Commissioner of the District.

74. No vendor shall sell any stamps, the use of which has been ordered by competent authority to be discontinued.

75. Every licensed vendor shall keep a daily account of sales showing the date of sale, a serial number put to each stamp paper, the name of the party to whom sold, the value realised and the amount paid into the Treasury. He shall also render such accounts as may be prescribed by the Government and shall allow the Stamp Commissioner or any officer duly authorised by the Stamp Commissioner or the Government, at any time to inspect such accounts and the register kept by him and to examine the store of stamps in his possession.

76. Every vendor shall, at any time, on the demand of the Stamp Commissioner or the Deputy Commissioner of the District or other officer duly authorised by the Government, deliver up all stamps remaining in his possession and shall receive back the value thereof, less any discount which may have been allowed.

77. The account books of vendors will be sent for and examined once a quarter by the local Treasury Officer, in order to ensure their being properly kept up; and when these accounts are completely written up, they should be taken from the stamp vendors, a receipt being passed to them for the same, and carefully preserved in the Treasury records.

78. When application for an impressed sheet of a particular value is made to a Treasury Officer or to a stamp vendor, the Treasury Officer or stamp vendor shall, if possible, issue a single sheet of that particular value. If a single sheet is not available he shall issue the fewest possible sheets that will aggregate the required value. In the latter case he shall certify on each sheet that a single sheet of the required value is not available and that he has furnished the fewest possible sheets to make up the required value.

No. Fl. 2270-79—S. R. 175-13-4, dated 2nd November 1916.

79. When, however, the value of the stamp paper applied for is higher than the highest value of stamp which a vendor is authorised to sell, such vendor shall not attempt to supply such stamp by the sale of a number of the stamped sheets he is authorised to sell and the use of the certificate referred to in Rule 78.

80. Deputy Commissioners of Districts or other officers empowered by Government, may, at their discretion, grant licenses to officials in charge of Post Offices to sell non-judicial and Court-fee stamps.

81. The licenses will be issued on the application of the officials concerned, submitted through their immediate superiors, *i.e.*, a Superintendent of Post Offices or a Post Master of the 1st Class as the case may be.

82. Post Masters, Sub-Post Masters and Branch Post Masters will be licensed by their official designation and not by name.

83. Postal officials licensed to sell non-judicial and Court-fee stamps shall be subject in all respects (including rates of commission, etc.,) to the rules and regulations for the time being in force in Mysore, applicable to licensed private vendors, and should purchase the stamps required by them for sale from their own private funds.

84. A license issued in the official designation of a Postal official will, in the event of his transfer or departure on leave, be transferable to his successor or *locumtenens*.

85. If a licensed Postal official should wish to discontinue the sale, he should, before doing so, get the license cancelled in the ordinary course, through his immediate superior, *i.e.*, a Superintendent of Post Offices or a Post Master of the 1st Class.

PRESS TABLE.

Exd.—B. K.

No. J. 1686-7—Legis. 13-16-2, dated 9th November 1916.

Annexure.

Letter No. 1261—118, dated 11th September 1916, from Diwan Bahadur C. Srikantesvara Aiyar, Esq., B.A., B.L., Inspector-General of Police in Mysore, to D. M. Narasinga Rao, Esq., B.A., B.L., Secretary to the Government of His Highness the Maharaja of Mysore, General Department.

I have the honor to forward herewith copy of report on the working of the Mysore Mines Regulation during the year 1915-16, received from the District Magistrate of Kolar.

2. The total number of cases dealt with during the year was 172 involving 183 persons, of which 106 cases ended in the conviction of 111 persons, 66 in acquittal or discharge of 72 persons against the corresponding figures of 173, 174, 133, 134, 40 and 40 for the year 1914-15.

3. There were six cases put up under Section 17 of the Regulation, five of which ended in conviction of five persons, the charge against one person in the other case being withdrawn, on his promising in the Court not to offend. One case of considerable interest involving an important principle of Law arose during the year, whether an appeal lay against an order passed by the District Magistrate on a notice served under this section. The Chief Court decided, in *re* Murahari Raju that such an order was an executive one which they could not interfere with.

4. There were 61 mining accidents during the year, with 63 persons dying under-ground and 30 in hospital or in all with 93 casualities, compared to 56 accidents with 64 deaths in the year 1914-15. The two accidents, one of a serious fire in the Gilbert's shaft on the Mysore Mine and the other of an air-blast in the Champion Reefs Mine, which occurred on the 28th March 1916, account for the comparatively larger number of casualities during the year under report.

Letter No. D. Dis. 285, dated the 15th August 1916, from the District Magistrate, Kolar District, to the Inspector-General of Police in Mysore.

" I have the honor to forward the following tenth report on the working of the Mysore Mines Regulation of 1906, for the official year ending 30th June 1916.

2. The number of cases put up before the Magistrates and dealt with by them during the year under report under various sections of the Regulation was 172 cases involving 183 persons of which 106 involving 111 persons ended in conviction, 66 involving 72 persons in acquittal or discharge against 173 cases concerning 174 persons in the previous year, of which 133 ended in conviction of 134 persons and the rest in acquittal or discharge.

3. During the year under report, 49 cases involving 53 persons were prosecuted by the Police before the courts under Sections 5 to 19 of the Regulation as against 49 cases involving 49 persons for last year. The figures for this and the preceding year are as follows:—

Sections	1914-15				1915-16

Total ...	49	49	38	38	49	53	42	45

(i) *Section 6. Unlawful possession of Mining Material.*—The percentage of convictions secured is 89·6 under this section. For the two previous years it was 78·5 and 78·1. There were only two cases of any appreciable value. In the first one Baba Meah was arrested by the Chief Supervisor of watchmen, found in possession of sponge gold valued at Rs. 275 and sentenced to one year's rigorous imprisonment. In the second one Siva Perumall was arrested on the Ooregaum Railway platform, on information furnished by the Detective Department and as there was evidence to show that he was in possession of sponge gold valued at Rs. 80 outside the railway limits he was sentenced to one year's rigorous imprisonment under this section.

(ii) *Section 7. Licenses required for Gold Dealers and Gold Smiths.*—There was only one case under this section and it ended in conviction. Nineteen gold-smith's licenses were renewed and 7 fresh licenses were issued as compared with 23 and 4 for the previous year.

(iii) *Section 12. Possession of unwrought Gold.*—One case with one person was put up before the Special Magistrate as against to 2 cases and 2 persons in the previous year and it was thrown out on the authority contained in 12, Mysore Chief Court Reports, 231.

(iv) *Section 16. Liability of tenant or occupier of premises where Mining Material is found.*—Two cases were put up and both ended in conviction. In one case the accused pleaded guilty and in the other not only was property in the shape of gold nuggets found under his lock and key but the accused also had some sponge gold and nuggets on his person.

No. J. 1686-7—Legis. 13-16-2, dated 9th November 1916.

(V) *Section 17. Undesirables.*—During the year under report, six cases touching six persons were put up against a similar number of cases and persons in the year previous. Of these, five cases with five persons resulted in convictions and in the other case, the prosecution was withdrawn. The accused in the latter case was a source of continual trouble to the authorities on the Balaghat Mine and after service of notice was convicted. On release he again entered the property, was caught and charged. He had been in the service of the Company for many years and lost an arm while so engaged and on his promising in court not to offend again, the charge was withdrawn. One very interesting and important issue was settled during the year. A man named Murahari Raju was served with a notice on the 13th March 1916. He appealed to the District Magistrate through Mr. Lubeck to have the notice cancelled but the District Magistrate rejected the application with the following remark :—

'The Kolar Gold Fields is a special area and a very special regulation is in force, solely in the interest of the mining industry. It is a stringent Regulation and Section 17 is meant to deal specially with persons such as Murahari Raju who would be difficult to control otherwise.' He then appealed to the Chief Court and his appeal was heard as Criminal Revision Petition No. 163 of 1915-16, by Sir. Leslie Miller, Kt., Chief Judge and Mr. Justice Paramasiva Iyer. The Chief Court passed a long order on the 21st June 1916 holding that the District Magistrate's order was an *executive* one and that they had no power to interfere with it.

(vi) *Section 18. Licenses required by Hawkers and pedlars.*—Three cases were put up under this section and they all ended in conviction. During the year under report 21 hawkers' licenses and 67 pedlars' licenses were issued against 30 and 66, respectively in the year previous for dealing in fancy goods and other articles on the several mines.

4. *Sections 21 to 33. Safety and discipline of Mining Employees.*—During the year under review the Chief Inspector of Mines in Mysore instituted proceedings in eight cases involving eight persons, the figures for the past year being 13 cases with 13 persons. All the cases ended in conviction, sentences of fine being inflicted in six cases and of imprisonment in the two other cases which warranted serious notice being taken.

The total number of mining accidents which occurred during the year under report was 61 resulting in the death of 63 persons under-ground and 30 in hospital on account of the injuries sustained and complications developed, the figures under this head for the past year being 56 affecting 64 persons. One of the accidents was a serious fire in the Gilbert's shaft, Mysore Mine.

Another of the accidents was a serious air-blast in the Champion Reefs Mine on the 28th March 1916, in which 14 persons were killed.

5. *Breaches of Sanitary Rules.*—During the year under review, 115 cases involving 122 persons were put up for breaches of Sanitary Bye-Laws framed under Section 36 of the Mysore Mines Regulation, the figures for the year previous being 111 cases with 112 persons.

Of the cases placed before the Magistrate, 56 cases with 58 persons ended in convictions, the delinquents being sentenced to fines, the rest being acquitted.

The acquittals were mostly due to the prosecutions having been withdrawn in consequence of the work in respect of which the prosecutions were undertaken, being carried out to the satisfaction of the Sanitary Authorities before trial.

The amount of fines that was realized aggregated to Rs. 308 out of which Rs. 94-8-0 was credited to the funds of the Sanitary Board as a result of the recent amendment of Section 36, Mysore Mines Regulation. The amount that was collected by way of fines last year was Rs. 20-8-0.

6. A statement showing the total number of cases put up and the results achieved for the past 10 years, is herewith forwarded for information."

Tabular statement showing cases and persons put up, results and percentages from the time the Regulation came into force to date.

Time Limit for the Submission of "A," "B" and "C" Reports by the Police.

No. J. 1638-47—Police 197-15-4, dated 6th November 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Proceedings No. J. 1407-16—Police 48-05-4, dated the 21st November 1905, reducing from three to two years the period for which undetectable criminal cases should be kept on the file before making application to the Magistracy to strike them off.

2. Subject No. 54 of the Representative Assembly Proceedings of 1913 in the matter of fixing a time limit for the submission of A, B and C Reports by the Police and the reply of Government thereto.

3. Government Proceedings No. J. 3032-3—Police 175-14-1, dated 8th March 1915, directing that dates for the submission of reports in Criminal cases should be fixed with a view to prevent avoidable delay in their disposal.

4. Letter No. *4214-537, dated the 9—10th February 1916, from the Inspector-General of Police in Mysore in the matter.

5. Letter No. R. Dis. 16, dated the 5—7th September 1916, from the Registrar, Chief Court, stating that as regards the time limit for the submission of 'C' Reports the Judges are of opinion that a crime should be kept on the register for one year and that the Superintendent of Police may be given the discretion to apply at any time thereafter to the court for orders.

*Printed as Annexure.

Order No. J. 1638-47—Police 197-15-4, dated 6th November 1916.

Government note that the Inspector-General reports that in cases referred to the Police by the Magistracy the orders contained in Government Proceedings of the 8th March 1915 read above can be carried out. As regards cases which the Police themselves take up, Government are of opinion that the Superintendent of Police may himself fix a time for the submission of final reports and extend it, if necessary, informing the Magistrate of the same from time to time.

2. As regards the submission of "C" reports, Government agree with the Chief Court and accordingly direct that the Superintendents of Police be given discretion in all cases to order the submission of such reports any time after one year from the date of registering the same.

D. M. NARASINGA RAO,
Secy. to Govt., Gen. Dept.

To—The Deputy Commissioners of Districts.
The Inspector-General of Police in Mysore.
The Registrar, Chief Court of Mysore.

Exd.—R. K.

No. J. 1638-47—Police 197-15-4, dated 6th November 1916.

Annexure.

Letter No. 4214-537, dated 9—10th February 1916, from Diwan Bahadur C. Srikantesvara Aiyar, B.A., B.L., Inspector-General of Police in Mysore, to D. M. Narasinga Rao, Esq., B.A., B.L., Secretary to Government of His Highness the Maharaja of Mysore, General Department.

With reference to Government Proceedings No. J. 3032-3—Police 175-14-1, dated the 8th March 1915, regarding the fixing of time limit for the submission, by the Police, of final reports, I have the honor to state that in cases referred to the Police by the Magistracy, such a course would seem to be fair on principle and could be enforced. These refer *generally* to non-cognizable cases.

2. As regards the complaints lodged before the Police in the first instance, in *cognizable* offences chiefly, the investigation in such cases is as a rule keenly watched by the District Superintendents who maintain a check register of crimes reported from taluks, so that there is scarcely any scope for the investigating officers to unnecessarily delay the submission of final reports in A or B forms. In cases of a heinous nature, weekly reports of progress made therein have also been sent to the Inspector-General of Police by the District Superintendents through the Deputy Commissioners, all of whom as well as the Magistrates concerned are expected to keep a sharp look-out and check all delays, should any occur. Further there are various other provisions of Law, such as periods of remand, etc., which act as checks to unnecessary prolongation of investigation in *true* cases, wherein there may be any chances of detection.

3. Under such circumstances it would not be conducive to the proper handling of such cases, if any rigid time limit were fixed, for then, after such period, the cases would be dropped and never heeded, and ends of justice would be defeated.

4. On the other hand, the time limit of two years prescribed in Government Proceedings No. 1407-16—Police 48-05-4, dated the 21st November 1905, as regards the submission of final C reports in undetectable cases, may with advantage be considerably reduced. In this connection, I would respectfully invite reference of Government to para 7 of the Police Administration Report for the year 1914-15, wherein the matter has been dealt with at length and request that the time limit of two years fixed for the submission of C reports may be relaxed, the District Superintendents being given the discretion to order their submission on failure of all endeavours to detect, after the lapse of a reasonable time. If that is not agreeable, the said time limit may be reduced to say, some six months.

No. 2900-9—L. B., DATED 11TH NOVEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. Per. 12-1 of 1916-17—L. B., dated the 18th August 1916, from the Deputy Commissioner, Mysore District, forwarding a statement showing the District Fund incomplete works completed during the quarter, which ended on the 30th June 1916.

Order No. 2900-9—L. B., dated 11th November 1916.

Recorded.

2. A consolidated statement of all incomplete works should, in future, be submitted in the accompanying form every quarter noting therein those completed during the quarter and the progress made on each of the others during that period.

3. The Superintendent, Government Press, is requested to have the accompanying form printed and 100 copies thereof supplied to each of the Presidents of the District Boards as early as possible. The President is requested to have the returns submitted in manuscript till printed forms are received.

No. 3467-78—L. B. 66-16-5, DATED 29TH NOVEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 3467-78—L. B. 66-16-5, dated 29th November 1916.

Government observe that in the preparation of District Fund Budgets, the District Boards do not pay sufficient attention so as to keep their normal expenditure within their normal income. A few typical instances of the defects in this respect are noted in the following statement:—

District Board	Year	Income	Expenditure
Kadur, L. B. 222-11.	1912-13		
	Proposed	56,535	70,281
	Normal	54,035	60,941
Kadur, L. B. 204-13.	1914-15		
	Proposed	62,406	74,489
	Normal	59,906	65,571
Bangalore, L. B. 91-15-13.	1916-17 Excluding Drinking Water Wells Fund		
	Proposed	96,879	1,13,385
	Normal	96,879	1,03,885
Hassan, L. B. 91-15-5.	1916-17		
	Proposed	1,06,594	1,42,901
	Normal	1,06,594	1,24,791
Tumkur, L. B. 91-15-22.	1916-17 Excluding Drinking Water Wells Fund and Railway transactions.		
	Proposed	98,662	1,25,117
	Normal	98,662	1,04,617
Kadur, L. B. 91-15-12.	1916-17		
	Proposed	62,301	68,689
	Normal	59,801	65,489

It is therefore necessary to issue definite instructions as follows, drawing at the same time the attention of the Boards to the necessity of improving their finances:—

(1) The prescribed minimum should be adhered to without exception.

(2) The year's income should be collected as far as possible and no disturbing factor introduced in the budget by calculation of arrears of revenue.

(3) Extra expenditure should not be proposed which is likely to cause deficit.

2. The normal income and expenditure of the Boards should be arrived at by deducting from the total income and expenditure, the totals of the extraordinary items of income and expenditure and with a view to ensure that the Boards

calculate their normal income and expenditure correctly and review their financial position in a careful manner, Government direct that a statement in the accompanying form be prepared, scrutinised and passed by the District Boards and the Kolar Gold Fields Sanitary Board and a copy thereof submitted with the Budget Estimates to Government every year.

3. The rules under the Local Boards Regulation will be amended as shown in the accompanying copy of the notification which will be published in the Gazette.

L. KRISHNA RAO,
Offg. Secy. to Govt., Rev. Dept.

To—The Presidents of District Boards.
The President, Kolar Gold Fields Sanitary Board.
The Comptroller to the Government of Mysore.
The Superintendent, Government Press.
The Superintendent, Government Stationery, with the request that sufficient number of copies of the statement may be printed and supplied to the Presidents.

No. 2747-50—Ml. 111-15-32, dated 3rd November 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 2747-50—Ml. 111-15-32, dated 3rd November 1916.

The accompanying Memorandum and the *Responsibility Sheet*, referred to therein, deal with certain questions relating to improvements in the Bangalore City and to building sites required for educational and industrial purposes. The Heads of Departments and other officers concerned are requested to be good enough to take all necessary action as indicated in the Memorandum and *Responsibility Sheet* without delay.

2. It is requested that the time limit prescribed against each item should be adhered to. If any difficulty is anticipated in giving effect to the wishes of Government or if any additional establishment is needed for the purpose, intimation should be given at once and further orders of Government obtained in good time.

3. A quarterly statement of progress on each item of work included in the *Responsibility Sheet* should be submitted by the officer referred to in column 5 of the sheet to the address of the Secretary to Government in the Revenue Department, till all the items are dealt with finally. The first statement should be submitted at the beginning of January 1917.

L. KRISHNA RAO,
Offg. Secy. to Govt., Rev. Dept.

To—The President of the Bangalore City Municipal Council.
The Heads of Departments concerned.
The Deputy Commissioner, Bangalore District.

Exd.—C. R.

No. 2747-50—Ml. 111-15-32, dated 3rd November 1916.

BANGALORE CITY IMPROVEMENTS.

Memorandum.

In their Order No. 1297-347—Ml. 112-14-13, dated 13th August 1915, Government accorded general sanction to certain works of improvement in the Bangalore City. With a view to facilitate the commencement of the works, the Dewan inspected the City on the 31st July and the 16th August 1916. On the first day, the President, Bangalore City Municipal Council, the Heads of Government Departments concerned, the Deputy Commissioner, Bangalore District, the members of the Municipal Council and of the City Improvement Committee were present, by request. The understanding arrived at is recorded in this Memorandum and the appended Responsibility Sheet. The latter enumerates specifically the works to be undertaken, the time within which each should be completed and the officers or other gentlemen responsible for the same.

2. *City Improvement Works.*—There appears to be no objection to the adoption of the suggestion of the Honorary President (Mr. K. P. Puttanna Chetty) to take up the following six works which are estimated to cost Rs. 7,57,000 and to complete them within the next two years :—

1. Construction of a General Market.
2. Town Hall and Municipal Office including the diversion of the City Main Drain.
3. Improvement and laying out of Market Square.
4. Shifting the Bamboo Bazaar.
5. New extension to the east of the Fort centre road.
6. Extension of the Kitchetty Chattram road to the City Railway Station.

It is presumed that the preparation of detailed plans and estimates for these works has been put in hand. A general plan of the entire area in which it is proposed to locate the market and the Town Hall may be prepared together with a perspective view of all the improvement works which it is proposed to undertake. The President of the Municipality has been good enough to assume primary responsibility for getting the plans and estimates ready with the help of Mr. D'Cruz, the Special Engineer,and with the co-operation of the Chief Engineer, Public Works Department. It is presumed that competitive designs for the buildings will be invited before a final selection is made. The Chief Engineer is requested to permit Mr. S. Lakshminarasappa, Assistant Engineer, to help the President, whenever necessary in connection with the architectural features of the buildings.

3. Separate orders will issue regarding the deputation of a Special Revenue Officer for land acquisition work.

4. The following notes represent the consensus of opinion as to the action to be taken in respect of the several works :—

(1) *Town Hall and Municipal Office.*—This building may be located on the site now occupied by the Bamboo Bazaar where the Hoskota and Kalaspalya roads meet. The site is rather low and should be improved by effective draining.

(2) *Market Square.*—The rough estimate for this project appears to be incorrect and should be suitably revised.

(3) *Diversion of the City Main Drain.*—It should be considered whether the diversion is really necessary and whether the existing drain could not be improved and covered over. A separate low level drain may be necessary to lower the subsoil water level near the Bamboo Bazaar.

(4) *New Extension east of Fort Centre Road.*—A plan of the proposed extension with the roads parks, etc., marked thereon together with a statement of sites may be submitted for the approval of Government. In preparing the design, it is hoped that a uniform front elevation with suitable architectural variations will be insisted upon, for the buildings abutting the Fort centre road. It is desirable to have a strip of land at least 100 feet wide left open to the east of the Fort centre road, corresponding to the open space to the west of the road.

5. As regards other minor improvements suggested, proposals may be submitted for (1) the improvement of the Hoskota road, (2) improvements to the Fort and (3) re-alignment of the Magadi road, where it crosses the railway near the City Railway Station. It is presumed that these projects will be carried out at the cost of the Municipal Council.

6. As regards provision of funds, for the improvement works for which Government have promised a contribution of two-thirds of the cost, the Municipality may incur the necessary expenditure in 1916-17, from their own funds (*vide* Government Order No. Fl. 725-29—G. F. 166-15-2, dated 31st July 1916). In subsequent years Government will endeavour either to make adequate contributions from their own funds or allow the Municipal Council to borrow in the open market, the interest being guaranteed by Government.

No. 2747-50---Ml. 111-15-32, dated 3rd November 1916.

7. *Hostels for Educational Institutions.*—The question of providing sites for the construction of hostels for students which the leaders of the Lingayet, the Mahratta and the Vaisya communities have come forward to build has long been under consideration. The most suitable site suggested for this purpose is the land to the south of the Sheshadri road adjoining Mr. T. Ananda Rao's bungalow. About 10 acres of land are available here. Each of the three communities may be given an acre and a half or two acres for the purpose. A site plan should be prepared and steps taken to acquire the land, in consultation with the Inspector-General of Education, after the responsible leaders of the three communities referred to have deposited the sum of Rs. 15,000 each in the Mysore Bank and executed *Mutchalikas* for completing the building within one year from the date the site is handed over to them. Orders will issue later on as regards the adjustment of the cost of the acquisition.

8. *Industrial Suburb.*—The site selected for the suburb measures an area of about 221 acres along the Bangalore-Magadi road. A plan of the locality with factory sites of 1 acre and of 2 acres, respectively, marked thereon should be prepared. A statement of the plots, with the upset prices fixed therefor, along with rules for the disposal of the sites may also be prepared, with the assistance of a Committee appointed by the President for the purpose. The plans and information should be completed in every respect so that any one who wants a site may be able to get it at once provided he is willing to pay the price charged therefor.

The question of financing the scheme may be discussed in consultation with the Secretary, Industries and Commerce Committee, and definite proposals submitted.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Application dated 17th—23rd September 1915, from the President (Mrs. K. S. Chandrasekhara Aiyar) of the Mahila Seva Samaja for the grant of a suitable site, free of cost, in the Bangalore City, for constructing a building required for the Samaja.

2. Note dated the 13th February 1916, from the President, explaining the object of the Samaja and urging the need of a building to carry on the works contemplated and praying that, in addition to a building site, Government may be pleased to contribute two-thirds of the cost of the building.

3. Letter No. 397, dated the 26th June 1916, from the Honorary President of the Bangalore City Municipal Council and correspondence ending with his D. O. letter No. 151, dated the 30th August 1916, recommending the grant of a building site to the Mahila Seva Samaja.

Order No. 2820-1—Ml. 119-15-6, dated 6th November 1916.

Government are pleased to sanction the grant of a site not exceeding two acres in extent, free of cost, for the construction of a building for locating the Samaja. The site that is selected for the purpose is marked A in the *accompanying tracing and forms part of the open ground between the Hardinge road and the Fort Main road leading to Basavangudi.

*Not printed.

2. The grant is made subject to the following conditions.

(i) That the Mahila Seva Samaja commence to construct the building according to a plan to be approved by the Honorary President of the Municipal Council within six months from the date of the grant and complete the building within two years after the plan has been approved.

(ii) That the building and the premises will be exclusively devoted to the declared purposes of the Samaja and not diverted to any other object.

(iii) That the land will be liable to resumption if the public work done in the Samaja should at any time cease.

3. If the conditions stated above are accepted by the Seva Samaja, the President of the Municipality is requested to have the site measured and properly demarcated and then to hand it over to the Samaja. A tracing showing the boundaries of the site actually granted should be recorded in the Municipal Office and a copy submitted to Government.

4. As regards the contribution asked for towards the cost of the building, Government are unable to make any promise. A separate representation may be made on the subject giving further details of the objects of the building, the grounds on which a contribution is asked for and the amount which the Samaja have arranged to collect and spend on the building themselves.

Construction and Repair of Government Buildings.

No. 2859-61—Ml. 246-15-3, dated 11th November 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 333, dated the 9th May 1916, from the President of the Bangalore City Municipal Council, suggesting that the construction of Government buildings should also be governed by the provisions of the Municipal Regulation and the bye-laws thereunder for the construction of buildings.

2. Letter No. 63, dated the 21st August 1916, from the same officer.

Order No. 2859-61—Ml. 246-15-3, dated 11th November 1916.

Government are pleased to prescribe the following rules in respect of construction and repair of Government buildings in the Cities of Bangalore and Mysore.

(i) Where the erection and re-erection, construction or material structural alteration of any building used or required for the public service, or for any public purpose, which is the property or in the occupation of the Government, or which is to be erected on land which is the property or in the occupation of Government, is contemplated, reasonable notice of the proposed work shall be given to the President of the Municipal Council before it is commenced, except in cases of buildings the plan or construction of which, ought, in the opinion of Government, to be treated as confidential or secret.

(ii) In the case of any such building as is mentioned in the above rule (not being a building, the plan or construction of which ought in the opinion of Government to be treated as confidential or secret), the President or any person authorised by the Municipal Council in this behalf, may, with the permission of the Government previously obtained but not otherwise, and subject to any restrictions or conditions which may, by general or special order, be imposed by the Government, inspect the land and the building and all plans connected with its erection, re-erection, construction or material structural alteration, as the case may be, and may submit to the Government a statement in writing of any objections or suggestions which such Municipal authority may deem fit to make with reference to such erection, re-erection, construction or material structural alteration.

(iii) Every objection or suggestion submitted as aforesaid shall be considered by the Government who shall after such investigation (if any) as it shall think advisable, pass orders thereon, and the building shall be erected, re-erected, constructed or altered as the case may be, in accordance with such orders.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 3005-55—Ml. 132-16-1, dated 16th November 1916.

PRELIMINARY.

Brief History of Local Self-Government in Mysore.—The first step in creating local bodies for the control of local affairs was taken in the State in the year 1862 when Municipal Committees were experimentally constituted for the cities of Bangalore and Mysore. The measure having proved a success, similar Committees were formed for the remaining district head-quarter towns and gradually for other towns also. By 1872-73, there were fifty-eight municipalities serving the needs of an urban population of nearly 5,00,000 with an annual income of Rs. 3½ lakhs. The next step was the constitution in 1874 of District Committees in rural areas for the administration of local funds levied within the district, to provide for works and undertakings, such as roads, wells and other sources of water-supply, hospitals, *dharmasalas*, markets, etc. These Committees were constituted and worked under the executive orders of Government, except in the case of Bangalore and Mysore cities. The need for placing the working of these bodies on a statutory and definite basis was indeed felt very early, but practical action was taken only after the institutions had been working for well-nigh half a century. The Local Boards Regulation came into force in 1902 and the Municipal Regulation in 1906.

2. *Reasons for a Forward Step.*—The question of enhancing the usefulness of these bodies for improving local administration has engaged the attention of the public and been pressed on the notice of Government for some time past. In a letter to the Government of India, His Highness' Government wrote in 1885 "In working these Committees it has been found difficult to awaken in the minds of the non-official members most interested in the administration of local funds, a full sense of their powers and duties and the whole administration of the funds has practically fallen into the hands of Government officers. This is chiefly owing to the preponderance of the official members and to the undefined and almost unlimited subordination of the Committees to Government officials in the administration of the funds." These remarks would apply with equal force at present, especially with regard to District and Taluk Boards and minor municipalities, in spite of the advance in education and enlightenment in recent years. There is reason to believe that the apathy displayed by the non-official members of the local bodies is attributable to a great extent to—

(1) the deficiency of the elected popular element,

(2) the want of reasonable powers of disposal over their funds, and

(3) interference in details exercised by departments of Government over the affairs of local bodies.

Government therefore consider that the time has come to review the progress made and to take such forward steps as may be necessary in order to associate the people more largely with the administration of local affairs.

No. 3005-55—Ml. 132-16-1, dated 16th November 1916.

3. *Investigation by two Committees and a Conference.*—In February 1914, a Committee was constituted with Rajasevadhurina Mr. M. Kantaraja Urs, C.S.I., as Chairman and the marginally named gentlemen as members, to consider what improvements were necessary in the constitution and functions of local bodies. In accordance with G. O. No. G. 9260-3—G. M. 67-13-264, dated 15th May 1914, another Committee was formed under the chairmanship of Rajamantrapravina Dewan Bahadur Mr. C. Srinivasa Iyengar, with the gentlemen whose names are noted in the margin as members, to investigate the scope of operation and financial organisation of the several local funds and to propose measures for their revision and for placing local finances on a satisfactory footing. The reports of the two Committees which were published respectively, in May and June 1915, contain a full discussion of these subjects. The thanks of Government are due to the members of the two Committees for the careful and satisfactory manner in which they went into the questions and for the valuable reports submitted by them.

In June 1915, on the initiative of certain leading non-official gentlemen, a Local Boards Conference, presided over by Rajasabhabhushana Dewan Bahadur Mr. K. P. Puttanna Chetty, was convened to discuss the whole question of reforms in local self-government. This Conference, on which nearly all the local bodies in the State were represented, considered the recommendations of the two Committees referred to above and placed Government in possession of the views of the public on all the important questions involved.

The specific recommendations made by them will now be discussed and the decision of Government as to the practical action to be taken on each will be indicated.

MUNICIPALITIES.

4. *Classes of Municipalities.*—Taking municipalities first, there are two classes of municipalities at present, *viz.*, those governed by the Municipal Regulation of 1906 and those governed by executive orders. The number of such municipalities at the end of 1914-15, as compared with that in 1906-07, is given in the accompanying table together with particulars of income.

No. 3005-55—ML. 132-16-1, DATED 16TH NOVEMBER 1916.

Statement showing the number of Municipalities classified according to their income.

Serial Nos.	District	Under Rs. 1,000		Rs. 1,000 to Rs. 1,500		Rs. 1,500 to Rs. 2,000		Rs. 2,000 to Rs. 3,000		Rs. 3,000 to Rs. 4,000		Rs. 4,000 to Rs. 5,000		Rs. 5,000 to Rs. 10,000		Rs. 10,000 to Rs. 15,000		Rs. 15,000 to Rs. 20,000		Over Rs. 20,000		Total		Number of Regulation Municipalities		Number of Non-Regulation Municipalities		Remarks
		1906-07	1914-15	1906-07	1914-15	1906-07	1914-15	1906-07	1914-15	1906-07	1914-15	1906-07	1914-15	1906-07	1914-15	1906-07	1914-15	1906-07	1914-15	1906-07	1914-15	1906-07	1914-15	1906-07	1914-15

The table shows that though the number of regulation municipalities has ased during the period, there are still a large number of municipalities admi ed under executive orders.

No. 3005-55—Ml. 132-16-1, dated 16th November 1916.

5. The Local Self-Government Committee suggest that three classes of municipalities may be recognised in the State, *viz.*, city, town and minor municipalities. According to them, the existing non-regulation municipalities should not be disestablished but should be brought under the Regulation as minor municipalities, the more complex provisions of the Regulation being declared inapplicable to them. Government accept these views which are endorsed by the Conference, with the modification that the limits of population for town and minor municipalities will be 5,000 and 2,000, instead of 7,000 and 2,500, respectively, proposed by the Committee. As a result of fixing this limit, many towns which have municipalities now—regulation and non-regulation—may be deprived of the privilege of municipal self-government, but Government reserve to themselves the right to extend the Municipal Regulation to such of them as by past experience have become entitled to retain the privilege. On the other hand, as some towns containing the prescribed population may not yet be ripe for municipal administration, Government will introduce in the Regulation an enabling provision so that the rule may not act automatically in every case.

It is observed that beyond recommending this classification, the Committee offer no detailed suggestions as regards the varying powers to be given to, and degrees of control to be exercised over, the different classes of municipalities. Government are of opinion that a greater degree of control would be necessary, at least for some time to come, in the case of minor municipalities, where there may be little or no public spirit.

6. *Constitution.*—As regards the constitution of municipal councils, Government accept the recommendation of the Conference that the number of elected councillors should be not less than two-thirds of the total strength in city municipalities, half in town and one-third in minor municipalities. But in respect of the two latter they reserve discretion to increase the number of elective seats in special cases.

7. *Chairmen.*—The Municipal Regulation, as it stands, provides for the election of both President and Vice-President, if Government so direct; but till recently, these officers have been generally nominated officials. Government are prepared to accept, as a general policy and so far as conditions allow, the principle recommended by the Local Boards Conference, of the election of Presidents and Vice-Presidents in city and town municipal councils. They also consider that in city municipalities the alternative of a full time paid President who may not necessarily be an official should be provided for in the Regulation. In minor municipalities, unless competent men are available, the President will continue to be nominated by Government, the Vice-President being, where possible, elected by the municipal council.

8. *Chief Executive Officers.*—It is likely that elected Presidents and Vice-Presidents will ordinarily be busy professional men who cannot devote their full time to superintend the details of municipal work. Moreover, frequent change of the executive head is detrimental to continuity of policy and administrative efficiency. Hence it is necessary that municipal councils should employ paid permanent men, so far as their funds permit, to attend to the routine executive work under the control of, and in subordination to, the Presidents and Vice-Presidents. The Municipal Regulation contains a provision for the appointment of a Chief Officer in city municipal councils for this purpose. This provision may be extended to town municipal councils also with necessary modifications; and an official of suitable rank may be appointed for the corresponding duties in minor municipalities if there is sufficient work for him.

9. *Enlarged powers.*—The Committee point out that while the Regulation invests municipal councils with very wide and comprehensive powers, the actual control exercised by Government is very large. It has been recognised everywhere that a certain amount of outside control is very necessary and is not incompatible with local self-government. But such control should be limited to broad questions of policy. In accordance with this view, Government increase the powers now exercised by the municipal councils as indicated below:—

According to the Municipal Regulation the budget of every municipal council should be submitted through the Deputy Commissioner to Government who may sanction it with such modifications as they deem fit. It has been frequently

represented that advantage is taken of this large and comprehensive provision for exercising very minute interference in details. Government agree that there is much force in this view. They consider that only the budgets of city and town municipalities should come up to them for sanction and that it would be sufficient if the budgets of minor municipalities are scrutinised and sanctioned by the Deputy Commissioners. Ordinarily, the scrutiny of the Government or the Deputy Commissioner, as the case may be, will be limited to the following points :—

(*a*) Whether the budgetted receipts are framed with due regard to the actuals of the previous years.

(*b*) Whether the prescribed closing balance is maintained.

(*c*) Whether due provision has been made for the repayment of loans, if any, due to Government or to others, and for contributions for services rendered by Government departments.

(*d*) Whether there is any extravagant expenditure on establishments (Section 177 of the Municipal Regulation).

(*e*) Whether all the standing orders and rules framed by Government are duly observed.

The interference of the sanctioning authority in other matters should be as limited as possible. The municipal councils will also be given the power to make reappropriations of budget grants both under major and minor heads, and to sanction additional grants without trenching on the prescribed minimum balance except for the purpose of increasing expenditure under establishment.

As against these enlarged powers, Government reserve to themselves the right of making a half-yearly local audit of municipal accounts and for this purpose a certain percentage of establishment charges incurred will be debited to the municipal councils concerned. The Deputy Commissioners will be authorised to review all municipal administration reports except those of the city municipalities.

10. *Increased Scope of Work.*—The Local Self-Government Committee and the Conference recommend that the administrative control of elementary education, medical relief including vaccination and *muzrai* institutions be vested tentatively under proper safeguards, in selected municipal councils. Government have no objection to try as an experimental measure the system of gradually transferring the control of elementary education and medical relief to municipal councils. When the municipal councils concerned make definite proposals in this behalf, they will receive favourable consideration. As regards *muzrai* institutions, Government are not in favour of the transfer of all of them to the control of municipal bodies. Minor institutions may be so transferred as circumstances permit; but in the case of major institutions, the better course appears to be to vest them in committees of their respective devotees as contemplated in the Muzrai Regulation.

11. *Municipal Resources and Taxation.*—The income of 89 municipalities at the end of 1914-15 amounted to Rs. 10,79,916. About 32·8 per cent of this was from octroi. House-tax and mohatarfa contributed 21·1 and 8·8 per cent, respectively. The expenditure of the same year was Rs. 11,98,328. The incidence of taxation per head of population was about Rs. 1-8-8.

12. The Local Finance Committee have no suggestions to make as regards fresh sources of income and their recommendations are confined only to the readjustment of the shop tax and octroi. They suggest that (1) octroi may be abolished and replaced by terminal taxes on goods in municipalities situated on railway lines and (2) that, in lieu of the *mohatarfa* shop tax, profession taxes on the same scale as in Madras might be levied. They also recommend the enhancement of the house tax. There are no data at present available to show how far the adoption of these recommendations will result in any appreciable increase of revenue. In their order dated 26th March 1912, Government have laid down their policy with respect to the abolition of octroi and it does not seem possible to go further at present. They, however, consider that there is great scope for augmenting the revenues of municipalities by better and more systematic enforcement of the existing powers of taxation and by proper collection of their current demands. The rates of house tax are in many instances unduly low and no systematic action is taken to revise the classification of houses and buildings with reference to their

market value. From the latest administration report it is seen that only 87 per cent of the current demand and 38 per cent of the arrears of previous years were collected. Government would urge on all the municipal councils the importance of obtaining the maximum income under the present rules and of taking every opportunity of increasing their resources. Each municipality may submit to Government definite recommendations suited to local conditions for any modification of the existing system of municipal taxation, *e.g.*, abolition of octroi and replacement of any of the taxes by others suggested by the Committee on local finance. Government are in agreement with the view of this Committee that the income of municipalities should be derived from a few direct sources which can be easily and economically collected and accounted for, and that their expenditure should be limited to those services which secure the greatest benefit without a disproportionate outlay on general or supervising establishments.

13. The Local Finance Committee also recommend that municipal councils be empowered to raise loans from the public for productive works. Legislative action to give effect to this has already been taken and it is for the municipal councils themselves to submit definite proposals to Government. As regards the question of grants-in-aid they are being sanctioned in the case of municipalities for useful works such as sanitation, water-works, drainage, etc., involving heavy outlay. As far as funds are available, Government are prepared, as a general rule, to grant half the capital cost for schemes duly approved by Government, provided the municipal council satisfies Government of its ability to raise the other half and to meet the annual maintenance charges. In places where exceptional difficulties exist in this respect, there will be no objection to give special aid as occasions may arise, for water-supply and other large and urgent schemes of public improvement.

14. To carry out the above scheme for the development of local self-government in municipal areas, the Municipal Regulation will have to be amended; detailed rules framed in regard to the various matters dealt with above; and most of the non-regulation municipalities will have to be re-constituted on a statutory basis. A draft Regulation and rules embodying all the changes will be circulated to all regulation municipalities for their views and suggestions.

LOCAL BOARDS.

15. *Proposals of the Local Self-Government Committee.*—With regard to the Local Boards in rural areas, the Local Self-Government Committee supported by the Conference have made certain far-reaching proposals calculated to raise the importance and powers of Taluk Boards and Unions. Under the existing Local Boards Regulation, the Taluk Boards and Unions are merely the agents of the District Board with authority to discharge such duties and functions as may be delegated to them by the latter. As no such delegation has been made, they are merely consultative assemblies and have not hitherto served any very useful purpose in rural boards administration.

The Committee have recorded the opinion that the Mysore Local Boards Regulation is illiberal in the conferring of powers on Local Boards; the Taluk Boards have been wholly inactive; the *personnel* of the Taluk Boards has been unsatisfactory; the funds at the disposal of Local Boards are inadequate; and that the system saps the very spirit of local self-government and should be abolished wholesale. It is complained that a large portion of district funds is now spent through the Public Works Department, that the Local Boards are fettered by many restrictions by Government and that there is undue centralization. A large number of recommendations have been made by the Committee for the re-organisation of Local Boards. The scheme suggested by the Committee is briefly to constitute Taluk Boards as incorporated bodies, having their own independent funds, with authority to frame their own budgets, and exercising all the functions of the District Boards within the limits of their jurisdiction. It is also proposed to raise the status of Unions and make them more independent.

The Committee have, in paragraphs 49 to 53 of their report, submitted a detailed working scheme to give effect to their recommendation, defining the specific powers which they wish to see allotted to Unions, Taluk Boards and District Boards.

No. 3005-55—Ml. 132-16-1, dated 16th November 1916.

16. *Modifications of the proposals.*—Government accept the general principles on which the Committee's scheme is based, but would modify the scheme on a few essential points.

(1) First as regards constitution, it is desirable that there should be an elected majority in all rural boards, and that the proportion of the elected element should be, not less than two-thirds in District Boards and half in the case of Taluk Boards. The rules regarding elections will be revised so as to empower graduates, advocates and pleaders to vote at, and stand for, election. As a rule, either the President or the Vice-President of a rural board should be elected. Under present conditions, it will not be possible to have elected Presidents in the case of the majority of the Boards; but in all such cases, the Vice-Presidents may, as far as possible, be elected. A carriage allowance may be granted to them, if necessary.

(2) It is proposed by the Committee that the area of the Taluk Boards should be, not the recognised unit of the taluk but the revenue sub-division which consists of one or more revenue taluks. Government consider that the balance of advantage lies in favour of having the taluk as the unit, and accordingly direct that the existing provision under which each taluk has a board of its own may be adhered to, but its powers be enlarged as recommended by the Committee.

(3) The definition of the spheres of work between the Taluk and the District Boards outlined by the Committee would suggest that the District Boards would be merely supervising bodies with no distinct functions of their own. It is very necessary that the vitality of the District Boards should not be sapped by leaving them practically nothing to do. The proper course appears to be that the District Boards should take up under their own control those functions and services which require a co-ordinated organization throughout the district and delegate to the Taluk Boards such functions as could be more or less localised. For instance, the Taluk Boards may be given the control of markets, slaughterhouses, travellers' bungalows and *musafirkhanas*, planting and care of avenue trees on roads in their control, cattle pounds, etc., while the District Boards may retain the construction and maintenance of roads, which pass through a large portion of the district, construction of large public works, maintenance of relief works, whenever necessary, management of ferries, etc. The actual distribution of functions in each district will have to depend upon local circumstances and each District Board may submit proposals in this connection to the Government for sanction. The allotment of funds will, under this suggestion, follow the duties assigned to each Board; but it may be laid down as a statutory rule, that not less than one half the proceeds of the local cess in each taluk shall be placed at the disposal of the Taluk Board concerned.

(4) One important suggestion made by the Committee is about the employment of a separate engineering establishment by local bodies to carry out public works instead of entrusting them to the State Public Works Department as at present. The proposal will involve a redistribution of charges in the Public Works Department but Government will be prepared to consider any proposal for the transfer of District Fund works to the Local Boards concerned, wherever the latter are ready to take over such works.

(5) The Committee have left the question of village organisation out of consideration in their scheme. But a system of local self-government will be incomplete unless every village in the State is also brought under some form of statutory organisation. Under the existing system, unions are constituted under the Local Boards Regulation in a few villages and the remainder are not properly looked after. It is necessary to introduce some definite organisation into a larger number of villages. For this purpose it is proposed to place the Village Improvement Committees already working in the State on a statutory basis under the supervision of the Taluk Boards concerned, as herein-after explained.

17. Under the scheme suggested, the existing system of Union administration will be abolished and power will be taken to constitute Village Committees for all the villages in the State. These Committees will be designated "Village Panchayets." The number of members will not be less than three nor more than seven. The majority of the members will be elected and they will have an elected President, not necessarily the Patel or the Shanbhog of the village.

The Panchayets will have three distinct functions as under:—

i. Ordinary duties connected with the maintenance of roads, sanitation, water-supply, drainage, etc.

ii. Improvement work, as specified in the Village Improvement Scheme.

iii. All other communal work connected with education, irrigation, pasture lands, village forests, village courts, etc.

Provision will be made in the Regulation to enable Government to extend the functions of the Panchayets, as circumstances permit, in selected villages, with regard to the supervision and control of village education, and other communal interests as provided in Clause (iii).

As regards finances, the income from local taxation in the village and other sources, such as, grants from Government or District or Taluk Boards will be constituted into a Village Fund which should be administered by the Panchayets. They will have their own budgets and their own establishment and will be vested with powers to raise an additional cess when necessary, subject to such conditions as may be laid down in this behalf. Generally, they should be self-supporting and a set of simple accounts will be prescribed for their use.

The effect of these proposals will be to co-ordinate and systematise all the various orders issued by Government for the improvement of rural areas and bring those areas under the Local Self-Government scheme.

The necessary provisions giving effect to these changes will be incorporated in the amended Local Boards Regulation.

18. *Enlargement of the Functions of District and Taluk Boards.*—The Local Self-Government Committee recommend that, besides the functions assigned at present to the rural boards, the control of primary education, medical relief, veterinary dispensaries and *muzrai* institutions may be handed over to them. As already decided with regard to municipal councils, there is no objection to hand over the control of primary education, medical relief and the care of veterinary dispensaries to the District and Taluk Boards. As in the case of Municipal Councils, some minor *muzrai* institutions may also be placed under the control of the Local Boards.

Under clause J of Section 7 of the Local Boards Regulation, the District Board may take up any other local works or measures likely to promote the health, comfort, convenience and welfare of the public. Owing to paucity of funds, very little work outside the usual functions assigned to them appears to have been taken up by the District Boards so far. In England and other countries, the tendency is to develop the District Councils so that their activities may range over all matters calculated to promote the welfare of the public. The ideal that Government desire to keep in view is to develop the District Boards gradually into real District Councils. But, for the present, Government consider that in matters which do not ordinarily come within their functions, such as local questions connected with the general administration of the district, the District and the Taluk Boards may be authorised to pass and submit resolutions for the consideration of Government, under rules to be framed in this behalf.

19. *Finances of the District and Taluk Boards.*—The Local Finance Committee have dealt exhaustively with the question of the finances of the rural boards. The outstanding feature of their financial situation is the want of elasticity of revenue and the consequent difficulty to meet the growing demand for increased expenditure on the services already undertaken or to undertake fresh services. It is stated by the Committee that fresh sources of income cannot be easily devised and that grants-in-aid from Government are necessary to enable the Boards to discharge their allotted functions satisfactorily. Their recommendations may be thus summarised:—

(i) (*a*) The Local Fund General may be abolished, the services now maintained by it being distributed between District Funds and Government according to their character.

(*b*) The Village School Fund may be similarly abolished and primary and vernacular education in rural areas transferred to District Boards.

(*c*) The District Board in each district may take up all the functions that are suitable for local bodies, including primary education, the entire cess and other

receipts of the Local Fund General and Village School Fund being transferred to that body.

(ii) To enable District Boards to discharge all their functions, a sum of Rs. 23 lakhs is estimated to be necessary. Towards this, a Government grant-in-aid of Rs. 7 lakhs is suggested in addition to the transfer of the whole of the *mohatarfa* now credited to general revenues amounting to about Rs. 3 lakhs.

The net result of their proposals for the reorganization of the existing funds will be as shown below:—

RECEIPTS.

	Rs.
Average receipts under District Funds for three years ending 1914-15 ...	8,95,122
Average receipts under Local Fund General for the same period ...	2,13,447
Average receipts under *mohatarfa* for the same period	2,63,486
	13,72,055
Add Village School Fund—average for the same period	2,38,519
	16,10,574

Exclusive of the Village School Fund, the receipts for the District Fund will thus be increased by over 50 per cent if the Committee's proposals are sanctioned.

20. Government approve of the recommendations of the Committee as regards the abolition of the Local Fund General and the transfer of the charges now debited to that Fund to Government. Whatever may have been the reasons for constituting it originally as a distinct fund, the paucity of funds in the hands of local bodies leaves little justification for appropriating a part of the local cess for meeting the cost of services which are provincial in character.

21. The assignment of the *mohatarfa* to local bodies which is recommended by the Committee involves a sacrifice of general revenues to the extent of Rs. 2,63,000. In view, however, of the great need for increased funds for the District Boards and for stimulating their activities, Government accept this recommendation.

22. The question of the Village School Fund stands on a different footing. It does not appear desirable to merge this fund which is devoted to the promotion of primary education in rural areas into the general balances of the District Boards. Government have accepted the recommendation of the Local Self-Government Committee that the control of primary education should be gradually transferred to Local Boards. When this recommendation is fully given effect to, the Village School Fund will be practically transferred to the local bodies. Till then, separate accounts will continue to be maintained for the fund.

23. In addition to the assignment of the Local Fund General and the *mohatarfa*, the Local Finance Committee have recommended that a lump sum grant estimated at about Rs. 7 lakhs should be given by Government to the Local Boards. It is understood that the Committee intended that this grant-in-aid should be given gradually. Government, however, are of opinion that the consideration of this question may be postponed till the Boards show some capacity for self-help and make serious efforts to increase their revenues. By the assignment of the Local Fund General and *mohatarfa*, an addition of over 50 per cent, as already stated, has been made to their income and no further financial help can be given by Government at this stage. It is, however, open to any District Board to approach Government for grants-in-aid equal to any additional revenue they are able to raise.

24. *Provision for Local Improvements and other Development Schemes.*—In addition to these measures, Government consider it desirable that District and Taluk Boards should have power to raise loans for the purpose of undertaking or financing important improvement and development projects in the areas concerned. District Boards can now borrow under the Regulation subject to the sanction of Government. Taluk Boards which will be incorporated bodies under the proposed scheme may also be expressly empowered by legislation to borrow, subject to the sanction of Government.

In order to guarantee re-payment of such loans or to accumulate funds for specific useful purposes, the District and Taluk Boards may be empowered to levy a special cess within their respective jurisdictions. The levy of such a special cess should be agreed to by a three-fourths majority of all the non-official members of the Taluk Board or District Board, as the case may be, present at a special meeting to be held for the purpose, and should be approved by Government.

25. The loans so raised will be utilised for the objects referred to in Section 7 of the Local Boards Regulation as well as for the agricultural and economic improvement of the areas concerned, including construction of irrigation works and water supply tanks and canals, special repairs to the same, water supply and drainage works in rural areas, roads and tramways, village extensions, demonstration farms, encouragement of rural industries, etc.

Conclusion.

26. It will be observed that a considerable increase of powers and functions of the local bodies has been sanctioned and it rests with the local authorities to exercise these powers with due caution and in the best interests of the areas under their control. Government desire to state that, with a view to safeguard the efficiency of local administration, they will not hesitate in cases of proved incompetence or default by local bodies to withdraw any of the powers granted and to ensure efficient performance of their duties by the exercise of the authority vested in them by law. For some time to come, Government will endeavour, as far as possible, to render assistance to any Municipality or local body by lending them trained executive or engineer officers to work under them. Government, however, hope that under the operation of these orders, a spirit of self-help and initiative will grow up which would enable local bodies to train their own staff and provide for all their wants by developing local energy and resources.

Revision of Pay of Officials in the Trust Board Office, Mysore.

No. 3384-6—Ml. 14-16-9, dated 27th November 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Government Order No. 8863-5—Ml. 106-3-26, dated the 12th May 1915, sanctioning the revision of the several sections of the establishment of the Board of Trustees for the Improvement of the City of Mysore.

2. Letter No. 351—S. 33, dated the 19th August 1916, from the Chairman of the above said Board submitting for sanction the following recommendations:—

(i) Mr. J. Ramaswamiya, Manager of the Chairman's Office, may be permitted to draw the maximum pay of his post, *viz*, Rs. 75 with effect from the 1st July 1913 instead of from the 12th May 1915;

(ii) The grant of an increment in advance to the marginally noted Sub-Overseers with effect from the 12th May 1915;

1. *Nazim Ali Khan.*
2. Vajravelu Mudaliar.
3. K. Ramanna.

(iii) The grant of a local allowance of Rs. 5 a month to Sub-Overseer M. Puttanna with effect from the 1st July 1915;

(iv) The creation of a new post of Sub-Overseer, 3rd grade on Rs. 25-$\frac{5}{4}$-35+10, the existing temporary appointment of Sub-Overseer on Rs. 25+10 being abolished.

(v) The appointment of Channayya, the present temporary Sub-Overseer, to the new post on Rs. 25+10 with a local allowance of Rs 5.

Order No. 3384-6—Ml. 14-16-9, dated 27th November 1916.

Government do not see sufficient reasons for revising their Order of the 12th May 1915, respecting Mr. J. Ramaswamayya, the Manager of his office.

2. A personal allowance of Rs. 5 a month is sanctioned in the case of each of the three Sub-Overseers mentioned against item (ii) above. This allowance will cease on their reaching the maximum pay of their grade.

3. Sanction is accorded to the other recommendations mentioned above.

No. 3453-66—Mi. 144-16-1, dated 29th November 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 3453-66—Mi. 144-16-1, dated 29th November 1916.

Government observe that in the preparation of Municipal Budgets, the Municipal Councils do not carefully follow the rules laid down in the Account Manual—specially those under Rules 18 to 21—with the result that several defects are noticed in the budget statements. For instance—

(1) Minimum balance is not maintained in many instances.

(2) Normal income is less than normal expenditure in several cases.

(3) Proposed estimates have the result of adding to the existing minus balance. There is no attempt made to reduce minus balance but there is a tendency to increase it.

(4) Income is often over estimated to show fictitious prosperity.

(5) Normal income is sometimes less than normal expenditure which is bad finance.

The violation of the rules often leads to confusion of Municipal finance which should be guarded against. The Government therefore direct that Rules 18 to 21 of the Municipal Account Manual be strictly observed by the Municipal Bodies in preparing the Budget Estimates in future.

2. In following the rules, the Municipal Councils should strictly adhere to their budget programme every year, estimate carefully that normal income provides for expenditure well within their means and show separately all special grants for special works—both under total balance and total expenditure every year. All increase of expenditure should be carefully considered with reference to resources and it should be clearly understood that Government will not sanction any excess if it cannot be met by the normal resources of the Municipal Bodies concerned.

3. The normal income and expenditure should be arrived at by deducting from the total income and expenditure the totals of the extraordinary items of income and expenditure, and with a view to ensure that the Municipal Bodies calculate their normal income and expenditure correctly and review their financial position in a careful manner, Government direct that a statement in the accompanying form be prepared, scrutinised and passed by the Municipal Bodies and a copy thereof submitted with the Budget Estimates to Government every year.

4. The Comptroller is requested to issue the necessary addendum and corrigendum to the Municipal Account Manual.

Plans of New Buildings in the Basavangudi and Malleswaram Extensions, Bangalore City.

No. 3522-3—Ml. 223-15-2, DATED 30TH NOVEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

(1) Para 2 of Government Order No Pg 1251-2, dated 12th April 1900, approving of the conditions of the grant of sites for building purposes in Basavangudi and Malleswaram Extensions of the Bangalore City, one of the conditions being "That no building be commenced until the plan and specification of the same are approved of by the Sanitary Engineer."

2. Letter No 230, dated the 25th February 1916, from the President of the Bangalore City Municipal Council, stating that, as the two extensions have been practically fully laid out, levels of roads, drains and pipes fixed, there is no need for the plans of new buildings therein being referred to the Sanitary Engineer and that the Health Officer and the Municipal Engineer of the Municipal Council may be deemed competent to pass the plans, the advice of the Sanitary Engineer being taken in cases in which his expert opinion is necessary, and requesting, therefore, that the above order may be modified suitably.

Order No. 3522-3—Ml. 223-15-2, dated 30th November 1916.

The suggestion of the President is approved.

Vaccination Department and the Vaccine Institute.

No. 2762-70– San. 21-16-5, dated 4th November 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

The Report on the working of the Vaccination Department in the State and the Vaccine Institute Bangalore, for the calendar year 1915, received from the Sanitary Commissioner, with his letters Nos. P. 43 and P. 13-3, dated the 21st July 1916 and 17th August 1916, respectively.

Order No. 2762-70—San. 21-16-5, dated 4th November 1916.

Result of vaccination during the year.—The number of persons vaccinated during the year under review was 110,744 against 137,735 in 1914, showing a decrease of 26,991. Compared, however, with the average of the previous three years, the decrease was small being only 1,418. The number of successful cases of primary and revaccination was 96,646 and 3,590 against 117,993 and 4,459, respectively, in 1914. The decrease which is common to all districts is attributed to the decline in the small-pox epidemic which was prevalent throughout the State in the previous year in a severe form.

2. *Death rate from small-pox.*—The number of deaths from small-pox was less than that in the previous year, the number being 3,990 against 13,654 in 1914. The ratio of deaths per 1,000 of population was 0·7 against 2·59 in 1914. The disease was reported from all the districts. The mortality was high in the Mysore District, *viz.*, 1,431. The percentage of deaths from small-pox compared with deaths from all-causes was 4·5 against 12·82 in the previous year.

3. *Cost of the department.*—The cost of the department, excluding the Vaccine Institute, was slightly more than in the previous year, *viz.*, Rs. 25,071 as against Rs. 24,233. The cost of each successful vaccination was annas 4, as compared with annas 3 and pies 7 in 1914.

4. *Vaccine institute.*—Government note that the vaccine manufactured in the institute was efficacious.

5. *General.*—The attention of the Sanitary Commissioner is invited to paragraph 2 of Government Order No. 3621-9—San. 136-14-5, dated the 17th November 1915, and he is requested to report what progress, if any, has been made in connection with the preliminary survey of unprotected children.

The attention of the Presidents of the Municipal Boards is invited to the remarks of the Sanitary Commissioner in paragraph 7 of his report on the results achieved by the enforcement of the compulsory system of vaccination and they are requested to take necessary steps for the efficient working of the system.

There was a delay of nearly three months in the submission of the report due, it is explained, to the late receipt of the details from the Kadur District.

Every endeavour should be made to submit the report in due time.

D. M. NARASINGA RAO,
Secy. to Govt., Gen. Dept.

To—The Sanitary Commissioner in Mysore.
The Deputy Commissioners and Presidents of the Municipal Boards.

Exd—C. R.

No. 2827-35—San. 34-16-3, dated 8th November 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENT

Read—

The Report on Sanitation in Mysore for the calendar year 1915, received from the Sanitary Commissioner in Mysore with his letter No. P 42, dated 5th August 1916.

Order No. 2827-35—San. 34-16-3, dated 8th November 1916.

1. *Seasonal conditions.*—The average State rainfall for 1915 was practically normal but compared with the year 1914, the maidan tracts had a greater rainfall than the malnad portions in 1915. There was a decline in the prices of the important food grains, *viz.*, rice, ragi and cholum.

2. *Vital statistics.*—The total number of births registered during the year was 114,253 against 115,866 in 1914, the birth-rate per thousand of population being 20·03 against 20·30 in the previous year. In the urban and rural areas, the birth-rate was 31·38 and 18·61, respectively, against 32·21 and 18·83 in 1914. It is satisfactory to note that the birth-rate in the Shimoga District is the highest for the State. The number of deaths during the year was 88,580 against 106,482 in 1914, showing a decrease of 17,902. The death-rate was 15·53 against 18·66 in 1914. The decrease is attributed to the absence of any wide spread epidemics.

3. *Principal causes of death*—(*a*) *Cholera.*—There was a great decline in deaths from this cause only 178 in 1915 as against 849 in 1914 and Government share the Sanitary Commissioner's hope that the water-supply scheme will have a beneficial effect in reducing the mortality from cholera.

(*b*) *Small-pox.*—There was a considerable decrease in the mortality from small-pox, the number being 3,990 against 13,654 in 1914. The mortality was, however, high in the Mysore District, the number of cases being 1,431.

(*c*) *Plague.*—The number of plague attacks and deaths during the year was 5,127 and 3,547, respectively, against 6,626 and 4,613 in 1914. The death-rate decreased to ·62 as compared with ·80 in 1914. The benefits which resulted from inoculation in the Shimoga town given in detail at the end of para 22 of the report deserve to be widely made known to the public. The attention of Municipal Councils is invited to the suggestion in para 23 of the report that adequate facilities of a permanent or semi-permanent nature should be provided for the prompt segregation and treatment of the sick and the isolation of contacts.

(*d*) *Fevers.*—The death-rate from fever was 6·43 against 6·97 in the previous year. The mortality was high in the districts of Shimoga, Kadur and Hassan, the death-rate being 10·45, 9·90 and 7·98 respectively. The death-rate was considerably lower in the year under review as compared with the figures for the past three years, *viz.*, 12·73, 12·25 and 8·41 respectively. Free distribution of quinine appears to have lowered the death-rate from fever in the malnad.

4. *Malnad improvement scheme.*—The following measures were undertaken for the prevention of malaria in the Shimoga, Kadur and Hassan Districts :—

(i) Clearance of rank vegetation,

(ii) supply of good drinking water,

(iii) improvement of drainage,

(iv) removal of wet cultivation away from residential areas,

(v) spread of knowledge on sanitation and hygiene by means of lectures and distribution of pamphlets, and

(vi) increase of medical aid, such as free distribution of quinine, appointment of trained additional vaccinators and midwives and the establishment of travelling dispensaries.

5. *Sanitary works.*—The total expenditure incurred by the Municipal and District Boards on sanitary works was Rs. 34,675. The expenditure incurred by the Public Works Department on works of a sanitary nature, during the year 1915, was Rs. 94,660.

6. *General.*—The report is on the whole a satisfactory one. Government will be glad to have a comprehensive report from the Sanitary Commissioner on the measures adopted and contemplated for improving the sanitation of the malnad.

Supply of Typewriting Ribbons.

No. G. 5481-530—G. P. 24-15-87, dated 1st November 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 1800-910—G. M. 145-15-1, dated the 11th August 1915, directing that all communications to Government should be clearly typed so as to be easily readable even after the lapse of some time

2. Letter No. 3811, dated the 19th October 1915, from the Chief Commandant, Mysore State Troops, stating that the typewriting ribbons obtained from local stationers are found to be of inferior quality, and suggesting that the Superintendent, Government Stationery Depot, may be instructed to stock and supply to such offices as may apply for them typewriting ribbons of reliable brands.

Order No. G. 5481-530—G. P. 24-15-87, dated 1st November 1916.

The Superintendent of Stationery is requested to arrange for the issue of reliable brands of typewriting ribbons from the Stationery Depot to all Government offices in the State using typewriters.

2. Heads of Departments and Deputy Commissioners of Districts are requested to intimate to the Superintendent of Stationery when forwarding to him their next indent for articles of stationery, the number and the kind of typewriting ribbons in use in their offices and in the offices subordinate to them and their requirements in the matter of ribbons for 1917-18.

4. The cost of the ribbons that will be purchased by the Stationery Depot for distribution among the various offices of the State that may apply for them will be met by a proportionate reduction from the contingent grants of these offices.

4. The arrangements will be in force for one year as an experimental measure.

5. The Superintendent of Stationery and the Heads of Departments will report to Government about the beginning of May 1918 as to how the arrangement now ordered has worked.

D. M. NARASINGA RAO,
Secy. to Govt., Gen. Dept.

READ—

Letter No. 81, dated 27th July 1916, from the Secretary, Mysore State Life Insurance Committee, requesting that the Superintendent, Government Press, may be authorised to receive and execute all printing work required for the Public Branch of the State Life Insurance Office and also that the Superintendent, Government Stationery may be directed to supply all stationery articles required for the use of the said office.

Order No. G. 6578-81—G. P. 8-16-58, dated 24th November 1916.

All printing work required for the Insurance Office in both its branches may be done at the Government Press on payment by book adjustment. Subject to similar adjustment and subject also to the provisions of the stationery rules, stationery articles required for the Insurance Office may be supplied from the Government Stationery Depôt.

In order to show the annual value of such adjustment a new head under "XVIII C. 4 value of work done for Commercial Departments and local bodies" may be opened in the State Budget with effect from 1917-18.

READ—

Report on the working of the Government Press, the *Mysore Gazette* Office and the Office of Registrar of the Authorised Publications for the year 1915-16, submitted by the Superintendent, Government Press, with his letter No. 420, dated 12th August 1916.

Order No. G. 7057-106—G. P. 16-16-3, dated 29th November 1916.

Recorded.

2. In order to save labour and time in the work done by the Proof Branch of the Government Press, Government desire to emphasise the necessity for a very careful preparation of press copies and the employment of only qualified men in the proof section.

3. Government consider it necessary that the varieties and value of supplies received from the Stationery Depôt for use in the Government Press, should be shown in the Store Accounts.

4. The comparative statement showing the fluctuation of work in the Press, does not include items such as ruling, perforating, embossing and numbering. The Superintendent is requested to see that no work done in the Press is left out of account in exhibiting the result of the working of the Government Press.

5. Government note with approval the satisfactory progress made till the end of June 1916 by the pupils of Government Printing School and await with interest the result of the first public examination for which some of them are preparing.

6. The Superintendent's remarks about the printing school as distinguished from the class for the employees of the Press, appear to indicate that they are treated, contrary to the intentions of Government, as two distinct institutions. This requires explanation.

7. On the whole, Government are pleased to note that the Press and the other institutions under the charge of Mr. Yates were managed satisfactorily during the year under review.

The following letter No. 6797, dated the 25th September 1916, from the First Assistant to the Hon'ble the Resident in Mysore:—

I am directed to state that the Government of India have had under consideration the question of the accommodation to which Indian Officers of the Imperial Service Troops are entitled when travelling by rail or sea at Government expense.

2. In this connection, I am to invite a reference to Captain Erskine's letter No. 4512, dated the 20th October 1897, and to Mr. Moss King's letter No. 1630, dated the 18th March 1905, from which it will be seen that the Government of India have said that they would be responsible for the transport by rail and sea of Imperial Service Troops when employed on active service and on garrison duty in India. No ruling has, however, been given as to the class of accommodation by which officers of such units should be required to travel.

The Government of India say that the employment of Imperial Service Troops in connection with the present war has brought to light that diversity of practice exists in different States as regards the nomenclature of their officers. In order to avoid incongruities which have been found to result from this, the Government of India have been pleased to decide that officers of and above the rank of Lieutenant-Colonel, the Commandant and 2nd-in-Command of a regiment of Imperial Service Cavalry or Battalion of Infantry, the Commandant of any Imperial Service Corps or unit not mentioned above, and fully qualified Medical Officers ranking as 2nd-in-Command in the Imperial Service Cavalry or Infantry shall alone be entitled to 1st class accommodation when travelling by rail or sea at Government expense. All other officers will be entitled to 2nd class accommodation.

Order No. G. 6013-14—Mily. 99-16-2, dated 13th November 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The Report on the Administration of the Mysore Meteorological Department for the year 1915-16, from the Meteorological Reporter to Government with his letter No. 130, dated the 2nd September 1916

Order No. G. 5815-16—G. M. 249-16-3, dated 6th November 1916.

Recorded. The work of the department during the year under review has continued generally on the same lines as in previous years. At the instance of the Director-General of Observatories with the Government of India, arrangements have been made for observations at the Central Observatory, Bangalore, for investigating the velocity and direction of upper air currents with the help of pilot balloons and Government are glad to note that the work done has received the appreciation of that officer. The Meteorological Reporter has also prepared plans and estimates for the construction of thermometer sheds at Nandi and the Bababudans for opening temporary observatories for recording temperature, humidity and rainfall in connection with the establishment of Seed stations for the rearing of silk worms.

2. It is brought to notice that 9 per cent of the raingauge stations remained uninspected during the year under review by Revenue Officers. The work was most deficient in Tumkur, where only 70 per cent of the stations were inspected. The Revenue Commissioner is requested to see that such omissions in regard to inspections do not take place hereafter.

3. The expenditure during the year increased to Rs. 11,616 under establishment and Rs. 1,028 under contingencies from Rs. 11,101 and Rs. 800, respectively, during the previous year.

OFFICE MEMORANDUM.

Order No. G. 6060-5—G. M. 342-16-6, dated 14th November 1916.

The Hon'ble the Resident has agreed to adopt tentatively for a period of one year from 1st December 1916, the following procedure in the mode of addressing Residency communications to the Government of His Highness the Maharaja of Mysore:—

(*a*) The Dewan will be addressed in such cases only as the Hon'ble the Resident may consider suitable.

(*b*) In all other cases, the First Assistant to the Hon'ble the Resident will address his communications to the Secretary to the Government of His Highness the Maharaja who may have conducted the previous correspondence, or if there be no previous correspondence to the Secretary in the General Department.

2. The Hon'ble the Resident has also agreed that, in regard to communications from the Government of His Highness the Maharaja to the Residency, the form of endorsement that is generally employed by the Residency may be adopted where all that is required is to forward papers with little or no comment, while in all other cases communications will, as usual, be by letter.

By Order,
D. M. NARASINGA RAO,
Secy. to Govt., Gen. Dept.

To—The Secretary to Government, Financial Department
The Secretary to Government, Revenue Department.

Temporary Establishment for the Military Section of the General and Revenue Secretariat.

No. G. 6113—G. M. 3-15-112, DATED 15TH NOVEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

(1) Government Order No. 10713—G. M. 352-13-1, dated the 26th June 1914, fixing the scale of the permanent clerical establishment of the General and Revenue Secretariat as noted in the margin.

Sixty-five First Division Clerks at Rs 40—5—100.
Forty nine Second Division Clerks at Rs. 25—2—65.
Three do do (Special) at Rs. 70.

(2) Government Order No. G. 4351-403—Mily. 9-14-1, dated the 3rd November 1914, directing that the Secretariat functions of the Military Secretary to His Highness the Maharaja of Mysore, be transferred to the General and Revenue Secretariat, and sanctioning the marginally noted temporary establishment for work connected therewith in the General Secretariat.

One First Division Clerk on Rs 40—5—100.
One Second Division Clerk on Rs. 25—2—65.

Order No. G. 6113—G. M. 3-15-112, dated 15th November 1916.

Government are pleased to direct that the temporary establishment above referred to be made permanent.

2. The permanent clerical strength of the General and Revenue Secretariat, will be as follows :—

Sixty-six First Division Clerks at Rs. 40—5—100.
Fifty Second Division Clerks at Rs. 25—2—65.
Three do do (Special) at Rs. 70.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. G. 5923—G M 299-15-1, dated 12th November 1915, from the Secretary to Government, General Department, to the President, City Municipal Council, Bangalore, requesting him to report in consultation with Mr. B. Ramakrishna Rao and Revd E. W. Thompson and any other gentleman he may select, as to what portions of the Bangalore Fort may be selected for preservation as historic monuments.

2. Letter No. 618, dated 13th May 1916, from the President, City Municipal Council, Bangalore, together with enclosures (printed as accompaniments), reporting in the matter.

3. The opinion of the officer in charge of Archæological Researches that the Palace, the Venkataramanaswami temple and the Delhi gate are worth preservation as monuments of historical interest, and that the Powder magazine near the Sanskrit College and the octagonal well to the west of the Palace as works of antiquarian interest.

Order No. G. 6096-100—G. M. 299-15-5, dated 15th November 1916.

Government generally concur in the recommendations made by the President, City Municipal Council, Bangalore, which are indicated in the statement appended hereto except in regard to the Ganesa temple which, though of recent origin, need not be dismantled. The powder magazine, being reported to be "a veritable den of nuisance," may be dismantled as proposed.

2. As the old Palace in the Fort should be maintained as a structure of archæological interest, the Inspector-General of Education and the President are requested to take necessary steps for the removal elsewhere of the District Normal School and the Kannada Boys' School located therein.

3. The President is also requested to submit an estimate of the probable cost of the improvements suggested and to report what portion of it the City Municipal Council would be prepared to bear.

4. The thanks of the Government are due to Rajasabhabhushana Dewan Bahadur Mr. K. P. Puttanna Chetty, the President, Mr. B. Ramakrishna Rao, the Revd. Mr. Thompson and Mr. R. Narasimha Char for the trouble they have taken in making practical suggestions in the matter.

D. M. NARASINGA RAO,
Secy. to Govt., Gen. Dept.

Exd.—R. K.

No. G. 6096-100—G. M. 299-15-5, DATED 15TH NOVEMBER 1916.

Nature of buildings, etc.	Opinion of Mr. K. P. Puttanna Chetty
I. Internal features—	
1. Old Palace and its surroundings ...	(1) Existing remains should be preserved after being restored to original condition as far as possible. (2) Schools located in the building should be removed. (3) All wooden and glazed partitions should be removed. (4) A tablet and plan of the old Palace with explanatory notes should be put up in a conspicuous part. (5) The Palace should be maintained solely as one of supreme archæological interest without subjecting it to utilization purposes. (6) Grounds round it should be laid out into a park.
2. Huge masonry ramp at the north-west corner of the Palace.	Must be removed.
3. Octagonal well behind (2) ...	May be preserved.
4. Powder magazine at the south-west corner of the Sanskrit College.	Need not be preserved.
5. A dilapidated magazine a little to the north of the above.	May be demolished as it is a veritable den of nuisance.
6. Main temples ...	Should be preserved in a better state than at present.
7. Ganesa temple ...	Recently come into being is out of place in its surroundings.
II. Fortifications and Outworks—	
1. Remains of the portion of the Delhi or North gate.	Should be preserved and kept free from all trees and rank vegetation.
2. Fort walls adjoining the Hospitals ...	(a) The wall running west and south-west of the Delhi gate should be preserved up to the cavalier comprising the two semi-circular bastions. (b) The rest of the Fort wall is not worth preserving and may be removed leaving 3′ or 4′ above ground level. This will be 50′ or 60′ wide at the top and it may be formed into a promenade with shrubberies of shelter for the use of convalescents in the Victoria Hospital, the outer edge towards the Fort being protected by ornamental railing.
III. General.—(Other improvements) ...	(1) A road may be constructed and lines of avenues planted along the alignment of the Fort wall. (2) Two gate pillars or an arch-way should be constructed to mark the site of the south or the Mysore gate. (3) The western half of the Fort which contains mostly dilapidated and ruined private properties may be acquired and utilised for erecting public buildings.

No. G. 6096-100—G. M. 299-15-5, DATED 15TH NOVEMBER 1916.

D. O. No 618, dated 13th May 1916, from the Honorary President, Municipal Council, Bangalore City, to the Secretary, General Department.

Referring to your D O. letter No. b. 5923—G. M. 299-15-1, dated 12th November 1915, I have herein enclosed a plan of the old Fort of Bangalore, marking thereon, in different colours, what portions of it have disappeared already, and what portions of the remaining features of the Fort have to be preserved as Historic Monuments.

2 I am glad to say that Revd. Thompson and Mr. B. Ramakrishna Rao inspected the Fort with me and gave their valuable suggestions. Copies of notes furnished by both the gentlemen are appended to this letter.

3. The most important land mark of the Fort is certainly the old Palace of the Sultan, and we have unanimously agreed that the existing remains of it should be preserved intact, after restoring it to its original condition as far as possible.

With a view to fit up the building for schools and offices, certain structural additions have been made to it from time to time. These innovations not only have spoiled the dignity of the Historical Building but are also architecturally incongruous with the remaining parts of the ancient building. I recommend therefore,—

(1) that the school be removed from there,

(2) that all the wooden and glazed partitions be removed,

(3) that the building be cleaned, repaired and painted after the model of the Tippu's Doriadoulat Palace in Seringapatam, which it must have resembled at one time,

(4) that a tablet and plan of the old Palace with explanatory notes be put up in a conspicuous place giving its history,

(5) that the place be maintained solely as one of supreme archæological interest without subjecting it to serve any utilitarian ideas,

(6) that the grounds round it be laid out into a Park.

4. At the north-west corner of the old Palace there is a huge masonry ramp which served once as the 'Incline' for lifting water from the well by 'Mhote' or 'Kapple.' This is unsightly and must be removed But the well behind it is a work of engineering interest being an octagonal well revetted with whole blocks of well dressed granite stone throughout. I should be sorry to obliterate its existence. I dare say, with the advice of our Engineers and Sanitarians, it would be possible to devise some means by which its preservation would not be a danger to local sanitation or personal safety.

5. There is the Powder or the Ammunition magazine situated at the south-west corner of the Sanskrit College. Regarding this, there is a difference of opinion between Revd. Thompson and Mr. Ramakrishna Rao, the former suggesting its preservation as a specimen of obsolete military architecture while the latter thinks that no case is made out for its preservation. I am inclined to agree with Mr. Ramakrishna Rao. The same may be said of another old dilapidated magazine a little to the north of the above. This is a veritable den of nuisance; and the sooner it goes the better for the sanitation of the locality.

6. The main temples which have hoary associations attached to them should be preserved, I might say, in better state than what they are in at present. But I do not think it fitting to encourage the development of new temples on merely sentimental grounds. For instance, the Ganesha temple within the Delhi gate has come into being quite recently and an attempt was made to raise another by its side just a few days ago. With due respect to the religious feelings of the devotees, not excluding myself, I must say that the temple with its Mangalore tiled gabled roof is out of place in its surroundings.

7. Having dealt with the internal features of the Fort, I now come to the fortifications and outworks. More than three-fourths of this are gone, what remains is the portion of the Delhi or the north gate, containing three of the original five gates and Fort wall with bastions and two cavaliers on the west extending up to the Minto Ophthalmic Hospital. All three of us are of opinion that, to give a fairly accurate idea of the solidity, strength and nature of fortifications, it would be sufficient to preserve the remaining portions of the Delhi gate together with the main rampart up to the cavalier (shown in red colour on the plan), comprising the two semi-circular bastions. The block of Delhi gate containing also the dungeons; where Sir David Baird and others are reported to have been kept as prisoners of war, and the rampart should be kept free of all trees and rank vegetation.

8. Beyond the portion described above, the Fort wall is not worth preserving. It is now a great source of insanitation in the immediate vicinity of two of the largest medical institutions in the State, the Victoria Hospital and the Minto Ophthalmic Hospital. The fine views of these buildings is marred by the high wall. The only useful purpose it is serving, amongst its many disadvantageous features, is its being an effective barrier against intrusion into the compound of the Victoria Hospital. I think this can still be secured by leaving 3' or 4' wall above ground level and removing the rest. This will give a 50' or 60' width at the top of the wall left, and the same may be formed into a nice promenade with shrubberries and shelters for the use of convalescents in the Victoria Hospital, the outer edge of the wall towards the Fort may be protected by an ornamental railing something like what is shown in the accompanying sketch. The Medical Officer of the Victoria Hospital seems to be in agreement with this proposal.

9. To mark the site of the Fort wall and to preserve the oval shape on which it had been laid, it is proposed to construct a road along the alignment of the former wall and plant lines of avenues.

No. G. 6096-100—G. M. 299-15-5, DATED 15TH NOVEMBER 1916.

10. It would not be complete unless the site of the south or the Mysore gate which no longer exists, is marked by two gate pillars or an arch way.

11. I would suggest, in this connection, that the western half of the Fort which contains mostly dilapidated and ruined private properties be acquired and utilized for erecting public buildings, a few of which already exist though with little or no arrangement. Such buildings when properly located will perhaps tend to perpetuate the 'great street' which once existed here and referred to by Mr. Ramakrishna Rao in his notes, para 3 (iv). Only the north-eastern quadrant seems to have been used as private residential quarters from a long time, and I think it best to leave it as such. A scheme has been approved by the Municipal Improvement Committee for opening out congestion, widening existing streets and forming new lanes in this area. In the south-eastern quadrant there are only one or two residential quarters, the major portion of it being Municipal maidan or Reserve Police Lines. Unless the Government are pleased to decide the question of the location of the Reserve Police finally, it would be useless to make any suggestions regarding the best mode of utilizing this area.

12. I should like to bring to your notice that Revd: Thompson in his notes, has incidentally put forth suggestions that the sites in the pettah or the old city where batteries had been erected at the siege of Bangalore in 1791 should be marked by placing tablets with suitable inscriptions. Though I heartily agree with him, I should like to consult the Municipal Council in the matter as the sites in question have either been built upon or are not easily accessible. This may be treated as a separate question altogether, unconnected with that of preserving historic monuments in Fort.

D. O. letter No. 1494, dated 28th April 1916, from the Palace Controller, Mysore, to the Honorary President, Municipal Council, Bangalore City.

"I am very highly indebted to you for kindly showing me over the front bastions, etc., when I recently went to Bangalore. In the course of my stay there, short as it was, I fully studied the situation as far as I could do so, through the obliging help rendered by you. I also met and consulted Doctor C. Nanjappa, Resident Surgeon in the Victoria Hospital and Doctor S. V. Ramaswamiengar, who is in charge of the Minto Ophthalmic Hospital, as to the sanitary conditions in these important institutions which lie in close neighbourhood in the north-western direction of the Fort walls.

2. The question now, as I understand it, is what are all worth preservation in the Fort. Originally a structure, Hindu in its design, it was as I have said in my recent lecture on "*Bangalore Past and Present*" re-built from its foundations by Killedar Ibrahim Saheb whom Hyder Alli posted to Bangalore about the middle of the 18th century and after it was taken by the British and restored, Dewan Purniah had it repaired in the early part of the 19th century. The following is a graphic description of the Fort for which we are indebted to Mr. Home, whose select views in Mysore from drawings taken on the spot nearly 12 decades back, constitute a source of valuable information of that period.

"The Fort is of an oval figure, extending somewhat more than 900 yards in its longest "diameter. It is fortified with a broad double rampart, about 30 semicircular bastions, or turrets "and 5 cavaliers. There are two entrances to it; one at each end. That on the north called the "Delhi gate, consist of five strong, large gates, finished with considerable elegance: that on the south, "called the Mysore gate, consists of four only, low, and far inferior to the others in beauty. Both "these gates are covered with outworks. The ramparts of the Fort are extremely well built: the "ditch is deep, and wide, but dry in most parts of it: the fausse braye and covert way are both very "broad."

3. The sketches I have showed you in person clearly indicate that the chief places of historic significance worth preservation are four, *viz*:—

i. The old Palace of Tippu, which subsequently had the honor of the visit of His Highness the late Maharaja Sri Krishnaraja Wodeyar, on his assumption of the administration of the country over a century back and where His Highness was pleased to hold Durbar or Levee when he received several European ladies and gentlemen.

ii The north-western ramparts against which the attack of the British was successfully directed in 1791. These also contain the dungeons provided as residences for some prisoners of war.

iii. The temple of Sri Venkataramanaswami.

iv. The main passage from the North or the Delhi gate right up to the precincts of the Dhwajastamba of the said temple. This a remnant of the great* street which led to the north side gate works of the old Palace when it was in a state of preservation. The square and entrance into Tippu's Palace into which this grand gate opened no longer exist.

4. I dare say you remember the plates of these I have shown you.

5. Here is a description of the Palace itself by Mr. Home:—

"This is grand and spacious, displaying to the four winds of heaven as many ample fronts, "each composing a lofty hall, the wooden roof of which is supported by colonnades of the same "material. The pillars are connected by scolloped arches; and the whole is superbly painted and "gilt. The walls in front of the entrances to the east and west halls have balconies, richly carved, "and raised by small pillars, united by arches. In the middle of each balcony is a square projection

* The buildings which formerly existed on either side of this scene to have since undergone considerable alterations.

"which we suppose to have been intended for the seat of State, whenever the Sultan held a Durbar. "The North and south fronts are extremely airy, no wall dividing them, so that the eye completely "pervades the building. In front of each face of the Palace is a fountain: and on the north, south "and west, are jenanas, not yet finished, low, but highly ornamented with painting and gilding. "Opposite the north and south fronts are small flower gardens, on the right and left, in which the "pink of Europe vies with the variegated flowers of the east."

6. The look-out Block near the Palace may, as proposed in your notes, kindly shown to me by the Municipal Engineer, be removed.

7. As to the north-western ramparts, I think it necessary for reasons explained by me to you in person, to preserve all the existing gates and walls and works with just two bastions. Please see portions marked a, b, c, d, e and f, in the enclosed blue print sketch. These parts by themselves constitute a block which will serve as a memorial calculated to give the visitors a fairly accurate idea of the nature of the Fort when it existed in entirety: save and except this, the rest of the Fort walls may all be dismantled with advantage and in the best interests of the sanitation of the Minto Hospital and the Victoria Hospital. In removing these barriers to public health, your idea to lower the wall in the neighbourhood of these hospitals to the height of about 4 feet and put up an ornamental railing thereon and form a promenade with seats and shrubberies on the cavalier near, is an excellent one. So also your proposal to preserve the rampart roads running inside the walls to give an idea of the original shape of the Fort.

8. The Powder magazines in the Fort are an old remnant no longer needed for public health. They should, I think, be swept away.

9. The building where the Sri Chamarajendra Sanskrit College is now located is evidently a part of the old Barracks. This may remain till a more suitable structure can be erected here. The north-western quadrant now contains some unsightly buildings which may all be cleared away.

10. Since returning here, I have been very busy: hence I have not been able to write to you ere now which I trust you will please not mind."

D. O. letter dated 1st May 1916, from Mr. E. W. Thompson, Tumkur, to the President, Bangalore City Municipality.

"You have asked me to record the opinions which I ventured to offer to you during our inspection together of the historical buildings in the Bangalore Fort, on Saturday morning last. There is nothing in my opinion to conflict with the purpose and plans of the Municipality for the improvement and laying out of the Fort and its vicinity, and I write to you not because I have anything novel to propose but because you have asked for my views in writing.

There is a well known proverb in Kanarese, with its English equivalent about the uselessness of shutting the gate after the City has been looted. The destruction of some historical monuments which would have been well to preserve has already been accomplished. There is little advantage in dwelling upon irreparable damages: our task to-day is to keep what remains. The following, then, are the suggestions that I would offer:—

(1) That the Mahomedan Palace in the Fort shall be restored as nearly as possible to its former condition. The summer house at Seringapatam will serve as a suitable model for the restoration. The existing wooden and glass partitions should be removed, and the Municipal Kannada School and District Normal School should be accommodated elsewhere. This removal is as desirable on educational as on archæological grounds; for the building is quite unsuited to any school use. The site may be laid out as a small park or garden and will form a pleasant place of public resort in the centre of the Fort.

(2) The adjacent magazine may be retained as a specimen of somewhat obsolete military architecture.

(3) All the remaining portion of the Delhi gate should be preserved together with the main rampart up to the cavalier. This comprises two semi-circular portions. This portion will be sufficient to indicate what was the character of the main fortification. The remainder of the rampart towards the south, which bounds the hospital compound, may be demolished.

(4) It is proposed, I believe, to mark the site of the Fort by an oval road done up of grass. I hope that this belt of road and land will be planted with large trees. In a few year's time there will be a handsome and shady avenue of trees enclosing the site of the old Fort, if this treatment is adopted. In some European cities the old fortifications have been demolished and the site of them thus indicated and occupied.

(5) The trees and shrubs growing on the walls and gateways should be removed, though grass and other innocuous growth should be encouraged. A fare and naked ruin is a displeasing and unromantic object. I was glad to note recent improvements in the case of the Delhi gate way.

(6) The site of the batteries erected at the sieges may be erected by tablets in the petta. I shall be glad to prepare short inscriptions from the authentic records, if the idea is approved.

I trust, Sir, that these observations may be found of some service and beg to remain."

Form of Gradation Lists.

No. G. 6732-81 / G. M. 139-13-83

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,

Dated Bangalore, the 25th November 1916.

OFFICE MEMORANDUM.

The Gradation Lists of Establishments received from the several officers of Government in accordance with Government Order No. G. 5495-535—G. M. 139-13-14, dated 21st January 1914, have been found to vary in the information contained in them. As it is considered desirable to secure uniformity in this matter the accompanying form is prescribed for adoption in the preparation of future lists by all the officers concerned.

By Order,

D. M. NARASINGA RAO,
Secy. to Govt., Gen. Dept.

To—The Deputy Commissioners of Districts.
The Heads of Departments.

Proposals to give Effect to the Scheme for the Revision of the Industrial Schools.

No. 3341-6—Edn. 16-16-4, dated 10th November 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No 2235-6—Edn. 365-13-4, dated 17th November 1915, sanctioning a scheme for the revision of the Industrial Schools in the State.

2. Letter No. 7819—281, dated 29th September 1916, from the Inspector-General of Education in Mysore, submitting certain proposals to give effect to the above scheme.

Order No. 3341-6—Edn. 16-16-4, dated 10th November 1916.

Out of sixteen pupils that underwent the final examination in August 1916, after receiving training in the Industrial Teachers' class attached to the Mechanical Engineering School, Bangalore, ten are reported to have been declared successful by the Managing Committee. The first four in the list, *viz.*, S. Ramaswami, S. Venkata Rao, M. Krishnaiengar, K. Venkatesharanga Rao, have been appointed on probation and posted by the Inspector-General of Education as Superintendents of the Industrial Schools to be opened at Hassan, Chikmagalur, Shimoga and Chitaldrug, respectively, on a salary of Rs. 50 each per mensem in the first instance, with a stipulation that, at the end of the first year they should be prepared to undergo practical training for a year in either the Public Works Department or the Railway Workshops. It is also proposed that during the practical course these men should receive a subsistence allowance of Rs. 25 each per mensem.

2. These appointments subject to the foregoing conditions as well as the payment of a subsistence allowance of Rs. 25 each during the practical training in either of the workshops are approved. The question of their confirmation, as also of the grade in which they should be started will be considered after they show satisfactory work during the period of probation for two years.

3. As regards the remaining six successful candidates, the Inspector-General proposes that two of them may be kept under training for a year in the Government Textile Factory at Bangalore, to be employed as Superintendents of weaving schools at Dodballapur and Molakalmuru and the other four sent for a year either to the Public Works Department or Railway Workshops with a subsistence allowance of Rs. 25 each per mensem so that they may replace at the end of the year the men already employed when they are to be withdrawn for practical training. These proposals are also sanctioned.

4. The Inspector General of Education is requested to report at the end of two years how the foregoing arrangements have worked.

5. The cost will be met from the allotment of Rs. 22, 460 in the State Fund Budget of the current official year under 18 (*c*) Education, 6 Government Schools, Special, V District Industrial Schools.

P. G. D'SOUZA,

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 3675-78—Edn. 372-13-4, dated 1st April 1915 sanctioning in connection with the subjects included under the scheme of Practical Instruction in certain centres, the following estimate for "Tailoring":—

	Rs.
1. Initial cost at Rs. 50	50
2. Contingent for 5 months at Re. 1 each	5
3. Teacher's allowance at Rs. 6 each per mensem for 5 months ...	30
Total ...	85

2. Letter No. 7690-1- 266, dated 25—29th September 1916, from the Inspector-General of Education in Mysore bringing to notice that as a sewing machine itself costs about Rs. 100 the amount provided for equipment in the above order, *viz.*, Rs. 50 is inadequate, and recommending that the grant for the equipment of a tailoring class may consequently be enhanced to Rs. 120.

Order No. 3444-7—Edn. 2-16-7, dated 14th November 1916.

The recommendation is sanctioned.

P. G. D'SOUZA,

Chamarajendra Technical Institute, Mysore.

No. 3498-9—Edn. 157-15-7, dated 16th November 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Correspondence ending with letter No. 1851-2—45, dated 20—22nd July 1916, from the Inspector-General of Education in Mysore, regarding the proposal to revise the scale of expenditure of the Commercial Section of the Chamarajendra Technical Institute, Mysore.

2. Correspondence ending with letter No. 2115—B. & R. 145, dated 11th September 1916, from the Comptroller, forwarding duly verified, a proposition statement relating to the revision of the establishment of the above named section.

Order No. 3498-9—Edn. 157-15-7, dated 16th November 1916.

The Commercial Section of the Chamarajendra Technical Institute was opened in December 1913 on the lines laid down in Government Order No. 8834-40—Edn. 462-09-24, dated 1st May 1913. The progress made since then having, in the opinion of the Committee of management, justified an increase of expenditure, the Inspector-General of Education has, on the recommendation of the Committee, submitted a revised scale of expenditure involving the following items :—

(i) *Establishment.*—Rupees 517½ per mensem or Rs. 6,212 per annum.

(ii) *Other items*—

Recurring—

					Rs.
(*a*) Contingencies	...	...		...	500
(*b*) Public Lectures	...	...		...	360
(*c*) Excursions	...	...		...	200
			Total	...	1,060

Non-recurring—

					Rs.
(*d*) Library	...	...		...	300
(*e*) Furniture	...	...		...	300
(*f*) Typewriter	...	...		...	1,200
(*g*) Appliances and equipment		...		...	500
			Total	...	2,300

Government are of opinion that the increased expenditure proposed is necessary and are accordingly pleased to sanction the revised scale of establishment and other expenditure as shown in the statement appended to this order.

2. As directed in para 8 of the order of 1st May 1913 referred to already, the staff employed will be on a temporary footing.

3. The additional cost involved in the proposals as now sanctioned, *viz.*, at the rate of Rs. 3,684 per annum recurring and Rs. 2,300 non-recurring, will be met during the current year from the lumpsum provision of Rs. 53,176, for the reorganisation of Technical and Special Schools in the Educational budget for 1916-17.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. and Agri.

Ramanujaiengar's Endowment Fund.

No. 3833-6—Edn. 254-15-15, dated 28th November 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 753-4 –Muz. 374-13-2, dated the 12th October 1914, accepting an offe of Rs. 3,000 from Mr. H. Rangaswamiengar, for founding a scholarship in the name of his father the late Mr. H. Ramanujaiengar, retired Deputy Commissioner.

2. Letter No. 138, dated the 9th August 1916, from the Muzrai Superintendent in Mysore stating that the sum of Rs. 3,000 invested by the donor as a fixed deposit in the Mysore Bank wa transferred to him on the 7th August 1915 with a sum of Rs. 97-9-0, the interest accrued from th date of acceptance of the deposit to the date of transfer, and requesting orders as to the further treatment of the amount.

3. Correspondence ending with letter, dated the 1th October 1916, from Mr. H. Rangaswami engar, Mysore, setting forth the object of the endowment and the mode of utilization thereof.

Letter dated the 4th October 1916, from Mr. H. Rangaswamiengar, Mysore.

From your letter, I understand that the amount invested by me has accumulated to Rs. 3,232 and odd and that the interest is about Rs. 232.

The object of the endowment is (1) to make provision for an annual prize of Rs. 100 in my father's name the late Mr. H. Ramanujaiengar to a graduate of the Mysore University.

The Registrar of the University may kindly be requested to communicate with me regarding the details of the award.

(2) To offer worships once a year to Sri Gopalakrishnaswami in Paschimavahini in memory of my late mother Sri Alamelammal and feed Srivaishnava Brahmins that day during Thulamasam at an expense of Rs. 35.

It is evident therefore that the amount invested should yield an interest of Rs. 135 per year in order that these two objects may be carried out.

The total amount required is Rs. 3,375, of which, however, I would place Rs. 875 with the Muzrai Superintendent so that the annual interest of Rs. 35 may be utilized for the second purpose. To give effect to this proposal next month, I would request the Government to place Rs. 35 out of the total sum with me to enable me to carry out my object.

The amount of Rs. 2,500 required for the fulfilment of the first object will be available in the course of a year and nine months allowing 4 per cent interest on the remaining sum of Rs. 2,322 as the first batch of Mysore graduates who are to compete for the prize will be forthcoming only in 1919.

I trust that you will be pleased to obtain the kind sanction of the Government to my proposals to immediately transfer to the Muzrai Superintendent the amount of Rs. 875 and Rs. 35 to meet the expenses in connection with feeding, etc., which will have to be done next month.

I shall undertake to supervise and manage the worship and feeding that day every year.

Order No. 3833-6—Edn. 254-15-15, dated 28th November 1916.

In consonance with the wishes of the donor the sum of Rs. 3,000 with the interest accrued thereon amounting in all to Rs. 3,232-9-0 will be deposited as a charitable amount under the rules issued with Notification No. Fl. 4007—G. F. 184 of 1906, dated the 12th February 1908, as amended by Notification No. Fl. 473-503—G. F. 15-09-2, dated the 15th July 1909, under the designation of "Mr. H. Ramanujaiengar's Endowment Fund" carrying interest at 4 per cent per annum.

2. Of the amount thus deposited, the annual interest on a sum of Rs. 875 will be placed at the disposal of the Muzrai Superintendent, so that it may be utilized in offering worship once a year to Sri Gopalakrishnaswami in Paschimavahini in the name of the mother of Mr. Rangaswamiengar and for feeding

No. 3838-6—Edn. 254-15-15, dated 28th November 1916.

Srivaishnava Brahmins on the occasion. The annual interest on the balance will be placed at the disposal of the Mysore University to found a prize of Rs. 100 in the name of the late Mr. Ramanujaiengar to be awarded to a graduate of the University under rules to be issued in due course. The balance, if any is left, will be added to the corpus of the University's share of the donation.

3. The Muzrai Superintendent is requested to arrange in consultation with the Comptroller for a payment of Rs. 35 out of the accumulated funds to Mr. H. Rangaswamiengar at once to enable the latter to meet the expenses in connection with the feeding, etc., intended to be done in November, by Mr. Rangaswamiengar in memory of his mother. The payment may be made annually thereafter, as stated in the foregoing paragraph.

4. The Registrar of the Mysore University is requested to put himself in communication with Mr. Rangaswamiengar, and to settle all the details and forward for the information of Government the rules finally approved by the University under which the prize is to be awarded.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 3543-4—Edn. 26-15-3, dated 26th January 1916, sanctioning a scheme for holding examinations in the advanced grade of commercial subjects in addition to the Elementary and Intermediate grades.

2. Letter No. 8842—329, dated 20th October—1st November 1916, from the Inspector-General of Education in Mysore, reporting on the financial results of the Technical Examinations of 1916, in all the three grades, and requesting sanction to the payment of a sum of Rs. 947-3-8 due to the Examiners and Superintendents of the two Examination Centres.

Order No. 3881-2—Edn. 105-16-3, dated 30th November 1916.

The total receipts which consisted of fees paid by the candidates amounted to Rs. 1,035, and the expenditure, including contingencies, to Rs. 947-3-8.

2. The Managing Committee of the Commercial School have fixed a scale of remuneration for all the three grades, as shewn in the annexure, according to which a sum of Rs. 860-8-0 becomes payable to the Examiners. The balance of Rs. 86-11-8 represents the contingent charges incurred in the two centres of examination. The Inspector-General of Education states that the scale of remuneration is reasonable and recommends payment to the Examiners at those rates. The recommendation is sanctioned, as well as the contingent expenditure of Rs. 86-11-8, the charge being met out of the provision of Rs. 1,330 under 21 H. Scientific, etc., Departments, (8) Examinations.

2. Permission is also granted to such of the officers as are Government servants to receive the remuneration due to them.

District Conference and Exhibition at Chitaldrug.

No. 3304-15—A. & E. 12-16-5, DATED 9TH NOVEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 75, dated the 22nd September 1916, from the Deputy Commissioner, Chitaldrug District, forwarding a Report on the District Conference and Exhibition held at Chitaldrug in August 1916.

Order No. 3304-15—A. & E. 12-16-5, datd 9th November 1916.

Recorded.

2. Government are glad to note that the Conference and the Exhibition were well arranged and carried through successfully.

3. Such organisations should be developed and placed on a proper basis so that they may be held regularly once a year.

4. The Central Committees of the Economic Conference should also co-operate in such movements.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Deputy Commissioner, Chitaldrug District.
The Secretaries of Central Committees.
The Deputy Commissioners of other Districts.
The Secretary, Mysore Economic Conference.
PRESS TABLE.

Exd.—C. R.

Extracts from the Report on the District Conference and Exhibition held at Chitaldrug in August 1916.

Every year the products of the district were being sent to the Dasara Exhibition at Mysore and were arranged according to the subject and this year, these would be arranged according to their place of origin, so as to make it possible for each district to present a complete display of all the agricultural, industrial and mineral products in one room. With a view to meet the new arrangement followed at Mysore and to select the best products for a District Museum it was considered necessary to have a District Exhibition as a preliminary step.

2. The Conferences were held at the Chamarajendra Memorial Hall. The Exhibition was arranged in the new building intended for the Munsiff's Court. The District Conference was opened on the 23rd August 1916 in the presence of a large and intelligent gathering of District Officers, Amildars of Taluks, Municipal Councillors and most of the gentlemen in the district invited for the occasion.

3. The following lectures were delivered:—

1. Mr. D. G. Ramachandra Rao, Assistant Director of Agriculture.	1. Agriculture.
Do	2. Need for better implements.
Do	3. Need for better Manures.
Do	4. Need for Seed Selection.
2. Mr. T. V. Subramanyam, Assistant Entomologist.	Insect Pests,—the Caterpiller.
3. Mr. Ananda Rao S. Sirsi, Assistant Commissioner, Davangere Sub-Division.	Village Improvement.

No. 3304-15—A. & E. 12-16-5, dated 9th November 1916.

4 The Co-operative Conference was held on the 2nd day and the following subjects were dealt with —

1.	Mr N. Rama Rao, Inspector of Co-operative Societies	Co operative movement and its advantages and the progress achieved so far in the district.
2	Mr A. Makalappa, Deputy Amildar, Harihar.	On Co operation
3.	Mr K. Subba Rao, Acting Amildar, Challakere.	Benefits of the Co-operative movement

Several other lectures were also delivered and Mr C. Michiah's paper on "Prevention of Crime" was much appreciated

5 On the 3rd day the Educational Conference was held under the Presidency of Mr. B. Dasappa, Deputy Inspector-General of Education

6 The names of the several gentlemen who delivered lectures and the subjects referred to by them are noted hereunder —

1.	Mr M Narayana Rao, District Inspector of Education	On the educational needs of the district
2.	Mr S Rama Rao, Head Master, High School, Chitaldrug	On Industrial Education
3.	Mr Raghavendra Rao, Special Officer, Education Department	On the Industrial Schools
4	Mr S Sitaramiah, Head Master, Normal School, Chitaldrug	On the women's aspect of the Mysore University.
5.	Mr K Krishna Rao, Special Officer, Education Department	On the Compulsory Education
6	Mr Vasudeva Rao, Assistant Master	On School rambles
7.	Mr. B Rama Rao, Assistant Deputy Inspector	On the rural educational needs
8	Mr P V. Kuppu Rao, Head Master, Davangere	Psychology and Education
9	Mr K Hanumantha Rao, School Master, Village Elementary School, Hulemalah.	On School Libraries

The Exhibition organized at Chitaldrug as stated above was the second of its kind and was limited to the articles of the district only, while the Exhibition held in 1911 was opened to exhibits from outside The Exhibition was opened at 8 30 A M on the 23rd and it was continued till the 31st instant and the large number of people that visited the Exhibition on the several days testified to its popularity There was a fairly large collection of exhibits in the Ladies Section and some of them were of very good workmanship The cloths produced at Molakalmuru and the fine kumblis of Davangere maintained their standard of excellence. The educational exhibits were many and very varied The Forest Section was attractive and the minerals of the Geological Section were also good The *ingots of antimony and its ores* sent by Mr L W Green, Managing Agents Antimony Co, Chikkannanhalli, Chitaldrug Taluk, was also noteworthy Special reference should also be made to a collection of paint materials available in the district and paints prepared therefrom sent by Mr V S Sambasiva Iyer It is also necessary to refer here to some castings and spare parts of Machinery locally made at Davangere and exhibited by Mr H Subba Rao Davangere, and to two instruments used in watch repairing, prepared by one Vinabhadrachari at Chitaldrug These exhibits displayed a certain amount of mechanical ability which is capable of useful development

7 A classified list of exhibits according to sections is noted below —

Total	...	2,168

8 Demonstration in jaggery boiling, butter and cream making, chaff cutting, etc., were held and were well appreciated by all

9 Sports for school children and school boys and wrestling matches and a squad drill display evoked a great deal of interest in physical education while sword swinging and acrobatic performances also formed part of the general performances

10. On the 26th August 1916, prizes were distributed for the winners in the several sports and athletic contests.

11 A volunteer Corps of students from the High School was formed and these were in charge of the stalls and helped in preserving order and showing the visitors round. A number of students took part in science experiments, as part of the Education Exhibition. These services deserve commendation

No. 3304-15—A. & E. 12-16-5, dated 9th November 1916.

12. I am glad that satisfactory police arrangements had been made at the Exhibition premises for guarding the exhibits and that the Vice-President of the Town Municipality had made adequate Municipal and Sanitary arrangements.

13. *Finance.*—A sum of Rs. 467 was collected locally by voluntary subscriptions and a grant of Rs. 100 and Rs. 250 was made available from the funds of the District Committee and the District Board respectively. A statement of expenditure incurred till now is appended.

14. In this connection, I am very pleased to state that the Swami of the Murgi Mutt, Chitaldrug, offered a special prize of a gold medal to the best individual exhibit and Mr. B. Dasappa, Deputy Inspector-General of Education, offered a gold medal to be given to the Drill Instructor, Government High School, for training students of the High School in Squad Drill. It is intended to utilise the surplus amount as a nucleus fund for the District Museum.

15. It gives me pleasure to mention in this connection that a local Amateur Dramatic Troupe composed of officials and lawyers gave dramatic performances on two nights, one free and the other as a benefit performance in aid of the Mysore Imperial Service Lancers War Fund, realising a sum of Rs. 100.

16. *Social Functions.*—During the period of the Conferences the social activities of life were not lost sight of and the Taluk Progress Committee, Chitaldrug, the Chitaldrug Co-operative Society and the District Officers were at Home to the visitors and guests. Some magic lantern cinema shows were arranged for and the students of the High School gave an interesting dramatic evening when scenes from Shakespeare etc., were enacted.

17. My thanks are due to the Committee and to one and all the gentlemen, official and non-official, who co-operated heartily, making the several functions of the Conference and the Exhibition a success.

18. Special mention should be made of the services rendered by Mr. T. V. A. Isvaran who acted as General Secretary to the Committee and on whom devolved a good deal of work connected with the organization of the Exhibition and Conference as a whole and of co-ordinating the work of the several sectional Secretaries.

Powers of the Director of Agriculture in Mysore in regard to Contingent Expenditure.

No. 3408-9—A. & E. 13-16-4, DATED 13TH NOVEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 15, dated 11th July 1916, from the Director of Agriculture in Mysore, stating that the powers exercised by him in the matter of contingent expenditure as shown in page 46 of the Mysore Treasury Manual, Volume II, are low when compared with those exercised by the officers of similar status in the State and requesting that he may be empowered to exercise the following powers:—

1. To get printed from private press, if necessity arises, addresses on covers, short headings, forms in *re* experiments and demonstrations out of the contingent grant and to incur expenditure up to a limit of Rs. 25 in each case.
2. To purchase seed grains and agricultural implements up to Rs. 500 without previous sanction of Government for experimental and demonstration purposes.
3. To sanction estimates for petty construction and repairs, etc., to the existing buildings up to a limit of Rs. 250.
4. To purchase furniture within the limits of the sanctioned allotment in the budget.
5. To subscribe for the (1) Fort St. George Gazette.
   (2) Madras Mail for planting notes and for other agricultural purposes.
   (3) Bangalore and Mysore Directory.
6. To purchase apparatus and Laboratory appliances within the budget grant without previous reference to Government.
7. To have repairs to tents carried out annually without previous reference to Government.
8. To purchase stationery articles required for the Agricultural School within the budget allotment.

Order No. 3408-9—A. & E. 13-16-4, dated 13th November 1916.

The Director is authorised to exercise the powers enumerated above under items 1 to 4 and 7 and 8 and in regard to the purchase of apparatus and laboratory appliances (item 6), his powers will be raised from Rs. 50 to Rs. 250.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

Deputy Registrar of Co-operative Societies.

No. 3809-10—A. & I. 67-15-32, DATED 25TH NOVEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 4234-5—A. & I. 67-15-9, dated the 24th February 1916, appointing Mr. R. Ranga Rao, as Assistant Registrar of Co-operative Societies in Mysore on a pay of Rs. 300 in grade Rs. 250—$\frac{50}{4}$—450 with effect from the said date.

2. Government Order No. 6652-700—A. & I. 67-15-20, dated the 15th May 1916, apportioning the work of the department between the Registrar and the Assistant Registrar and placing Mr. Ranga Rao in charge of the Co-operative Societies in the districts of Tumkur, Chitaldrug, Kadur and Shimoga, subject to the general control of the Registrar.

Order No. 3809-10—A. & I. 67-15-32, dated 25th November 1916.

There are at present 800 Co-operative Societies in the State, of which the number in the districts in the charge of the Assistant Registrar is about 356. The share capital now exceeds Rs. 20 lakhs, while the working capital is nearly 45 lakhs and the total transactions amount to nearly 1¾ crores of rupees.

2. With a view to ensure greater attention being paid to the consolidation of existing Societies and the organisation of work on new lines, Government are pleased to appoint Mr. R. Ranga Rao, now Assistant Registrar of Co-operative Societies, who has received special training in Co-operation in Europe, as Deputy Registrar of Co-operative Societies, so that the requirements of the different parts of the State may be fully investigated and the work systematically developed. The pay of Mr. R. Ranga Rao as Deputy Registrar of Co-operative Societies will be fixed at Rs. 400—$\frac{30}{4}$—700.

3. The Registrar is requested to report at a very early date in what respects the arrangements sanctioned in Government Order dated the 15th May 1916, read in the preamble, should be modified so as to make the duties and responsibilities of the Deputy Registrar of Co-operative Societies commensurate with the status of the office.

Conduct of Work in the Sandalwood Oil Factory.

No. 3271-4—I. & C. 10-16-64, DATED 8TH NOVEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 1460, dated the 20th October 1916, from the Director of Industries and Commerce in Mysore, forwarding a note showing the arrangements he has made for carrying on the work of the Sandalwood Oil Factory during the period of his deputation.

(Printed as an accompaniment.)

Order No. 3271-4—I. & C. 10-16-64, dated 8th November 1916.

Recorded and approved for a period of three months.

2. Copies of all orders sent from time to time by Mr. Chatterton to the staff of the factory should be submitted to Government for information once a month together with the monthly accounts.

3. In the case of stores urgently needed, only orders not exceeding Rs. 250 in each case may be passed on the authority of the Superintendent. Expenditure not previously sanctioned by Government should not be incurred except in very emergent cases by the Superintendent up to the above limit. The powers delegated to Mr. Chatterton regarding expenditure will continue to be exercised by him during his deputation.

4. Early arrangements should be made for the appointment of two additional Chemists as eight hours' shifts seem to be too heavy.

5. A report should be submitted before the end of the quarter as to how the arrangements have been working and whether any modifications are necessary.

READ—

Letter No. 1091, dated 25th August 1916, from the Secretary, Economic Conference, submitting a recommendation of the Industries and Commerce Committee in regard to the grant of certain concessions to Messrs. Krishna Rao & Sons, Basavangudi, Bangalore City, with a view to develop the granite industry in Bangalore.

(Printed as an appendix.)

Order No. 3393-5—I. & C. 38-16-2, dated 11th November 1916.

The proposal is to grant for a period of two years a bonus of 10 per cent on the forwarding bills of the firm *minus* the railway freight on stones exported, provided that the total quantity so exported is not less than Rs. 10,000 in value.

2. Government are pleased to sanction the Committee's recommendation subject to the condition that the bonus to be paid does not in any single year exceed Rs. 5,000. The Industries and Commerce Committee is requested to arrange, in consultation with the Comptroller, for the maintenance of proper accounts by the firm so as to enable the bonus payable being correctly calculated and an accurate idea obtained of the state of the business.

3. A report should be submitted to Government at the end of six months as to the extent to which the concessions have been availed of and the industry has been developed.

APPENDIX.

Letter No. 687, dated the 18th August 1916, from the Secretary, Industries and Commerce Committee, to the Secretary, Mysore Economic Conference, Bangalore.

With reference to your letter No. 122, dated the 6th July 1916, requesting that a full programme of the scheme Mr. Krishna Rao has in view to develop the granite industry in Bangalore may be obtained and forwarded, I have the honour to enclose copy of his letter dated the 27th July 1916. This question was considered at the last meeting of the Committee held on the 29th July 1916. The majority of the Committee are of opinion that the Government should be recommended to grant a bonus of 10 per cent on the forwarding bills of the firm minus the railway freight on stones exported provided that the total quantity sent is not less than Rs. 10,000 in value and that this concession should be granted for a period of two years. The Committee are of opinion that if this financial assistance is granted, it would be possible to utilise and develop the fine grained granite quarries situated in the vicinity of Bangalore. An extract from the proceedings of the meeting is enclosed.

ENCLOSURES TO THE ABOVE.

No. 1.

Proceedings of the 48th Meeting of the Industries and Commerce Committee held on the 29th July 1916.

* * * * *

VI. The development of the Granite Industry in Bangalore :—

The Secretary read the letter from Messrs. Krishna Rao & Sons to the effect that if a bonus of 10 per cent on their forwarding bills be paid to them, they would make arrangements to develop the granite quarries near Bangalore and prepare polished stones with a view to create a market for them outside the State. The Secretary said that it was estimated that about 10,000 tons of dressed stones were annually imported in Bombay and Messrs. Krishna Rao & Sons had worked out that with some initial financial assistance in the first few years a permanent market for the finely grained granite obtainable near Bangalore could be created in Bombay. Messrs. Krishna Rao & Sons had developed the Cuddappah Slate Industry and had full knowledge of the possibilities of the stone quarries here. They were natives of the State and deserved encouragement. Mr. Chatterton objected that the method recommended was not the best manner in which the industry could be developed. The applicants might obtain an isolated contract and claim the bonus. He would like to know what capital will be put into the industry. It was argued that it was unreasonable to expect the firm to invest a large capital before they could be sure of a large market. The stones had to be placed on the market in connection with those now imported and the business had to be developed gradually. It was for this that a bonus was required. The question was argued at considerable length and it was finally resolved by a majority of five against three that the Government should be recommended to grant a bonus of 10 per cent on the forwarding bills of the firm minus the railway freight on stones exported provided that the total quantity sent is not less than Rs. 10,000 in value and that this concession should be granted for a period of two years.

No. 2.

Letter dated the 27th July 1916, from Messrs. D. Krishna Rao & Sons, Basavangudi Bangalore City, to the Secretary, Industries and Commerce Committee, Bangalore.

We have the honour to acknowledge the receipt of your letter No. 233, dated the 8th instant, in the matter of Granite Industry in Mysore.

2. The Secretary, Economic Conference, as stated by you, requires to know the capital we invest in this business, the details of machinery we propose to import, the scheme of our work and what concessions we are in need of at the hands of Government. With reference to this detailed enquiry, we beg to inform you that unlike other industries, this business does not require very large capital initially and what is actually required, we are able to meet without any help from Government. Owing to disturbance in European markets, manufacturers are not at present in a position to supply any machinery at present. Besides, what machineries would be required can only be gauged and got out from Home after the demand for varieties of granites are created and secured. We have on hand Polishing machinery which we intend erecting after we secure a good yard for the workshop.

3. What concessions we require is a bonus of 10 per cent on Forwarding Bills to supplies we make to outside markets. This business does not need any elaborate scheme but only could be worked as markets are exploited and demands created by means of steady canvassing.

No. 3393-5—I. & C. 38-16-2, DATED 11TH NOVEMBER 1916.

4. We have had an interview with the General Traffic Manager, Madras Southern Mahratta Railway and as a result we have secured special concessional rates for Bombay and other places. The concession so allowed is for the purpose of helping us in promoting the industry and shows that even the Railway Company is desirous that we should attempt to make this commodity known to outside Mysore.

5. There was some scope to formulate a scheme in the quarrying branch, but the present mode of Government having disposed off, without calling for the opinion of persons who are either interested in the trade or of those who are said to have expert knowledge of same, precludes from any attempt in this direction and the business has only to be built gradually which naturally takes some time before all the quarries are brought under one control.

6. We take the opportunity of bringing to your notice that the present rate of Royalty fixed by Government in their Order of February 1915, is ridiculously low and is capable of increasing same by at least ten times the present rate of rupee one per 100 square yards. The rate should have been at least one rupee per 10 square yards to start with. Not only in the interests of Government but also in the best interests of the trade itself this requires reconsideration and revision and we hope you will be able to see your way in bringing this to the notice of Government in a prominent way.

7. Having regard to the above, we now await the decision of the Industries and Commerce Committee in the matter.

Indian Hotel in Tumkur.

Letter No. 1088, dated 25th August 1916 from the Secretary, Economic Conference submitting a recommendation of the Industries and Commerce Committee in regard to the grant of certain concessions to Mr. K. Ramanuja Iyengar for starting an up-to-date Indian Hotel in Tumkur.

Order No. 3566-69—I. & C. 37-16, dated 18th November 1916.

Government are pleased to sanction the grant to Mr. Ramanuja Iyengar of (1) a loan of Rs. 1,500 at 4 per cent interest per year on proper security, repayable in five yearly instalments and (2) a bonus at 5 per cent on the gross profits of the concern, for one year, subject to a maximum limit of Rs. 300.

2. The President of the District Committee, Tumkur, is requested to take the necessary steps in consultation with the Industries and Commerce Committee for satisfactory arrangements being made for the proper management of the concern, and the maintenance of correct accounts. The amount of the loan will be placed at the disposal of the President, District Committee, by the Comptroller and be disbursed to Mr. Ramanuja Iyengar after the necessary bonds have been executed by him and after he has complied with the conditions required for the satisfactory management of the concern.

3. A report should be submitted at the end of one year as to how the concern has been working.

Sandalwood Oil Factories at Bangalore and Mysore.

No. 3561-5—I. & C. 68-16-5, DATED 18TH NOVEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter dated the 2nd September 1916, from the Director of Industries and Commerce enclosing a memorandum regarding the arrangements to be made for the working of the sandalwood oil factories during his deputation with the Government of India and during the period of his leave afterwards until the end of his present contract with the Government.

2. Notification Camp No. 20, dated the 28th September 1916, regarding the appointment of Mr C. Ranganatha Rao Saheb and Mr B. Sitaramachar as Assistant Directors of Industries and Commerce.

3 Government Order No. 2707-11—I. & C 51-16-2, dated the 20th October 1916, fixing the pay of Messrs. C. Ranganatha Rao Saheb and B Sitaramachar as Assistant Directors of Industries and Commerce at Rs. 500 per mensem in the grade of Rs. 500-50-800.

Order No. 3561-5—I. & C. 68-16-5, dated 18th November 1916.

The following arrangements are sanctioned for work in connection with the factories at Bangalore and Mysore during the period of Mr. Chatterton's absence on deputation to the Indian Industries Commission.

(*a*) Mr. Chatterton will be responsible for the general control and management of the sandalwood oil factory near Sankey's reservoir and for the construction and subsequent working of the factory at Mysore and for the supervision of both the factories.

(*b*) Mr. C. Ranganatha Rao Saheb who has been appointed as Assistant Director of Industries and Commerce on a salary of Rs. 500-50-800 will have charge, subject to the instructions of Mr. Chatterton, of the factory near Sankey's reservoir and Mr. B. Sitaramachar who has also been appointed Assistant Director of Industries and Commerce will have the sole charge of the work at Mysore till the construction of the factory is completed. Mr. C. Ranganatha Rao Saheb will also, until he is appointed as a whole-time officer for both the factories, assist the Officiating Director of Industries and Commerce in the work of the Department.

(*c*) The Sandalwood Oil Board will be reconstituted with the Officiating Director of Industries and Commerce as an additional Member and Mr. C. Ranganatha Rao Saheb as Secretary to the Board. The Board will exercise functions of an advisory character as at present as laid down in Government Order No. 983-7—A. & I., dated the 31st July 1916. It will meet once a month or oftener if necessary under the Chairmanship of the senior officer on the Board, copies of its resolutions being simultaneously forwarded to Government and also to Mr. Chatterton to enable him to communicate his views to Government before final orders are passed.

(*d*) Whilst Mr. Chatterton is in India, daily reports will be sent to him from the sandalwood oil factories and he will issue daily instructions either by telegraph or by post so as to ensure the development of the work to the best interests of the State.

(*e*) All orders for sandalwood oil which Mr. Chatterton may be able to secure shall be registered in the name of the Resident Manager of the factory at Bangalore or Mysore.

No. 3561-5—I. & C. 68-16-5, dated 18th November 1916.

(*f*) A lumpsum of Rs. 100 per mensem will be placed at the disposal of Mr. Chatterton to enable him to make his own arrangements for the services of a shorthand typist and a peon in connection with the work of the Mysore Government.

(*g*) With the previous approval of Government Mr. Chatterton may visit the sandalwood oil factories while in India and he will in such cases be allowed travelling allowance from the station from which the journey is commenced.

2. Mr. Chatterton has agreed not to commit the Mysore Government with regard to rates and orders without the specific and previous approval of Government in matters not covered by standing orders and to secure the most favourable terms to Government in all that he undertakes in their behalf. All advantage that may accrue in connection with the arrangements for the marketing of the oil will enure for the sole benefit of the Government.

3. Separate orders will issue on the question of the remuneration to be paid for Mr. Chatterton's services. Half the salary of Mr. C. Ranganatha Rao Saheb will be charged to the sandalwood oil factories so long as he is not employed solely on that work and the other half to the Department of Industries and Commerce. The entire salary of Mr. B. Sitaramachar will be charged to the sandalwood oil factory till the construction of the larger factory is completed, and the cost of employing a shorthand typist and peon by Mr. Chatterton will also be charged to the same source. Mr. Sitaramachar's services will be replaced at the disposal of the Department of Industries and Commerce for employment in the regular work of the Department as soon as the construction of the Mysore Factory is completed.

Letter No. 1515, dated 19th September 1916, from the Secretary, Economic Conference, submitting a recommendation of the Industries and Commerce Committee in regard to the grant of certain concessions to Messrs. S. Narainswamiyer, and T. Venkatarama Sastri of Bangalore City for the establishment of paint industry in the State.

Order No. 3222-4—I. & C. 46-16-2, dated 6th November 1916.

The Committee recommend that a sum of Rs. 1,800 be granted to the applicants on condition that it is regarded as a first charge on the profits, if any, which may be obtained from the paints manufactured.

2. Government are pleased to sanction the Committee's recommendation and to direct that the amount be advanced under suitable conditions. The Committee will be responsible to see that the amount is adjusted at an early date, the sum being advanced, for the present, from the funds at the Committee's disposal.

3. The Secretary, Industries and Commerce Committee, is requested to submit a quarterly report showing the progress of work in the matter.

Scale.

No. 1189-91—Muz. 178-13-6, dated 15th November 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ —

Rubkari No. 146, dated 3rd August 1894, from the Muzrai Superintendent, sanctioning a scale of expenditure in the Sri Hutcharayaswamy temple at Shikarpur.

2. Government Proceedings No. 21668-71—312-30, dated 23rd May 1895, sanctioning the payment of a potgi of Rs. 108-4-0 per annum to the patel and shanbhog of the Inam village of Nelavagalu endowed to the temple.

3. Government Proceedings No. 1200-1, dated 16th September 1908, sanctioning a pay of Rs. 36 per annum to the sweeper of Sri Tripurantakadevaru temple at Belgavi from the funds of the Sri Hucharayaswami temple.

4. Correspondence ending with letter No. 182-32, dated 1st November 1915, from the Deputy Commissioner, Shimoga District, submitting for sanction a revised scale of expenditure providing for a total expenditure of Rs. 1,653-5-9 per annum against an estimated annual income of Rs. 2,071-11-11.

Order No. 1189-91—Muz. 178-13-6, dated 15th November 1916.

The present scale provides for an expenditure of Rs. 863-6-0 per annum against an estimated annual income of Rs. 1,303-9-1. The proposed scale provides for an expenditure of Rs. 1,653-5-9 against an annual income of Rs. 2,071-11-11, and the reasons for increases are briefly indicated below :—

Under (1) *Establishment.*—The increase from Rs. 426-2-0 to Rs. 441-6-0 is due to small increases in the pay of the various office holders.

Under (2) *Nityakatle.*—In the existing scale the Inam lands at Haliyur yielding an annual income of Rs. 222 were left in the possession and enjoyment of the archak on the condition of his conducting the nityakatle services in the temple out of the income derived from the lands. According to the revised scale, the lands are proposed to be resumed a sum of Rs. 132 per mensem being provided for nityakatle expenditure.

Under (3) *Hetchukatle.*—The increase from Rs. 27-8-0 to Rs. 42 is due to additional provision made for Upakarma, Anantachaturdasi, Deepothsava, Hanumajayanti and Dhanurmasa.

Under (4) *Special.*—The jodi and cesses due to Government in the Inam lands of the temple amounting to Rs. 573-11-9 are now brought on the accounts in the revised scale, the gross receipts being shown on the income side.

Under (5) *Miscellaneous.*—The increase under contingencies is from Rs. 1-8-0 to Rs. 6-0-0 and a recurring provision of Rs. 50 per annum is proposed for petty annual repairs. The provision of Rs. 300 for expenditure under Rathothsava and Santarpane and of Rs. 108-4-0 for potgi payable to the village officers of the Inam village of Nilavagalu remain unaltered.

The proposed revision is well considered and suitable and the Government are pleased to sanction the same. The revised scale is appended.

D. M. NARASINGA RAO,
Secy. to Govt., Gen. Dept.

To—The Deputy Commissioner, Shimoga District, returning the vernacular records.
The Comptroller, Mysore Government, with a copy of the sanctioned scale.
The Muzrai Superintendent in Mysore.

No. 82-13 –E. A. G., dated 4th November 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 82-13—E. A. G., dated 4th November 1916.

Orders of Government on important matters affecting the general public are usually placed at the disposal of the Press, and are also sometimes reproduced in the Gazette. But this mode of publication does not always enable the public to obtain a connected account of the measures and policy of Government and fails to furnish a record convenient for subsequent reference, of official papers published from time to time.

2. The officers of Government get as a matter of course copies of all orders affecting their work, and some of them are also supplied with copies of the monthly volumes of Government Proceedings. But the majority of public servants have as yet no satisfactory means of informing themselves about the activities of departments with which they are not immediately connected. Their opportunities for keeping in touch with the progress of Government departments in British India and elsewhere are even more limited.

3. To members of the public and the officers of Government alike it would therefore be an advantage to have a periodical publication drawing attention to and summarising official literature relating to the administration of the State. And the utility of such a publication will be enhanced, so far as public servants are concerned, by its containing current information regarding rules, procedure and methods followed under other Governments.

4. With this view it is proposed to issue a quarterly publication known as the Mysore Blue Book Journal consisting eventually of four parts :—

Part I.—A summary of important orders issued by Government with such references as may be necessary for the proper understanding of the previous history of the subject and the circumstances which led up to the orders.

Part II.—A list of books and other publications issued by Government departments and available for sale with a brief notice of their contents and particulars regarding price, etc.

Part III.—Extracts likely to be of special interest to officers from the publications of other Governments and from newspapers and journals.

Part IV.—Notes, correspondence, suggestions, etc., on the conduct of official work and on administrative questions generally.

5. The contents of the first two parts will be similar to those of the Bombay Blue Book Quarterly, the publication of which has suggested the present idea. But Parts III and IV which are intended for the use of officials, form a new feature. Of these, however, Part IV will not be issued, at any rate regularly, for some time to come.

6. The conduct of the Journal will be entrusted to a Committee composed of the Secretaries to Government in the different departments and the Editor of the Mysore Economic Journal. One of the Assistant Secretaries to Government will act as Secretary of the Committee and attend to the routine work connected with the editing and publication of the Journal. Mr. N. Madhava Rao will be the first Secretary.

7. Every Government order of importance should be forwarded promptly and as a matter of invariable routine, to the Secretary of the Committee. He should also be supplied with copies of all books, publications, etc., issued by Government

departments. Secretaries to Government and Heads of Departments are also requested to send for publication in the Journal, such reports, statistics or other official papers as in their opinion are likely to be of interest to the general public or officials.

8. The subscription for the Journal is fixed tentatively at one rupee per annum.

D. M. NARASINGA RAO,
Secy. to Govt., Gen. Dept.

To—The Heads of Departments.
The Deputy Commissioners of Districts.
The Secretaries to Government.
The Editor, Mysore Economic Journal.

ACCOUNT AUDIT.

1. Are the accounts audited by the 15th of the 2nd month following that to which they relate?

Note cases of belated audit.

2. Are the audited accounts passed on to the Booking Section in time to allow the latter to compile the Provincial Abstract due in the Compilation Section of the Civil Branch on the 15th of the second month following that to which the accounts relate?

3. Are the audit progress enfacements on the accounts-current completely posted?

4. Are the Registers showing dates of issue, return and disposal of audit notes and objectionable items statements (Form No. 130) posted up-to-date?

Is the return of the audit notes and objectionable items statements carefully watched?

Note audit notes due but not issued.

Note audit notes received back and not disposed of.

Note objectionable items statements due but not issued.

Note objectionable items statements received back but not disposed of.

Note delays in disposal of audit notes and objectionable items statements.

5. Are the quarterly Provincial objectionable items statements sent to Government on the due dates? If not, what is the delay due to.

6. Are the accounts and vouchers filed punctually and in the manner laid down in the Manual?

7. Is a correct list maintained of vouchers and completion reports due from the Divisional Offices?

8. Do the correspondence files show accumulation of B and C class papers which should be removed periodically from them?

9. Are closed files sent to the Records Section regularly?

10. Are weekly outstanding lists of both "from" and "to" communications regularly prepared and reviewed as laid down in the Office Manual?

What is the state of work indicated by these records? What is the arrangement made for clearing arrears, if any?

A copy of the latest outstanding lists together with the review may be appended.

11. Are the Public Works Manuals with each Auditor and the Superintendent posted up-to-date with standing orders?

12. Is there a Section Order Book to note therein the orders relating to the Section?

13. Is an Inspection Note Book maintained and used by each Auditor?

Is the inspection of every Division made at least once a year?

14. Where all periodical returns issued on prescribed dates?

ESTABLISHMENT.

1. Are the Salary Bills audited and returned before the 20th of the month following that to which they relate?

2. Are the following books and registers maintained up-to-date?

(i) Scale Register.

(ii) Record of services of Gazetted Officers.

(iii) Service Book of the ministerial and menial staff of the office.

(iv) Premium Receipt Books.

(v) Progressive Abstract of Audit Register compared with budget allotments.

(vi) Establishment registers of Salary, Travelling Allowance and contingencies.

(vii) Register of Receipt and Issue of Cheque Books. Count the number of blank Cheque Books and verify with the book balance and record result of verification. Note if the number blank Cheque Books received from Press have been correctly brought on the book.

(viii) Progress Register showing the receipt and disposal of bills and disallowance lists.

(ix) Register showing the receipt and disposal of pension applications.

3. Are the periodical returns issued on the prescribed dates?

4. Note Disallowance Lists due but not issued.

5. Note Disallowance Lists received back but not disposed.

6. Note delay in disposal of Disallowance Lists.

7. Is an up-to-date list of the establishment both clerical and menial maintained?

Is an Attendance Register maintained and is any note of late attendance kept? Is the attendance regular? who checks the register daily?

Is absence on leave including casual leave authorized in all cases? Are the orders sanctioning leave systematically recorded?

8. Is a record of the qualifications and services of the ministerial officers maintained up-to-date?

9. Is a Service Register maintained for every permanent official and brought up-to-date?

10. Are these registers arranged in order and kept in the records in a separate box? Who keeps the key of the box?

11. Is an office order book maintained? Are orders of leave, punishments, etc., regularly recorded and given effect to?

12. Is a register of applications for appointments maintained and are selections made therefrom?

13 Are all appointments made in accordance with rules pertaining to the Department?

14. Is a record of the distribution of work among the several clerks in each branch maintained? Is the work assigned to each official sufficent without being excessive?

Does each official maintain a diary and do the entries show sufficient work for each day?

What is the general condition of work indicatedby these records? Is it up-to-date and effic nt?

15 Is a statement of the periodical reports and returns due from the section prepared and maintained up-to-date? Are the due dates, the dates of actual submission and the names of the clerks responsible for their preparation noted therein? Is it scrutinised monthly by the head of the office?

16. How many and which returns were overdue at the time of inspection?

17. Are all disposed of records promptly made over to the Record-keeper duly arranged

and stitched? What is the number of such records remaining to be sent to the Record Room?

Are weekly outstanding lists of both "From" and "To" communications regularly prepared and reviewed as laid down in the Office Manual?

What is the state of work indicated by these records? What is the arrangement made for clearing arrears, if any?

A copy of the latest outstanding lists together with the review may be appended.

GENERAL.

Building.—1. Is the accommodation sufficient and is the office well ventilated?

2. Are the rules in the Office Manual regarding the keeping of the building in a tidy condition observed?

3. Are the records of each branch neatly arranged?

Furniture.—4. When was the furniture last counted and by whom was it done?

5. Has action been taken in regard to any difference between book and actual balances disclosed by counting?

6. Is the furniture adequate or superfluous and has action been taken to dispose of unserviceable articles by public auction? What is the condition of furniture kept?

7. If any auction was conducted since last inspection, have all the amounts due been realized and credited in the Cash Book.

8. Is the furniture list correctly maintained and have all the purchases since last inspection been brought on the list? Is the list verified once every quarter and the result reported to the Head of the Office? Is a note made in the register of all articles lost or which have become unserviceable?

Stationery and forms.—9. In whose custody is the office stationery? Are the stock and issue registers regularly maintained? Are they submitted monthly for the inspection of

the officer in charge? Is a verification by stock-taking done once a year?

Is a general indent book maintained for monthly issue of stationery?

10. Who keeps the stock of forms? Where are they kept? Are they neatly arranged? Are all receipts and issues noted in a register?

11. Is a register of periodical issue of stationery maintained? *Vide* Rule 36 of the Stationery Rules.

Maintenance of registers.—12 Have the following registers been examined? If so, with what result? The replies should state (*a*) whether the entries are up-to-date, (*b*) whether the registers are neatly kept and (*c*) whether the entries are complete:—

(1) Tappal Book.

(2) "From" Register.

(3) "To" Register.

(4) Register of Postage Stamps.

(5) Delivery Book and Peon Book.

(6) Sectional Transit Registers.

13. Do the examination of the above registers disclose any delay either in the delivery of papers received in the office to the sections concerned or in the despatch of letters issuing from the office.

Are weekly outstanding lists of both "From" and "To" communications regularly prepared and reviewed as laid down in the Manual.

Records.—14. Are the Gazettes, Proceedings books, spare copies of printed Government Orders, Circulars of the Comptroller and the Chief Engineer chronologically arranged and preserved?

15. Is a Stock Register of account forms maintained and is a small quantity of forms held in stock to meet urgent requirements of Divisions?

16. Is the classification of papers according to the period of preservation correctly made?

This should be tested by examination of a few cases taken out at random.

17. Is the arrangement of records in conformity with the rules in the Office Manual?

18. Are papers systematically destroyed after the periods for which they are required to be preserved, have expired?

19. Is a correct list maintained of "cases" preserved in the old records?

20. Are the accounts and vouchers arranged properly and a list of vouchers found wanting maintained?

21. Are papers taken from the old records promptly returned by the Sections concerned?

22. From an examination of a few stray bundles, have you satisfied yourself that the labels on the bundles correctly indicate their contents?

Library.—23. In whose charge is the office Library and where is it kept?

24. Is a register maintained for entering books and publications as they are received and is it written up-to-date?

25. Is a catalogue of the office Library maintained up-to-date?

26. Are all books received into the Library correctly labelled and deposited in their appropriate places?

27. Are all correction slips inserted in their proper places in the volumes of enactments, rules, etc.?

28. Are any books issued without a receipt or lent to strangers without the permission of the head of the office?

29. Is a monthly report of books removed and not returned submitted?

30. Are cases of loss of or damage to any books reported promptly and orders obtained for their replacement?

Contingencies.—31. Has proper sanction been obtained for purchase of articles of contingencies?

32. Is the expenditure kept within budget provision?

33. Are the accounts audited and passed every month by an officer other than the one who is in charge of the Cash Section?

34. Does the Register of valuables contain a correct record of the contents of the office Iron Chest?

35. Is the Register of valuables posted up-to-date?

Books and budget.—36. Are the postings of

(*a*) the Sub-Register

(*b*) Provincial Abstract

and (*c*) Exchange Register

done promptly?

37. Are the Budget Registers maintained up-to-date and are the entries in Part I attested by the Officer in charge of the Branch?

38. Do the various returns issue on the prescribed date?

Miscellaneous.—39. Is an Inspection Minute Book maintained as required by paragraph 4 of G. O. No. 10870-918—E. A. 43-14-1, dated 10th April 1915.

40. Extent to which points noted for action at previous inspections have been attended to?

41. Any irregularities or informalities observed in the course of inspection whether connected with the printed questions or not and suggestions, if any, for improving the efficiency of the working of the office may be noted.

No. 116-10—E. A. G., DATED 20TH NOVEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 4811-57—G. M. 200-10-1, dated the 21st February 1911, requiring that every office should be provided with a set of rules for the preservation and destruction of records of the office.

2. Correspondence ending with letter No. S. C. 212—Refee. 2, dated the 26th October 1916, from the Registrar, Chief Court, submitting for sanction a set of rules in respect of the records of the Chief Court.

Order No. 116-10—E. A. G., dated 20th November 1916.

The rules are approved and printed as an appendix to this order.

D. M. NARASINGA RAO,
Secy. to Govt., Gen. Dept.

To—The Registrar, Chief Court of Mysore.

Exd.—R. K.

No. 116-10—E. A. G., dated 20th November 1916.

RECORD RULES FOR THE CHIEF COURT.

The following rules to regulate the preservation and destruction of civil and criminal records, books and papers in the Chief Court have been framed by the Chief Court of Mysore under Section 20 of the Mysore Chief Court Regulation, I of 1884, and have been sanctioned by the Government of Mysore and shall come into force at once:—

1. An index in the form prescribed in Appendix A shall be put up with the record of every case when it is first filed in the Chief Court.

2. Each paper, as it is filed in the record, shall be numbered and entered in the index under the appropriate part to which it belongs. The part to which a particular paper belongs shall be determined with reference to the table given in Appendix B.

3. Every record, book and paper shall, after completion, be deposited in the Record Room. On being so deposited every record shall be divided into parts, each paper in the record being placed in its appropriate part with reference to the tables in Appendix B.

4. A record shall be taken to have reached completion on the date of the final decree or order of the Court. In the case of books and papers, the date of completion shall be the date on which the book was closed and the date of the final order on the paper respectively.

5. All records, books and papers shall be retained in the Record Room for the periods prescribed for each in Appendices C and D, counting from the date of completion. On the expiry of such periods, they shall be destroyed, without fail, subject to the provisions of Rules 6 and 8 (*b*).

6. Where any document of which the destruction is ordered by these rules is, before it has been destroyed, made evidence in any other suit or proceeding, the rule regulating its destruction will be the rule applicable to evidence filed in such suit or proceeding where the period prescribed by such last-mentioned rule is in excess of the period prescribed by the rule which originally governed its destruction.

7. In January of each year a notice shall be published in the *Mysore Gazette* and shall also be affixed to the Court's Notice Board, specifying the documents filed by parties, which will be destroyed during the ensuing year, the cases to which such documents appertain, if any, and the dates on which they will be destroyed, and giving warning that, unless previously reclaimed by parties duly entitled, if any, before the said dates, destruction will, without fail, ensue. All documents reclaimed by parties duly entitled shall be returned to such parties under orders of the Registrar.

8. When the dates fixed for destruction have arrived, the Registrar shall direct that the records, books and papers liable to be destroyed be destroyed in the manner specified in the next following rule:—

Provided that—

(*a*) The Registrar shall refer for the orders of a Judge of the Court the question of the destruction of any record, book or paper in regard to which there may be any doubt.

(*b*) The Registrar, under orders of a Judge, may direct the transfer of any paper from one part to another for which a longer period of retention or permanent retention is prescribed, in which case the fact shall be noted in the index and the paper dealt with as though it had belonged from the commencement to the part to which it may be so transferred. The Registrar, under orders of a Judge, may similarly direct the retention for a longer period or permanently of records, books and papers which he may consider likely to be useful in the future as containing the results of inquiries or other information or the opinions of experienced officers in matters connected with the general administration of justice.

9. With the exception of Parts II and III of the "*Government of India Gazette*" and the "*Fort St. George Gazette*," Parts IA and II and printed Administration Reports which may be sold as waste paper, all other records, books and papers to be destroyed under Rule 8 must be burnt in the presence of the Record-keeper or other supervising official.

10. Nothing in these rules contained shall be deemed to authorize the destruction of any document filed by any officer of Government or produced by such officer upon summons under Order 13, Rule 10, Civil Procedure Code. Such documents, if not previously reclaimed, shall invariably be returned to the Court or office from which they were produced.

11. Whenever the Chief Court exercises original jurisdiction in Civil and Criminal cases the Record Rules framed for the guidance of the Subordinate Courts in Civil Rule of Practice No. 149, dated 10th July 1911 and Criminal Rule of Practice No. 86, dated 12th April 1913, shall *mutatis mutandis* apply to the records of such cases.

No. 116-10—E. A. G, dated 20th November 1916.

12. The following registers will be maintained in the Record Room and no special instructions are needed as the headings are self-contained :—

I. Register of records received.

II. Register showing the names, etc., of Court registers received.

III. Register of $\frac{\text{records}}{\text{registers}}$ removed from the Record Room.

REGISTER No. 1 (Record Room).

Register of records received into the Record Room relating to the year 19 —19 .

Serial number according to the order of receipt in the Record Room	Serial number of the record in the Court register	Date of disposal	Name of appellant, petitioner or applicant	Name of respondent or opponent	Dates of destruction of files with the initials of the Record-keeper and the order and initials of the Registrar
1	2	3	4	5	6

REGISTER No. II (Record Room).

Register showing the names, etc., of the Court registers received into the Record Room.

Number of volumes	Kind of registers with the year to which they belong	When liable to be destroyed	Date of destruction and the initials of the Record-keeper with the order and initials of the Registrar
1	2	3	4

REGISTER No. III (Record Room).

Register of $\frac{\text{records}}{\text{registers}}$ removed from the Record Room.

$\frac{\text{Number of case}}{\text{Volume of register}}$ with year	$\frac{\text{Name of parties}}{\text{kind of register}}$	To whom given or sent	Signature or voucher of the official with date or date of despatch with disposal number, if sent outside the office	Date on which the $\frac{\text{record}}{\text{register}}$ was returned with the initials of the Record-keeper
1	2	3	4	5

APPENDIX A.

Form of Index.

List of papers in No. of 191 .

Serial number of paper on record		Date of paper or date of filing	Description of paper	Remarks
A File	B File			
1	2	3	4	5

No. 116-10—E. A. G., DATED 20TH NOVEMBER 1916.

APPENDIX B.

Class of Cases	Divisions of the record and description of the papers falling under each division.

CIVIL.

A File.

Regular Appeals and Second Appeals.

1. Index.

2. All memoranda of appeal and second appeal from decrees and additional grounds of appeal and second appeal and affidavits if any filed with them.

3. All memoranda of objections under Order 41, Rules 22 and 26, Civil Procedure Code.

4. Notices in *ex-parte* decrees.

5. Bond for security for costs.

6. The following petitions and orders thereon, *viz.*—

(*a*) to add representatives or fresh parties.

(*b*) to appoint or discharge guardians or next friends.

(*c*) for appointment of receivers, and

(*d*) for reference to arbitration.

Note.—Papers referred to in Serial No. 1 are those which lay down any rule on questions of practice or procedure and which concern the department as a whole and such papers will be marked by the Record-keeper under the orders and initials of the Registrar.

Clerical Service.

No. 75—E. A. G. 40, DATED 24TH NOVEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

(1) Government Notification No. 3, dated 12th April 1888, laying down rules for admission to Government service in the case of appointments for which no special departmental tests are prescribed.

(2) Government Order No. 1437-8—Ex. F. 1 of 1897-98, dated the 30th November 1903, laying down rules for the Excise Department.

(3) Government Notification No. R. 1678—L. R. 105-06-1, dated the 7th August 1906, prescribing rules for the Revenue and certain other departments.

(4) Government Order No. 8239-79—Ml. 424-07-1, dated the 19th February 1908, extending the application of the rules referred to in 3 above to Municipal and Local Fund Departments.

(5) Government Order No. R. 2514-53—L. R. 214-05-1, dated the 26th August 1905, prescribing quarterly returns of fresh men entertained and promotions given in the several departments.

(6) Government Order No. G. 4344-83—G. M. 230-06-1, dated the 17th January 1907, circulating draft rules to regulate admissions to and promotions in all departments to which the Government Orders referred to in 3 and 4 above do not apply.

(7) Government Order No. 154-200—E. A. 2—1915-16, circulating to Heads of Departments and Deputy Commissioners of Districts certain suggestions for amending the rules regarding the recruitment of clerical and other non-technical services in the State and calling for their opinions on the subject.

(8) Opinions of Heads of Departments and Deputy Commissioners of Districts in the matter.

Order No. 75—E. A. G. 40, dated 24th November 1916.

Government are pleased to issue the appended revised rules for regulating admission to and promotion in the clerical grades of the public service, in all departments of the State.

2. The existing rules contained in the Government Orders read in the preamble will be cancelled to the extent shown hereunder:—

Government Order.	*Extent to which cancelled.*
(*a*) Rules issued with Government Notification No. 3 of 12-4-1888.	The whole.
(*b*) Rules issued with Government Order No. 1437-8—Ex. F. 1 of 1897-98 of 30-11-1903.	Rules 6, 7, 8 and 10.

PRESS TABLE

Exd.—R. K.

No. 75—E. A. G. 40, dated 24th November 1916.

CLERKSHIP RULES.

The following rules shall regulate appointment to clerkships and other similar posts in Government service:—

Note 1.—The rules do not apply to appointments in the General and Revenue Secretariat which are governed by the rules contained in the Secretariat Manual.

Note 2.—They do not preclude Heads of Departments and offices demanding special training or qualifications in addition to those laid down here in appropriate cases.

Note 3.—The rules will not prevent confirmation of persons in acting appointments held by them on the day the rules come into force provided that such persons are eligible for confirmation according to rules previously in force.

Note 4.—For the purpose of these rules progressive salaries shall be calculated as the maximum pay of an appointment.

1. No person shall be eligible for appointment to a post carrying a pay of less than Rs. 25 per mensem but classed as superior in the Mysore Service Regulations unless he has passed the Lower Secondary Examination and the Clerkship Examination (Lower), and unless the officer appointing him is satisfied as to his ability to read and write Kannada with facility.

2. No person shall be eligible for appointment to a post carrying Rs. 25 per mensem and upwards unless he has passed the Matriculation Examination of an Indian University or obtained the completed Secondary School-Leaving Certificate and has passed in addition the Clerkship Examination (Higher).

3. In addition to the general educational qualifications mentioned in Articles 1 and 2 candidates before appointment to particular posts or before promotion to or confirmation therein, may be required to pass such tests of a special or technical nature as may from time to time be declared by Government to be applicable.

4. In making new appointments weight should be primarily given to the educational qualifications of the candidates. But where such qualifications are about equal or not very disparate, preference should be given to candidates belonging to backward classes.

5. No person who is not a native of Mysore by birth or domicile shall be entertained in service without the permission of Government.

6. In making appointments to clerical posts, especially those carrying a small pay, preference shall, as far as possible, be shown to the natives of the district in which the appointment is held.

7. Promotions shall ordinarily be according to seniority combined with capacity and character. If the supersession of any person is found necessary, the sanctioning authority should record his reasons therefor. But this rule of seniority does not prevent the rapid advancement of officials possessing exceptional abilities or qualifications, provided that the reasons for such promotion are reported to Government.

8. Heads of offices of and above the rank of Deputy Commissioners may in particular instances permit a relaxation of Rules 1 to 3 in the case of temporary and acting appointments not exceeding six months in duration, provided that the pay of the post does not exceed Rs. 50 per mensem and provided further that efforts have been made without success to secure passed candidates. A return showing the exemptions granted under this rule shall be submitted once a quarter to Government.

9. Every officer empowered to make appointments shall maintain a register of applicants for public employment noting therein each candidate's name, father's name, caste, date of birth, native place, educational qualifications, tests passed with dates, reference to testimonials and recommendations, names and appointments of relatives, if any, then or previously in Government service and any other details that may be found necessary or needful.

10. No name shall be entered in the register unless the officer is satisfied by the personal examination of the applicant or by trustworthy materials that he is likely to turn out a useful servant of Government.

11. No permanent vacancy should be filled without calling for applications from eligible cadidates by means of advertisement in the official Gazette and duly considering them.

12. No permanent appointment of clerkship (or temporary appointment for more than six months) in any office will be accepted by the Audit Department or the Treasury unless the first entry of the new name in the pay bill is supported by a certificate showing that the foregoing rules are observed.

No. 78—E. A. G.-1, DATED 24TH NOVEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 78—E. A. G.-1, dated 24th November 1916.

In order to ensure on the part of the clerical recruits to Government service an adequate knowledge of office practice and routine, an examination known as the Clerkship Examination will be instituted. (*Vide* Government Order No. 75—E. A. G.-40, dated 24th November 1916, Rules 1 and 2.)

2. The examination will comprise the following subjects:—

1. Precis writing;
2. Referencing and drafting.
3. Filing records;
4. Simple office accounts;
5. Reading Kannada manuscripts; and
6. General rules of office procedure.

3. There will be two standards for the examination, higher and lower, the former for appointments carrying a pay of Rs. 25 and upwards, and the latter for smaller appointments. The higher examination will be conducted in both English and Kannada and the lower only in Kannada.

4. In order to provide instruction in the subjects mentioned in paragraph 2 above, classes will be held in Bangalore for the space of three months every year. The instruction given will be practical.

5. Admission will be confined to persons who contemplate entering Government service and are certified by a Gazetted Officer to be likely to profit by the instruction.

6. No fees will be charged, to start with, for the instruction.

7. The instruction in clerkship classes will not be compulsory in the case of persons in the service of Government on the date of this order.

8. The working of the scheme will be entrusted to the Board of Management for the Mysore Local Service Examinations who will be requested to suggest detailed arrangements as regards the equipment of the classes, the selection of teachers, etc.

9. Government desire that the first session of the classes should be started if possible in the first week of January 1917, and the first examination held in the month of May 1917, along with the other local tests.

10. A sum of Rs. 500 will be placed at the disposal of the Board annually for expenses in connection with the scheme. The expenditure during the current year will be met by reappropriation of sanctioned grants and due provision will be made therefor in future budgets.

Rules for regulating the Grant of Annual Increments to Engineer Officers under the Time-Scale.

No. 2368-73—P. W. 11604-9, DATED 18TH NOVEMBER 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ —

Government Order No 879-86—P. W. 4532-39, dated the 9th May 1915, according sanction to the introduction of a Time-Scale of pay and promotion for Engineer officers of the Public Works Department.

(2) Government Order No. 1181-87—P W 5775-81, dated the 16th June 1916 paragraph 5 directing that the rules for regulating the grant of increments to Engineer officers under the Time-Scale be expedited

(3) Note No D. 288, dated the 7th July 1916 by the Secretary to Government, Public Works Department, submitting draft rules framed for the purpose.

Order No. 2368-73—P. W. 11604-9, dated 18th November 1916.

It has been observed in paragraph 5 of Government Order dated the 16th June 1916, that "the annual increments under the Time-Scale will not be granted as a matter of course but only for approved service."

2. Government have accordingly been pleased to introduce the following rules for regulating the grant of annual increments to Engineer officers under the Time-Scale :—

(1) The eligibility of an officer for annual increment shall primarily depend on whether clear credit is given, in both the half-yearly confidential reports of the year, to his work and conduct by the two reporting officers above him; and no increment will be admissible unless the opinion so recorded is distinctly favourable.

(2) In each half-yearly confidential report, it shall be recorded in unequivocal language whether the work of the officer reported on has been such as to entitle him to the increment.

(3) If an increment is stopped on account of the existence at the time of faults of temperament or judgment and of reports of bad work or mismanagement or misbehaviour, the stoppage may not necessarily stamp the officer as permanently debarred from promotion. If a material improvement is observed subsequently, *i. e.*, before the time for class to class promotion arrives, he may be restored to his old position.

RAILWAY DEPARTMENT.

Read—

Government Order No. Fl 2760-809—G. F. 214-10-88, dated 23rd December 1913, laying down rules for the purchase of stores on behalf of Government.

2. Correspondence ending with Note No. 3376, dated 5th June 1916, from the Secretary for Railways, requesting sanction to exempt the Railway Department from the operations of Rule 9 of the Government Order read above.

Order No. 1564-1567—Ry. F. 37G.-16-17, dated 23rd November 1916.

The Railway Secretary represents—

(a) that in the Railway Department it is not possible to fully foresee requirements far ahead to admit of tenders being called for *three months before the articles are actually required* as laid down in paragraph 9 of the Government Order, and

(b) that the "Tender System" entails considerable delay and inconvenience detrimental to works on Railway construction, where most of the items are urgent and have to be carried out as expeditiously as possible.

On this account, very frequently supplies have to be arranged for at short notice by calling for quotations from Firms approved by Government. He therefore requests sanction to the exemption of the Railway Department from the operation of Rule 9 of the Government Order in cases where it is not possible to foresee requirements far in advance, leaving the question of calling for public tenders to the discretion of the Engineer-in-Chief (now Agent). He, however, adds that the procedure laid down in Government Order will be followed in the purchase of articles coming under bridgework, workshop machinery and heavy tools, rolling stock, ballast and permanent way as well as the annual supply of Stores for the Open Line.

2. Government agree with the Railway Secretary and are pleased to direct that—

(i) the rules relating to calling for tenders should be observed in regard to the annual supply of Stores and also the purchase of articles falling under the heads mentioned by the Railway Secretary;

(ii) in other cases, the Engineer-in-Chief (now Agent) may at his discretion, obtain articles in the most rapid and economical manner according to exigencies, provided the cost involved does not exceed Rs. 25,000 in the case of local articles and Rs. 10,000 in those of foreign manufacture; and

(iii) all tenders exceeding the limits prescribed should be submitted for the sanction of Government.

No. 1612-1616—Rr. F. 48-O. L.-16-17, dated 25th November 1916.

Schedule of Powers to be exercised by the Superintending Engineers, Mysore State Railways.

No.	Heads	Details of powers
1	General control ...	May exercise general control over the operations of the works in his charge.
2	Establishment ...	The whole construction and survey establishments are temporary, but those relating to open lines will be treated as permanent but non-pensionable. Appointments, dismissals, promotions and reductions of the construction and open line staff and of his office whose pay or maximum pay is below Rs. 25 may be made up to the limit of the sanctioned scale subject to general or special orders in force. In regard to the permanent hands of the Public Works Department and Accounts staff drafted to the Railway Department the concurrence of the Chief Engineer, Public Works Department or the Comptroller, Public Works and Railway Accounts, as the case may be, is necessary. (*a*) *Transfers.*—Can transfer and post officers of and below the status of Assistant Engineers not in independent charge of Sub-Divisions and members of the subordinate establishment except those of the Accounts Department working in Divisions. (*b*) *Leave.*—Can grant leave under the rules in force to all members of the staff except Gazetted officers and the members of the Accounts Department working in Divisions. (*c*) May sanction temporary arrangements when officials go on leave without extra cost to Government. Such arrangements in the Accounts staff require the approval of the Comptroller. (*d*) *Contingencies.*—May sanction purchases of such of the articles of stationery, as the Government Depot cannot supply within a limit of Rs. 5 in the case of Europe made articles and Rs. 10 in the case of country made articles. (*e*) *Fixing headquarters.*—May fix headquarters of officers and subordinates of and below the rank of Sub-Division Officers and intimate the fact to the Agent.
3	Works ...	1. Cannot sanction any expenditure without Agent's sanction. (*a*) Can sanction detailed estimates up to Rs. 2,500 within the amount provided for each individual work in the sanctioned estimate. 2. Can accept tenders and arrange for execution of sanctioned works, within a limit of Rs. 5,000 for each work, either by contract, petty contract or task work, and can execute contract deeds for such works on behalf of Government.
4	Tools and Plant ..	Can purchase as per rules tools and plant in India up to a limit of Rs. 500 in each case within the budget provision. A statement of such purchases should be sent to the Agent for formal confirmation. Purchase of Typewriters requires Government sanction. Also, no single article of furniture can be purchased without proper sanction if it costs more than Rs. 10 in the case of articles made in India and more than Rs. 5 in other cases.
5	Suspense Accounts...	1. *Purchase of stores.*—May sanction purchases and manufacture and repairs to the extent of Rs. 500 in each case. But this power is to be exercised in emergent cases when the supply cannot be got through the Stores Department.

No. 1612-1616—Ry. F. 48-O. L.-16-17, dated 25th November 1916.

Schedule of Powers, etc.—*concld.*

No.	Heads	Details of powers
	Suspense Accounts—*concld.*	2. *Loss of stores.*—May sanction losses under Tools and Plant within a limit of Rs. 200 in each case. 3. *Sale of stores.*—May issue orders for the disposal of all unserviceable or surplus stores. 4. *Advances.*—(*a*) May grant advances of salary and travelling allowances up to the limit specified in paras 836 to 838, Railway Construction Code and report the same to the Agent. (*b*) Can grant advance to contractors or labour in special cases within a limit of Rs. 100 taking precautions against loss and report the same to the Agent.
6	Imprests ...	Can sanction imprests within the following limits :— (1) Rs. 500 to Gazetted officers. (2) Rs. 200 to other subordinates of permanent establishment on their furnishing security as per rules.
7	General	Generally the work has to be carried on in the spirit of the Regulations in force on the Railway establishment of the Government of India and the Mysore Service Regulations. In all cases of doubt, difficulty or delicacy, the special orders of the Agent should be obtained.

PART II.

REVENUE

SECTION 1—LAND REVENUE

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR NOVEMBER 1916.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	R 3942-3—L R 423-15-11	1	Rev. Comr. and Comptr.,	Approves of the appointment of Mr. R. Venkatasubbiah, head accountant of the Tumkur District Office, as acting Head Clerk of the same office as a temporary measure and of the continuance of Mr. R. Aravamuthu Iyengar as acting Head Clerk at Kolar.
2	R 3966-8—L R 423-15-10	1	Rev. Comr., Comptr. and Dy. Comr., Tumkur	Sanctions the posting of Mr. B. Ramanatha Rao, acting Head Clerk, to Tumkur instead of to Kolar.
3	R 3969-70—L R 584-15-9	1	Rev. Comr. and Comptr.	Accords sanction, as a temporary measure, to the revision of the scale of pay, etc., of officials in the Revenue Commissioner's office.
4	R 4040-2—L R 12-16-40	3	Rev. Comr., Comptr. and Dy. Comr., Kolar Dt.	Directs that the services of C Seshagiri Rao, retired record-keeper, re entertained as a temporary clerk in the Kolar District Office in connection with the Village Improvement Scheme Work, be terminated as early as possible and a suitable recruit entertained instead, as the further retention of the retired official contravenes the provisions of Article 364 of the Mysore Service Regulations.
5	R 4044—L R 12-16-41 ...	3	Comptr. to Govt. ...	Informs him that for reasons given, the extra cost on account of the full-time clerk sanctioned in Government Order No. R. 2806-8—L. R. 12-16-21, dated 22nd September 1916, for the Harihar Sub-Taluk, should be debited in equal proportions to both the Village Improvement and Economic Conference budgets as directed in the Government Order referred to.
6	R 4045—L R 12-16-41 ...	3	Rev. Commissioner ...	Forwards copy of the above for information.
7	R 4046-7—L R 22-16-58	3	Rev. Comr. and Comptr.	In the matter of the travelling allowance bill for Rs. 3-9-6, of the Village Improvement clerk of the Heggaddevankote Taluk for June 1916, sanctions the grant of daily allowance for the halt exceeding ten days made by the official at Karapur on duty and forwards the bill to the Comptroller for audit.
8	R 4073-5—L R 25-16-11	3	Rev. Comr., Ch. Engr., and Dy. Comr., Mysore Dt.	Directs in modification of paragraph 4 of Government Order No. R. 2238-40—L. R. 357-11-3, dated 22nd October 1913, that all lands likely to be commanded by the High Level Channel of the Cauvery Reservoir be reserved and disposed of for permanent cultivation under the Darkhast Rules after the second stage is completed, and observes that there is no objection to such lands being meanwhile given out for temporary cultivation on eksal tenure in accordance

	Number	Date	To whom sent	
				with the instructions laid down in paragraph 3 of the Government Order referred to above.
9	R 4077—L R 449-13-12	3	Rev Commissioner ...	Records correspondence ending with letter No. A. C. 64, dated 3rd July 1916, from the Revenue Commissioner in Mysore, reporting on the complaint of the raiyats of Vadigenahalli, Srinivaspur Taluk, about the delay in the restoration of their village tank, and observes that the Deputy Commissioner may exercise his discretion as regards the prayer of the raiyats for the grant of an advance of their share of the cost of restoration repayable in four annual instalments.
10	R 4089-90—L R 2-15-288	3	Rev. Comr., Supt., Rev. Survey and Settlements	In cancellation of Government Order No. R. 4025-6—L. R. 547-13-5, dated 2nd December 1914, directs the continuance of the Chowthayi concession to shanbhog Srinivasa Rao of Davanahalli in the Malur Taluk, in respect of his tank so long as he maintains it in an efficient condition, and sanctions the remission of the arrears of assessment due from him.
11	R 3830-40—L R 630-13-8	4	Comptr. to Govt. thro' Br II, Rev. Comr., Chief Engr., Dy. Comrs. of Dts.	Regarding the disposal of the closing balance of Rs. 3,23,944-3-9, of the Irrigation Cess Fund on 30th June 1915, observes that each district must start with a credit balance in respect of the ordinary fund so as to avoid the necessity of allowing supplementary grants from the General Fund under clause (2) of paragraph 1 of Government Order R. 2157-68—L. R. 630.13-4, dated 12th September 1914, and directs that 25 per cent of the closing balance be credited to the General Fund and the balance distributed among the districts to form the nucleus of their respective ordinary funds in the proportion of their average receipt for the past three years.

Serial No.	Proceedings			Subject and Order

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR NOVEMBER 1916.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	J 1741-2—Pris 14-16-4	16	The I.-G. of Prisons in Mysore and the Comptr., Mysore Govt.	Sanctions the retirement, with effect from the 1st January 1917, of B. Munisamy, III grade Head Warder on the establishment of the Bangalore Central Jail.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
2	J 1785-6—Pris 28-16-2 ...	18	The I.-G. of Prisons in Mysore and the Comptr., Mysore Govt.	Sanctions the grant of privilege leave for one month with effect from the 7th instant to Mr. L. Narasimhiah, Deputy Jailor of the Bangalore Central Jail and directs S. V. Shama Rao, acting Chief Warder of the same Jail to act as Deputy Jailor in addition to his own duties during the absence of Mr. L. Narasimhiah on leave.
3	J 1813—Pris 31-16-2 ...	22	The Dt. Magte., Tumkur District.	Observes that the proper authority to pass the 'reception order' under the Mysore Lunacy Regulation in respect of the lunatics of the Civil and Military Station, Bangalore, is the District Magistrate, Civil and Military Station who can send lunatics found within his jurisdiction to the Lunatic Asylum, Bangalore and that the proposal to include the Magistrates of the Civil and Military Station among those who could exercise juirisdiction under the Mysore Lunacy Regulation cannot be accepted by Government, as the Regulation has no force in that area.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
4	J 1885-6—Pris. 20-16-4 ...	27	The I.-G. of Prisons in Mysore and the Comptr., Mysore Govt.	In modification of Government Order No. J. 1148-9—Pris. 20-16-2, dated 18th September 1916, sanctions, as a special case, the appointment of one M. M. Ponnappa, as Chief Warder of the Mysore Jail, on a salary of Rs. 35 a month, the excess of Rs. 10 over the sanctioned pay of the post being treated as personal allowance.
5	J 1925—Pris. 63-15-4 ...	29	The I.-G. of Pris. in Mysore.	Declines to accept the Inspector-General's proposal to transfer Mr. L. Narasimhiah to any other department as he is unfit to be Deputy Jailor, Bangalore Central Jail, and states that the only alternative, in case he is unfit to be Deputy Jailor, is to revert him to his permanent post.

	Number	Date	To whom sent	
1	J 1617 —Police 67-16-5 ...	4	The Compiler, *Mysore Gazette.*	Notifies the extension, by fifteen days, of the privilege leave of absence granted to Mr. S. M. Pritchard, Superintendent of Police, Kolar Gold Fields, in Notification No. J. 1444—Police 67-16-3, dated the 28th October 1916, the arrangement already made for the conduct of his work being continued during the above period.
2	J 1618 ...	4	The I.-G. of Police in Mysore.	Forwards a copy of the above.
3	J 1638-47—Police 197-15-4	6	The Dy. Comrs. of Dts., the I.-G. of Police in Mysore and the Registr., Chief Court.	Passes orders in the matter of fixing a time limit for the submission of A, B, and C reports by the Police.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
4	J 1713—Police 54-16-2 ...	14	The Revenue Commissioner in Mysore.	With reference to his letter No. 109—General, dated 21st September 1916, forwarding the application of Mr. G. Venkata Rao, praying for the reconsideration of the order reverting him as Deputy Amildar, states that Government do not see any reason to reconsider the order already passed in the matter and requests that Mr. Venkata Rao may be informed accordingly.
5	J 1722-4—Police 51-16-2	14	The I.-G. of Police in Mysore and the Comptroller to Govt. (thro' Finl. Branch.) and the President, Dt. Board, Kolar.	Sanctions, temporarily, the entertainment of a police staff consisting of one Head Constable and nine Constables at a cost of Rs. 127-2-5½ per mensem for the Chintamani-Chikballapur section of the Kolar District Board Railway, 7-10ths of the charge being met by the District Board, Kolar, as usual.
6	Pol 467—Police 49-16-4...	14	The First Assistant to the Hon'ble the Resident in Mysore.	Regarding the arrest of deserter Kothan, states that it is reported that neither the deserter nor the woman (Usher) who is said to know his whereabouts has been traced on the Kolar Gold Fields, in spite of minute enquiries.
7	J 1740—Police 14-16-9 ...	16	The I.-G. of Police in Mysore.	Sanctions the acceptance, by Jamadar B. K. Rama Rao of the Bangalore Taluk, of a reward of Rs. 100 offered by the Superintendent of Police, Dharwar District, for the Jamadar's services in arresting Venkatesagopal Vaze, a proclaimed offender, concerned in a case of Mail dacoity and notes, with satisfaction, the good work done by Jamadar Rama Rao.
